

Ambulance Service Submitted Questions with Rusk County Answers

1. Provide the number of calls for service/number of transports in the area (include a data dictionary or key to interpret any codes used (e.g., for Unit ID or Priority Level):
 - a. Time of day and day of the week of the call
 - b. Level of Service (e.g., ALS, BLS, behavioral health unit, fire personnel, etc.)
 - c. Responding Unit ID, with details on what each unit represents (e.g., BLS ambulance, Fire apparatus, contractor unit, etc.)
 - d. Call priority level
 - e. Address or latitude/longitude of the pick-up location
 - f. Timestamp for when the unit was assigned
 - g. Timestamp for when the unit was en route
 - h. Timestamp for when the unit arrived on scene
 - i. Timestamp for when the unit began transporting the patient
 - j. Timestamp for when the unit arrived at the destination
 - k. Timestamp for when the unit was cancelled (if applicable)
 - l. Address or latitude/longitude of the drop-off location
 - m. Timestamp for when the unit was cleared and made available for a subsequent call

(If possible, please provide this information in an electronic, machine-readable format, such as a CSV or Excel spreadsheet)

ANSWER: PDF of 2024 & 2025 calls is attached (CSV/excel format not available).

2. Section 12, Paragraph 1 on Page 5, which mentions that the plan shall include a minimum of two MICU ambulances and as many additional MICU ambulances as the provider deems necessary to maintain a 90% or higher monthly response time:
 - b. the two units referenced for this area – are they dedicated solely to this area, or can they run other areas within the county that are contracted for other cities in the county, apart from mutual aid?

ANSWER: The two units referenced for this area are allowed to back fill other areas but cannot be used as a primary response unit to other areas.

3. Where will the MICU helicopters be based at that are responding to your location in Rusk County?

ANSWER: Rusk County currently does not house any MICU helicopter locations, respondent is responsible for arranging MICU helicopter service and location base and provide the details in their bid.

4. Re: Page 9; #19. Commitment to 1st Responder Support and Quality Care-

Texas State EMS regulations require formal affiliation between every 1st response organization and a licensed EMS provider. Respondent must coordinate and support the development of a formalized 1st response Network. Respondent shall also provide in service training programs, emergency care attendant, and CPR classes for 1st resp orders.

Respondent shall provide 1st Responders with automated external defibrillation certification, integrated quality improvement program, on-scene medical supply exchange program, and assistance with fund-raising.

Is there a preferred brand of AED currently being use and how many would be needed to facilitate continuity of care?

ANSWER: LifePak 1000 AEDs are currently in use. 13 units would be needed to facilitate continuity of care.

5. Re: Page 5; #12 Scope of Work

- a. Respondent shall detail a plan to provide emergency medical transportation services to and or from medical facilities, according to Texas Department of Health Standards of Care. Respondent shall detail the number of Mobile Intensive Care Unit Ambulances to be assigned to service the area of Rusk County as well as MICU helicopters, and the number of emergency services personnel that will staff each. The plan shall also include a list of locations that will be proposed to house/stage ambulances and staff required by this invitation. Plan shall include a minimum of 2 MICU ambulances and as many additional MICU ambulances as the

provider deems necessary to maintain a 90% or higher monthly response time.

b. Respondent shall provide, without fee or charge of any kind, service and/or transportation of County employees to medical facilities when they are injured while they are on the job with the County.

Is the service allowed to bill the work comp insurance or other insurance with no fee to the employee? What if it isn't work related?

ANSWER: The respondent is allowed to bill Worker's Comp Insurance if it is work related. Service/transportation that is NOT work related would be the responsibility of the employee. *Clarification- Volunteer firefighters that may be injured while on duty shall be treated as the same as Rusk County employees.

6. Re: Page 5; #12 Scope of Work

c. Respondent shall dispatch at least one (1) ambulance to each major emergency and/or fire, as determined by the County and if requested by the County, and stand by in case of need. Successful proposer shall provide, at no cost to the County, stand by ambulance service for any County sponsored activity/event.

Can you clarify: How often are there "major emergency" and if an emergency request comes it does it have priority over a standby? Would the ambulance be considered dedicated to this event or allowed to respond to other calls if they are the nearest unit?

ANSWER: See emergency response call report attached. If on standby at an emergency, a unit may prioritize life threatening emergency calls nearby and back fill the standby emergency call with other units in the area.
