## ***INDEPENDENT AUDITORS' REPORT***

To the Honorable County Judge and  
Members of the Commissioners' Court of  
Tyler County, Texas:

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tyler County, Texas (the "County"), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County as of December 31, 2020, and the respective changes in financial position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, schedule of changes in net pension liability and total other postemployment benefits liability and related ratios, and schedule of contributions, identified as Required Supplementary Information on the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section and combining statements and schedules are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 3, 2021 on our consideration of the County’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County’s internal control over financial reporting and compliance.

***MANAGEMENT'S DISCUSSION AND ANALYSIS***

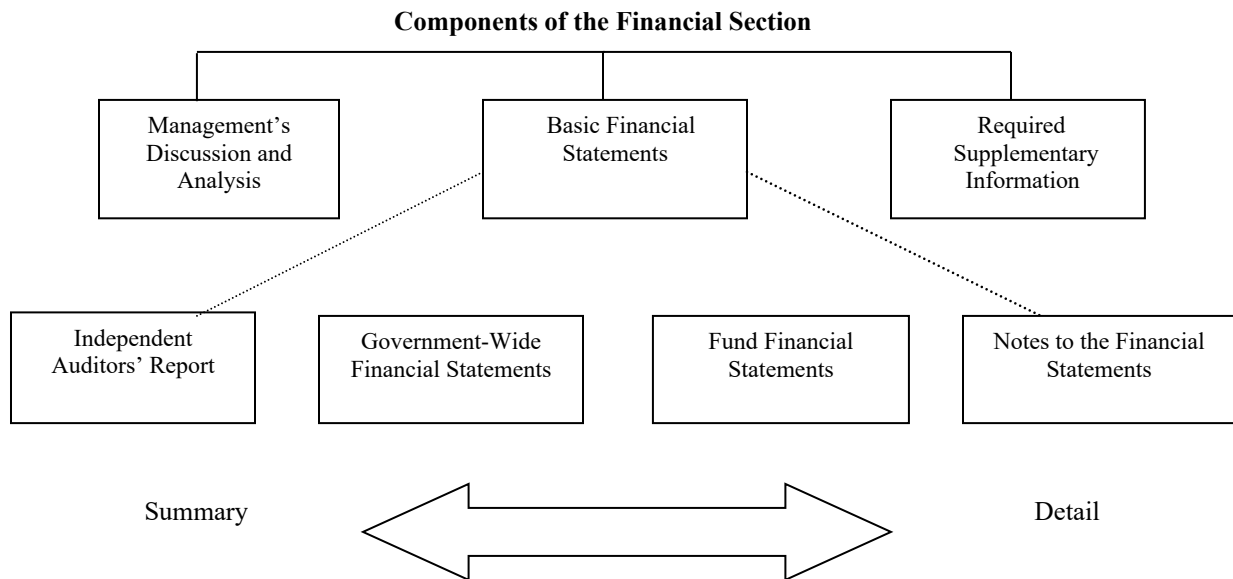

(This page intentionally left blank.)

**TYLER COUNTY, TEXAS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**For the Year Ended December 31, 2020**

The purpose of the Management's Discussion and Analysis (MD&A) is to give the readers an objective and easily readable analysis of the financial activities of Tyler County, Texas (the "County") for the year ending December 31, 2020. The analysis is based on currently known facts, decisions, or economic conditions. It presents short and long-term analysis of the County's activities, compares current year results with those of the prior year, and discusses the positive and negative aspects of that comparison. Please read the MD&A at the front of this report and the County's financial statements, which follow this section.

**THE STRUCTURE OF OUR ANNUAL REPORT**

The County's basic financial statements include (1) government-wide financial statements, (2) individual fund financial statements, and (3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

**Government-Wide Statements**

The government-wide statements report information for the County as a whole. These statements include transactions and balances relating to all assets, including infrastructure capital assets. These statements are designed to provide information about cost of services, operating results, and financial position of the County as an economic entity. The Statement of Net Position and the Statement of Activities, which appear first in the County's financial statements, report information on the County's activities that enable the reader to understand the financial condition of the County. These statements are prepared using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account even if cash has not yet changed hands.

