## Additional Instructions

- Type of Sale: Place one of the following codes by each sale reported:
  - VM vessel and outboard motor inventory the sale of watercraft used or capable of being used for transportation on water that is not more than 65 feet in length (vessels) and the sale of self-contained internal combustion propulsion systems which are used to propel vessels and which are detachable as a unit from the vessel (outboard motors). The term "vessel" also includes a vehicle that is designed to carry watercraft and is either a "trailer" or "semitrailer" as defined by Transportation Code Section 501.002(23) and (29). The term "vessel" does not include watercraft of more than 65 feet in length; or a seaplane on water; or canoes, kayaks, punts, rowboats, rubber rafts, or other vessels under 14 feet in length when paddled, poled, oared, or windblown. This category does not include a fleet transaction, dealer sale, or subsequent sale, each of which is defined below. Only this type of sale has a unit property tax (see below). [See, Tax Code Sections 23.124(a)(8), (14), (15); and Parks and Wildlife Code, Section 31.003.]
  - **FL fleet transaction** the sale of five or more vessels or outboard motors from a dealer's vessel and outboard motor inventory to the same business entity within one calendar year. [Tax Code Section 23.124(a)(7).]
  - **DL dealer sale** the sale from a dealer's vessel and outboard motor inventory to another dealer, that is, a person who holds a dealer's and manufacturer's number issued by the Parks and Wildlife Department under the authority of Parks and Wildlife Code Section 31.041, or is authorized by law or interstate reciprocity agreement to purchase vessels or outboard motors in

- Texas without paying the sales tax. The term does not include the manufacturer of vessels or outboard motors. [See, Tax Code Section 23.124(a)(3).]
- SS subsequent sale a dealer-financed sale of a vessel or outboard motor that, at the time of the sale, has been the subject of a dealer-financed sale from the same dealer's vessel and outboard motor inventory in the same calendar year. [Tax Code Section 23.124(a)(12).]
- Sales Price: The price as set forth on the "Application for Texas Certificate of Number/Title, for Boat/Seller, Donor or Trader's Affidavit" for a vessel, the "Application for Texas Certificate of Title for an Outboard Motor/Seller, Donor or Trader's Affidavit" for an outboard motor, or the "Application for Texas Certificate of Title" for a trailer treated as a vessel, or the price that would appear if those forms were used.
- Unit Property Tax: To compute, multiply the sales price by the unit property tax factor. For fleet, dealer and subsequent sales that are not included in the vessel and outboard motor inventory, the unit property tax is \$-0-. Contact either the county tax assessor-collector or county appraisal district for the current unit property tax factor. The unit property tax factor is calculated by dividing the prior year aggregate tax rate by 12. If the aggregate tax rate is expressed in dollars per \$100 of valuation, divide by \$100 and then divide by 12. It represents one-twelfth of the preceding year's aggregate tax rate at the location. If no unit property tax is assigned, state the reason.
- Total Unit Property Tax for This Month: Enter the total amount of unit property tax. This is the total amount of unit property tax that will be submitted with the statement to the collector.
