

Curbside Voting

Voters who are physically unable to enter polling place may vote curbside.

Early Voting

During Early Voting at the Fayette County Courthouse, designated parking spots with a “doorbell” ringer will be available to voters who need to vote using curbside assistance. Just press the call button, and someone will be out promptly. Voters can also call the Elections Office at 979-968-6563 for curbside assistance to vote.

Election Day

On Election Day, each polling location will offer curbside voting as well. Many of these locations do not have telephones, so a voter may need to send someone inside to inform the Election Judge that a voter who is physically unable to enter the building needs curbside assistance to vote. Voters can also call the Elections Office at 979-968-6563 and they will contact the polling location to let them know a voter is outside of the polling place and need curbside assistance to vote.