The Statement of Net Position presents information on all of the County's assets, liabilities, and deferred outflows/inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. Other nonfinancial factors, such as the County's property tax base and the condition of the County's infrastructure, need to be considered in order to assess the overall health of the County.

**TYLER COUNTY, TEXAS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For the Year Ended December 31, 2020**

The Statement of Activities presents information showing how the County's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows – the accrual method rather than modified accrual that is used in the fund level statements.

The Statement of Net Position and the Statement of Activities are reported as one class of activity:

1. *Governmental Activities* – The County's basic services are reported here including general government, administration of justice, road and bridges, public safety, health and human services, community enrichment, and tax administration. Interest payments on the County's debt are also reported here. Property tax, sales tax, court fines, and other fees finance most of these activities.

The government-wide financial statements can be found after the MD&A.

### **FUND FINANCIAL STATEMENTS**

Funds may be considered as operating companies of the parent corporation, which is the County. They are usually segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal reporting requirements. The two categories of County funds are governmental and fiduciary.

#### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 32 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general, road and bridge, and emergency disaster relief funds, which are considered to be major funds for reporting purposes.

The County adopts an annual appropriated budget for its general, road and bridge, and select special revenue funds. Budgetary comparison schedules have been provided for the general, road and bridge, and select special revenue funds to demonstrate compliance with their budgets.

#### **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The County maintains 4 fiduciary funds. The County's fiduciary activities are reported separately in a statement of fiduciary net position and statement of changes in fiduciary net position.

**TYLER COUNTY, TEXAS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For the Year Ended December 31, 2020**

**Notes to Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes are the last section of the basic financial statements.

**Other Information**

In addition to basic financial statements, this MD&A, and accompanying notes, this report also presents certain Required Supplementary Information (RSI). The RSI includes budgetary comparison schedules for the general, road and bridge, and emergency disaster relief funds, as well as schedules of changes in net pension and total other postemployment benefits (OPEB) liability and related ratios and a schedule of contributions for the Texas County and District Retirement System. RSI can be found after the notes to the basic financial statements.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve, over time, as a useful indicator of the County's financial position. Assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by \$28,890,427 as of December 31, 2020. This compares with \$29,231,889 from the prior fiscal year. A portion of the County's net position, 40 percent, reflects its investments in capital assets (e.g., land, construction in progress, building, equipment, and infrastructure) less any debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the assets themselves cannot be used to liquidate these liabilities.

**TYLER COUNTY, TEXAS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
For the Year Ended December 31, 2020

**Statement of Net Position**

The following table reflects the condensed Statement of Net Position:

	<b>Governmental Activities</b>	
	<b>2020</b>	<b>2019</b>
Current and other assets	\$ 28,772,280	\$ 28,007,408
Noncurrent assets	15,415,911	14,261,616
<b>Total Assets</b>	<b>44,188,191</b>	<b>42,269,024</b>
Deferred outflows - pensions	594,373	1,996,199
Deferred outflows - OPEB	126,187	32,294
<b>Total Deferred Outflows of Resources</b>	<b>720,560</b>	<b>2,028,493</b>
Long-term liabilities	3,695,436	3,326,976
Other liabilities	956,064	735,049
<b>Total Liabilities</b>	<b>4,651,500</b>	<b>4,062,025</b>
Deferred inflows - property taxes	10,433,938	10,592,550
Deferred inflows - pensions	733,447	313,279
Deferred inflows - OPEB	199,439	97,774
<b>Total Deferred Inflows of Resources</b>	<b>11,366,824</b>	<b>11,003,603</b>
<b>Net Position:</b>		
Net investment in capital assets	11,729,626	12,590,726
Restricted	8,045,981	9,684,197
Unrestricted	9,114,820	6,956,966
<b>Total Net Position</b>	<b>\$ 28,890,427</b>	<b>\$ 29,231,889</b>

A portion of the County's net position, \$8,045,981 or 28 percent, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position, \$9,114,820 or 32 percent, may be used to meet the County's ongoing obligation to citizens and creditors.

