## Training Schedule

One would think that the process of voting is straight forward, the voter goes to the polling location, receives a ballot, marks it, and it is counted. This is basically true, however the background to make that happen is complex and to maintain the integrity of the election process, Poll Workers must be current on laws, processes, and paperwork to assure the election goes smoothly.

The Texas Secretary of State requires that all Poll Workers complete their online training program each year. The link for this training is: [Texas Election Training Portal](#). Please log in and complete the training. When completed, please forward your certificate of training to the Bowie County Election office.

Bowie County requires three hours of in-person training for all workers. Yes, you may have attended our training before, but each election is different, workers forget processes, paperwork changes. So, it is important to sign up for one of the sessions and get retrained or newly trained on our process.

In-person training covers not only paperwork and processes, but also equipment use and procedures.

In person training dates for the November 5, 2024, election are:

Saturday, October 5, 2024

Judges, 8:30 am – 11:30 noon  
Clerks, 1:00 pm – 04:00 pm
