

Prospective Applicants of RFP 19-03 and RFP 19-04:

ADDENDUM 2

Please allow this letter to be an addendum and serve as official correspondence in addressing questions raised in the pre-proposal meetings held Wednesday, July 24, 2019 and/or via email from various prospective applicants.

Tipping Fees:

The Contingency Disaster or Storm Debris Clearing, Removal, Disposal Services and Staging and Reduction Sites for Jackson County Request for Proposal 19-03 *currently* states in several places that “The DRC shall be responsible for all tipping and disposal fees.” The amended RFP 19-03 will have all tipping and disposal fees be a cost passed-through to the agency at actual cost without additional fees. The following paragraph is **added** to RFP 19-03:

Payment for disposal costs such as tipping fees incurred by the Debris Removal Contractor (DRC) at a County approved Final Disposal Site that meets local, state and federal regulations for disposal will be reimbursed by the County as a pass-through cost. Prior to reimbursement by the County, the DRC must furnish an invoice in hard copy and/or electronic format with matching scale/weight ticket numbers with load ticket or haul out ticket numbers and other applicable information. The DRC will also be required to provide proof of Contractor payment to the County approved Final Disposal Site.

Bond Requirements:

Currently both RFP 19-03 Debris Management, Removal and Disposal Service and RFP 19-04 Debris Recovery Monitoring Management Services state “The Bonds must be submitted within thirty (30) calendar days of Award of Contract and on forms included in the Contract Documents.” Both RFPs are **changed** to read: “The Bonds must be submitted within **forty-eight (48) hours of activation** of the contract and **prior** to any work commencing.”

The following sentences are also **added** to the Bond Section of both RFPs (RFP-03 & RFP-04): **A letter from a Surety Company must be remitted with the each proposal verifying that the Proposer is currently bondable. Each year upon renewal an updated letter is required to be provided to the Auditor’s Office.**

County’s Pricing Schedule (Form 47-6):

The County’s Pricing Schedule (Form 47-6) of RFP 19-04 Debris Recovery Monitoring Management Services currently includes a column for estimated project hours. Since this is a pre-event contract, the County concedes that approximate hours are impossible to determine at this time; therefore, the County hereby **removes** the Estimated Project Hours column from Form 47-6.

Please respond to this email and print and return this ADDENDUM 2 with the RFP submittal.

Respectfully,

Michelle Darilek