Total assets increased by \$1,919,167, which is primarily related to the increase in the net pension asset of \$1,786,133. Due from other governments increased as well by approximately \$985,000, this is related to operating grants that were received after the fiscal year. There was also an increase in cash position of \$764,872 which can be attributed to an increase in revenues related to property taxes and operating grants.

Total liabilities had an increase of \$589,475 which is related to the new capital leases that were incurred during the fiscal year. Current liabilities increased from accounts payable related to capital projects.

Additionally, deferred inflows increased, while deferred outflows decreased. These changes can be related to investment earnings on pension plan assets.

The County's total net position decreased by \$341,462 during the current fiscal year. Although the County experienced an increase in revenue, the decrease is primarily a result of an increase in expenses.

**TYLER COUNTY, TEXAS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
For the Year Ended December 31, 2020

**Statement of Activities**

The following table provides a summary of the County's changes in net position:

	<u>Governmental Activities</u>	
	<u>2020</u>	<u>2019</u>
<b>Revenues</b>		
Program revenues:		
Charges for services	\$ 1,480,682	\$ 1,657,237
Operating grants and contributions	1,712,253	379,990
General revenues:		
Taxes	11,338,288	11,071,848
Investment income	131,827	241,063
Other revenues	430,413	693,420
<b>Total Revenues</b>	<u>15,093,463</u>	<u>14,043,558</u>
<b>Expenses</b>		
General government	5,805,034	5,530,301
Administration of justice	983,689	914,628
Roads and bridges	4,602,856	4,423,961
Public safety	2,495,340	2,867,795
Health and human services	509,584	475,179
Community enrichment	679,939	153,481
Tax administration	295,293	306,187
Interest on long-term debt	63,190	44,822
<b>Total Expenses</b>	<u>15,434,925</u>	<u>14,716,354</u>
<b>Change in Net Position</b>	(341,462)	(672,796)
Beginning net position	<u>29,231,889</u>	<u>29,904,685</u>
<b>Ending Net Position</b>	<u>\$ 28,890,427</u>	<u>\$ 29,231,889</u>

Overall, governmental activities revenue increased \$1,049,905 as the County experienced an increase in operating grants of \$1,332,263. This increase was primarily the result of the Coronavirus Aid, Relief, and Economic Security Act funding in the amount of \$879,010. Taxes increased by \$266,440, this increase is related to increase in property tax values in the County and increased sales tax revenue for the year. Charges for services had a decrease of \$176,555, as well as investment revenue, which had a decrease of \$109,236. This decrease can be associated with the decline in the interest rate on the Texas CLASS investment. Total expenses increased from the prior year by \$718,571, which is primarily associated with the courthouse restoration project.

**TYLER COUNTY, TEXAS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For the Year Ended December 31, 2020**

**FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS**

As noted earlier, fund accounting is used to demonstrate and ensure compliance with finance-related legal requirements.

**Governmental Funds** – The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

The County's governmental funds reflect a combined fund balance of \$14,866,616. Of this, \$3,760,217 is unassigned and available for day-to-day operations of the County, \$161,121 is nonspendable, \$2,899,297 is assigned for various purposes, \$1,822,078 is restricted for road and bridge projects, and \$6,223,903 is restricted within the County's special revenue funds.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the general fund was \$3,760,217. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 40 percent of total general fund expenditures, while total fund balance represents 72 percent of total fund expenditures.

There was a net increase in the combined fund balance of \$579,375 over the prior year. There was an increase in the nonmajor governmental funds fund balances of \$132,772 from the prior year. There was an increase in the general fund fund balance of \$1,926,397. This reflects the Coronavirus Aid, Relief, and Economic Security Act funding of \$879,010 in grant contributions. The general fund also recorded a \$836,776 transfer from the emergency disaster relief fund to offset the costs of the courthouse restoration.

The road and bridge fund experienced a decrease of \$555,539, which can be attributed to an increase in debt expenditures during the year.

