

OLDER ADULT  
RURAL SERVICES  
**BRIGHTER DAYS AHEAD**

## ABOUT OARS

OARS is a program of the Community Resource Centers of Texas, Inc. This free program provides support, information, and referrals to people aged 55 & up.

## HOW WE HELP

We connect clients to financial assistance, transportation, food resources, housing, healthcare, and solutions to complicated problems.

Heart of the program:

- providing financial assistance for immediate needs
- acting as a bridge to case management for complex needs
- supporting aging in place
- helping with benefits enrollment
- identifying home care and home health options

We work with older adult clients to find answers to the challenges they face at this time of life. Our partnerships with providers can prevent situations from worsening. Our goal is to restore clients to a place of safety and well-being.

**There is *never* a charge for our services.**
