DISCLAIMER

This is not the normal format for Early Voting Turnout by Date

Dealing with our State Elections Division is trying at best. And dealing with the "New" Texas Election Management System (TEAMS) makes you use bad language on a daily basis.

The process for Voting History (who has voted) is, after the polls close each day, we upload the history to the state system, that information is then converted into a state approved format that can be downloaded the next morning and is distributed to all interested parties. Needless to say, that process is not working.

The best we can do at this time is provide a daily list we call "Check Ins", sort that list by precincts and supply it with a Precinct Split Chart so that a semi-accurate idea of who has voted in each local election.

Thanks,
Pat McCoy
Election Administrator