The emergency disaster relief fund experienced a \$924,255 decrease to fund balance. The decrease is primarily the result of the transfer to the general fund to offset costs of the courthouse restoration.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

Actual general fund revenues were over final budgeted revenues by \$1,636,847 during the year. This net positive variance is attributable to property taxes and intergovernmental revenues exceeding the anticipated amount in the final budget projections. General fund disbursements were under the final budget by \$2,059,826.

**CAPITAL ASSETS**

At the end of year 2020, the County had invested \$13,501,601 in a variety of capital assets and infrastructure (net of accumulated depreciation). Major capital asset events during the current year include the following:

- Four vehicles for the sheriff's department in the amount of \$139,496
- Road and bridge equipment in the amount of \$1,200,020
- Tax office renovations in the amount of \$348,275

More detailed information about the County's capital assets can be found in note III.C. to the financial statements.

**TYLER COUNTY, TEXAS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For the Year Ended December 31, 2020**

**LONG-TERM DEBT**

At the end of the year, the County reported total capital leases of \$1,771,975. In addition, the County reported other long-term liabilities of \$1,923,461 related to a total OPEB liability and compensated absences. Additionally, the net pension asset reported an increase during the year, resulting in an ending net pension asset of \$1,914,310.

More detailed information about the County's long-term liabilities can be found in note III.D. to the financial statements.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The County met challenges this year while continuing to provide services to its residents at a superior level. The tax collection rate is expected to remain steady at 95 percent. The Commissioners' Court has slightly decreased the tax rate but will still be able to continue the same level of services to the taxpayers. The 2021 budget will be met with challenges from new federal guidelines, as well as the state of the economy, but the County is committed to offer the same level of services to its citizens.

The County continues to face budgetary pressures on the expenditure side related to the economic conditions in the County and the COVID-19 pandemic. Although continued growth and stability are anticipated in fiscal year 2021 and beyond, there can be no assurances that the County's economic stability will not be negatively affected near-term by the pandemic that is still affecting the County.

**CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide a general overview of the finances of the County. Questions concerning this report or requests for additional financial information should be directed to Jackie Skinner, County Auditor, Tyler County, 100 West Bluff, Woodville, TX, 75979; telephone 409-283-3652.

**TYLER COUNTY, TEXAS**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO**  
**THE STATEMENT OF NET POSITION**  
**December 31, 2020**

Fund balances - total governmental funds \$ 14,866,616

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds.

Nondepreciable capital assets	121,553
Depreciable capital assets, net	13,380,048

Other long-term assets are not available to pay for current period expenditures and, therefore, are either not recognized in or are deferred in the governmental funds.

Court fines receivable	110,328
Deferred inflows - property taxes	2,436,031

Net pension asset, deferred outflows, and deferred inflows related to pension activity and other postemployment benefits (OPEB) are not current financial resources and, therefore, are not reported in the governmental funds.

Net pension asset	1,914,310
Deferred outflows - pensions	594,373
Deferred inflows - pensions	(733,447)
Deferred outflows - OPEB	126,187
Deferred inflows - OPEB	(199,439)

Long-term liabilities, including compensated absences, are not due and payable in the current period and, therefore, are not reported in the governmental funds.

Accrued interest payable	(30,697)
Long-term liabilities due within one year	(688,492)
Long-term liabilities due in more than one year	(3,006,944)

<b>Net Position of Governmental Activities</b>	<b>\$ 28,890,427</b>

**TYLER COUNTY, TEXAS**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,**  
**AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE**  
**STATEMENT OF ACTIVITIES**  
**For the Year Ended December 31, 2020**

Net changes in fund balances – total governmental funds \$ 579,375

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	971,435
Depreciation expense	(1,415,666)
Net effect of capital disposals	(187,607)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	218,727
Court fines receivable	(91,572)

Net pension and total other postemployment benefits (OPEB) liability and deferred outflows and deferred inflows related to the County's pension and OPEB plans are not reported in the governmental funds.

Net pension asset	1,786,133
Deferred outflows - pensions	(1,401,826)
Deferred inflows - pensions	(420,168)
Total OPEB liability	(139,921)
Deferred outflows - OPEB	93,893
Deferred inflows - OPEB	(101,665)

The issuance of long-term debt (e.g., bonds, leases, certificates of obligation) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when it is first issued; whereas, these amounts are deferred and amortized in the Statement of Activities.

