FUND STRUCTURE AND HISTORY

FUND BALANCE CLASSIFICATION

The governmental funds can classify fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used are as follows:

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed: This classification includes amounts that can be used for specific purposes pursuant to constraints imposed by court resolution of the Commissioners Court, the County's highest level of decision-making authority. These amounts cannot be used for any other purpose unless the Court removes or changes the specified use by means of a majority vote of Commissioners Court during an open meeting. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned: This classification includes amounts that are constrained by the County's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Commissioners Court.

Unassigned: This classification includes the residual fund balance for the General Fund.

GOVERNMENTAL FUNDS

The following depicts the County's current major and nonmajor governmental funds.

GENERAL FUND

The General Fund is the general operating fund of the County and is always classified as a major fund. The General Fund is used to account for all financial resources except those required to be accounted for in another fund. Major revenue sources include ad valorem taxes, sales and use taxes, charges for services, intergovernmental revenues, and investment interest income. Primary expenditures are for general administration, judicial, public safety, social services, capital acquisition, and debt service.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Debt Service Funds are required only when they are legally mandated and/or if resources are being accumulated for general long-term debt principal and interest payments maturing in future years. The principal source of revenue for the Debt Service Fund is ad valorem taxes.

PERMANENT IMPROVEMENT FUND

The Permanent Improvement Fund is a constitutional fund that accounts for the acquisition of and improvements to land and buildings on a continuing basis. The primary financing source for this fund is a transfer from the General Fund.