Principal payments	486,786
Debt issued	(716,048)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Accrued interest payable	(4,061)
Compensated absences	723

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS**  
For the Year Ended December 31, 2020

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

Tyler County, Texas (the “County”) is an independent government entity created in 1846 from Liberty County by an act of the Texas Legislature. The County is governed by Commissioners’ Court, composed of four County Commissioners and the County Judge, all of whom are elected officials.

The County’s financial statements include the accounts of all County operations. The County provides a vast array of services including general government, administration of justice, road and bridges, public safety, health and human services, community enrichment, and tax administration.

Considerations regarding the potential for inclusion of other entities, organizations, or functions in the County’s financial reporting entity are based on criteria prescribed by generally accepted accounting principles. These same criteria are evaluated in considering whether the County is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the County’s financial reporting entity status is that of a primary government are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Additionally, prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable and considerations pertaining to organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The County’s basic financial statements include the primary government only. The County has no oversight responsibility for any other entities since they are not considered financially accountable to the County. Financial accountability is determined on the basis of budget adoption, taxing authority, funding, and appointment of the respective governing body.

**B. Government-Wide Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. The County has no business-type activities.

**C. Basis of Presentation – Government-Wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

**D. Basis of Presentation – Fund Financial Statements**

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category – governmental and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The County reports the following governmental funds:

The *general fund* is used to account for and report all financial transactions not accounted for and reported in another fund. The principal sources of receipts include local property taxes, fees, fines and forfeitures, and charges for services. Disbursements include general government, administration of justice, public safety, health and human services, community enrichment, and tax administration. The general fund is always considered a major fund for reporting purposes.

The *special revenue funds* are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The following special revenue funds are considered major funds for reporting purposes:

*Road and bridge fund* – This fund is used to account for receipts of property taxes levied and vehicle registration fees. Uses of funds are restricted for the maintenance of roads, bridges, and the operations of related facilities. All precinct operations, as well as permanent road monies, are accounted for in this fund.

*Emergency disaster relief fund* – This fund is used to account for funds to be used for future disasters.

Additionally, the County reports the following fund types:

The *fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The County has the following types of fiduciary funds:

The *custodial funds* are custodial in nature and do not present results of operations or have a measurement focus. Custodial funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the County holds for others in a custodial capacity.

During the course of operations, the County has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

**E. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). All other revenue items are considered to be measurable and available only when cash is received by the County.

**F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

**1. Cash and Cash Equivalents**

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The County maintains a pooled cash account. Each fund whose monies are deposited in the pooled cash account has equity therein, and interest earned on the investment of these monies is allocated based upon relative equity at the previous month end. Amounts on deposit in interest bearing accounts and other investments are displayed on the combined balance sheet as "cash and cash equivalents."

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

**2. Investments**

Investments, except for certain investment pools, commercial paper, money market funds, and investment contracts, are reported at fair value. The investment pools operate in accordance with appropriate state laws and regulations and are reported at amortized cost. Investments in nonparticipating interest earning contracts, such as certificates of deposit, are reported at cost.

The County has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act, Chapter 2256, Texas Government Code. In summary, the County is authorized to invest in the following:

- Direct obligations of the U.S. Government or U.S. Government agencies
- Fully collateralized certificates of deposit
- Money market mutual funds that meet certain criteria
- Bankers' acceptances
- Statewide investment pools

**3. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**4. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities columns in the government-wide financial statements. In accordance with GASB Statement No. 34, infrastructure has been capitalized retroactively. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 (or \$25,000 for infrastructure) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, and equipment of the County are depreciated using the straight-line method over the following estimated useful years:

<b>Asset Description</b>	<b>Estimated Useful Life</b>
Equipment	5 to 10 years
Buildings and improvements	5 to 50 years
Infrastructure	5 to 50 years

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

**5. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Deferred outflows/inflows of resources are amortized as follows:

- Deferred outflows/inflows from pension/other postemployment benefits (OPEB) activities are amortized over the average of the expected service lives of pension/OPEB plan members, except for the net differences between the projected and actual investment earnings on the pension/OPEB plan assets, which are amortized over a period of five years.
- For employer pension/OPEB plan contributions that were made subsequent to the measurement date through the end of the County's fiscal year, the amount is deferred and recognized as a reduction to the net pension/OPEB liability during the measurement period in which the contributions were made.

At the fund level, the County has only one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and grant funds. These amounts are deferred and recognized as an inflow of resources in the period that the amount becomes available. At the government-wide level, the County reports a deferred inflow of resources for property taxes assessed for the next budget or fiscal year.

**6. Compensated Employee Absences**

It is the County's policy to permit employees to accumulate earned but unused vacation, compensatory time, and sick pay benefits. Additionally, Sheriff's department employees are allowed to accumulate holidays. No liability is reported for unpaid accumulated sick leave since it does not vest. Vacation, compensatory time, and holiday pay that is expected to be liquidated with expendable, available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it when it matures or becomes due. Amounts of vested or accumulated vacation leave and compensatory time that are not expected to be liquidated with expendable, available financial resources are maintained separately and represent a reconciling item between the fund and government-wide presentations.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

**7. Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, if material. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The property tax rate is allocated each year between the general and road and bridge funds.

Assets acquired under the terms of a capital lease are recorded as liabilities and capitalized in the government-wide financial statements at the present value of net minimum lease payments at inception of the lease. In the year of acquisition, capital lease transactions are recorded as other financing sources and as capital outlay expenditures in the applicable fund. Lease payments representing both principal and interest are recorded as expenditures in the general and road and bridge funds upon payment with an appropriate reduction of principal recorded in the government-wide financial statements.

**8. Net Position Flow Assumption**

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

**9. Fund Balance Flow Assumptions**

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**10. Fund Balance Policies**

Fund balances of governmental funds are reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The County itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

Amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact are classified as nonspendable fund balance. Amounts that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions are classified as restricted.

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the County's highest level of decision-making authority. The Commissioners' Court is the highest level of decision-making authority for the County that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. The County Judge may also assign fund balance as when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

**11. Estimates**

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**12. Pensions**

For the purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Texas County and District Retirement System (TCDRS) and additions to/deductions from TCERS's fiduciary net position have been determined on the same basis as they are reported by TCERS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**13. Other Postemployment Benefits**

The County administers a single-employer, defined benefit OPEB plan. The County plan provides certain healthcare benefits for retired employees. Substantially all of the County's employees become eligible for the health benefits if they reach normal retirement age while working for the County. The County is currently following a pay-as-you-go approach, paying an amount each year equal to the claims paid. This means no assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

**G. Revenues and Expenditures/Expenses**

**1. Program Revenues**

Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

**2. Property Taxes**

General property taxes are recorded as receipts when levied for the current year and due, payable, and collected in the current year.

The property tax calendar dates are:

Levy date and due date – October 1  
Collection dates – October 1 through June 30  
Lien date – July 1

The County bills and collects its own taxes and those for certain government entities within the County. Collections of the property taxes and subsequent remittances to the proper entities are accounted for in the elected officials custodial fund. Tax collections deposited for the County are distributed on a periodic basis to the general and road and bridge funds of the County. This distribution is based upon the tax rate established for each fund by order of the Commissioners' Court for the tax year for which the collections are made.

The appraisal of property within the County is the responsibility of the County-wide appraisal district, which is required under the Property Tax Code to assess all property within the appraisal district on the basis of 100 percent of its appraised value and is prohibited from applying any assessment ratios. The appraisal district must review the value of the property within the County every three years unless the County, at its own discretion, requires more frequent reviews. The County may challenge the appraised values through various appeals and, if necessary, legal action. Under this legislation, the County sets tax rates on County property.

**II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

The original budget is adopted by the Commissioners' Court prior to the beginning of the year. The legal level of control is the department level as defined by State statute. Management is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total disbursements of any fund must be approved by the Commissioners' Court.

Budgets are adopted on a GAAP basis for all budgeted funds. Several supplemental budget appropriations were made for the year ended December 31, 2020.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

As of December 31, 2020, the County had the following investments:

<b>Investment Type</b>	<b>Value</b>	<b>Weighted Average Maturity (Years)</b>
Certificates of deposit	\$ 564,657	0.68
TexPool	201,081	0.10
Texas CLASS	7,120,402	0.23
	\$ 7,886,140	
Portfolio weighted average maturity		0.49

*Interest rate risk.* In accordance with its investment policy, the County manages its exposure to declines in fair market values by limiting the stated maturity of its investment portfolio to no more than two years.

*Credit risk.* State law limits investments to obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than “A” or its equivalent. Furthermore, commercial paper must be rated not less than “A-1” or “P-1” or an equivalent rating by at least two nationally recognized credit rating agencies. As of December 31, 2020, the County’s investments in the investment pools were rated “AAAm” by Standard & Poor’s.

*Custodial credit risk – deposits.* In the case of deposits, this is the risk that in the event of a bank failure, the County’s deposits may not be returned to it. The County’s investment policy requires funds on deposit at the depository bank to be collateralized by securities and FDIC insurance. As of December 31, 2020, bank balances did not exceed the market values of pledged securities and FDIC insurance.

**TexPool**

TexPool was established as a trust company with the Treasurer of the State of Texas (the “State”) as trustee, segregated from all other trustees, investments, and activities of the trust company. The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The advisory board members review the investment policy and management fee structure. Finally, Standard & Poor’s rates TexPool ‘AAAm’. As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard & Poor’s, as well as to the office of the Comptroller of Public Accounts, for review.

TexPool is an external investment pool measured at amortized cost. In order to meet the criteria to be recorded at amortized cost, TexPool must transact at a stable net asset value per share and maintain certain maturity, quality, liquidity, and diversification requirements within TexPool. TexPool transacts at a net asset value of \$1.00 per share, has weighted average maturities of 60 days or less, and weighted average lives of 120 days or less. Investments held are highly rated by nationally recognized statistical rating organizations, have no more than five percent of portfolio with one issuer (excluding U.S. government securities), and can meet reasonably foreseeable redemptions. TexPool has a redemption notice period of one day and may redeem daily. TexPool may only impose restrictions on redemptions in

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

the event of a general suspension of trading on major securities markets, general banking moratorium, or national state of emergency that affects TexPool’s liquidity.

**Texas CLASS**

The Texas Cooperative Liquid Assets Securities System Trust (CLASS) is a public funds investment pool under Section 2256.016 of the Public Funds Investment Act, Texas Government Code, as amended. CLASS is created under an amended and restated trust agreement, dated as of December 14, 2011 (the “Agreement”), among certain Texas governmental entities investing in CLASS (the “Participants”), with Cutwater Investor Services Corporation as program administrator and Wells Fargo Bank Texas, NA as custodian. CLASS is not SEC registered and is not subject to regulation by the State. Under the Agreement, however, CLASS is administered and supervised by a seven-member board of trustees (the “Board”), whose members are investment officers of the Participants, elected by the Participants for overlapping two-year terms. In the Agreement and by resolution of the Board, CLASS has contracted with Cutwater Investors Service Corporation to provide for the investment and management of the public funds of CLASS. Separate financial statements for CLASS may be obtained from CLASS’ website at [www.texasclass.com](http://www.texasclass.com).

**B. Receivables**

Amounts are aggregated into a single accounts receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. Below is the detail of receivables for the general fund and road and bridge fund, including the applicable allowances for uncollectible accounts:

	<b>General</b>	<b>Road and Bridge</b>	<b>Total</b>
Property taxes	\$ 7,523,455	\$ 2,796,608	\$ 10,320,063
Other taxes	139,215	-	139,215
Allowance for uncollectibles	(94,215)	(33,996)	(128,211)
	\$ 7,568,455	\$ 2,762,612	\$ 10,331,067

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

**C. Capital Assets**

A summary of changes in capital assets for the year end is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>(Decreases)</u>	<u>Ending Balance</u>
<b>Governmental Activities</b>				
Capital assets not being depreciated:				
Land	\$ 121,553	\$ -	\$ -	\$ 121,553
Construction in progress	<u>772,087</u>	<u>-</u>	<u>(772,087)</u>	<u>-</u>
Total capital assets not being depreciated	<u>893,640</u>	<u>-</u>	<u>(772,087)</u>	<u>121,553</u>

Total other capital assets	<u>75,342,664</u>	<u>1,743,522</u>	<u>(851,346)</u>	<u>76,234,840</u>
Less accumulated depreciation for:				
Equipment	(5,723,578)	(790,042)	663,739	(5,849,881)
Buildings and improvements	(1,797,320)	(123,661)	-	(1,920,981)
Infrastructure	<u>(54,581,967)</u>	<u>(501,963)</u>	<u>-</u>	<u>(55,083,930)</u>
Total accumulated depreciation	<u>(62,102,865)</u>	<u>(1,415,666)</u>	<u>663,739</u>	<u>(62,854,792)</u>
Other capital assets, net	<u>13,239,799</u>	<u>327,856</u>	<u>(187,607)</u>	<u>13,380,048</u>
<b>Governmental Activities Capital Assets, Net</b>	<u>\$ 14,133,439</u>	<u>\$ 327,856</u>	<u>\$ (959,694)</u>	<u>13,501,601</u>
			Less associated debt	<u>(1,771,975)</u>
			<b>Net Investment in Capital Assets</b>	<u>\$ 11,729,626</u>

Depreciation was charged to governmental functions as follows:

General government	\$ 68,590
Roads and bridges	909,210
Health and human services	299,873
Public safety	<u>137,993</u>
<b>Total Governmental Activities Depreciation Expense</b>	<u>\$ 1,415,666</u>

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

**D. Long-Term Debt**

The following is a summary of changes in the County's total governmental long-term liabilities for the year ended December 31, 2020. In general, the County uses the general and road and bridge funds to liquidate governmental long-term liabilities.

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and, accordingly, are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
<b>Governmental Activities:</b>					
Capital leases	\$ 1,542,713	\$ 716,048	\$ (486,786)	\$ 1,771,975 *	\$ 518,791
Other:					
Compensated absences	189,280	163,834	(164,557)	188,557	169,701
Total OPEB liability	1,594,983	139,921	-	1,734,904	-
	<u>1,784,263</u>	<u>303,755</u>	<u>(164,557)</u>	<u>1,923,461</u>	<u>169,701</u>
<b>Total Governmental Activities</b>	<u>\$ 3,326,976</u>	<u>\$ 1,019,803</u>	<u>\$ (651,343)</u>	<u>\$ 3,695,436</u>	<u>\$ 688,492</u>

Long-term debt due in more than one year   \$ 3,006,944

\* Debt associated with capital assets   \$ 1,771,975

Long-term debt obligations of the County as of December 31, 2020 are as follows:

	<u>Interest Rate</u>	<u>Original Amount</u>	<u>Balance</u>
<b>Capital leases</b>			
First National Bank Southlake	2.69%	\$ 165,340	\$ 132,835
First National Bank Southlake	2.69%	\$ 111,070	28,947

<b>Total Capital Leases</b>			<u>\$ 1,771,975</u>

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

Future minimum payments, including interest, to retire capital leases are as follows:

Year Ending Dec. 31	Capital Leases	
	Principal	Interest
2021	\$ 518,791	\$ 59,899
2022	630,404	41,789
2023	202,378	20,465
2024	283,597	12,384
2025	136,805	3,010
<b>Total</b>	<b>\$ 1,771,975</b>	<b>\$ 137,547</b>

Machinery and equipment acquired under current capital lease obligations totaled \$2,494,408 and accumulated depreciation totaled \$867,619.

**E. Interfund Transfers**

Transfers between the primary governmental funds during the 2020 year were as follows:

Transfers in	Transfers out	Amounts
General fund	Emergency disaster relief fund	\$ 836,776
Road and bridge fund	General fund	270,237
Nonmajor governmental funds	General fund	100,000
	<b>Total</b>	<b>\$ 1,207,013</b>

Amounts transferred between funds relate to amounts collected by general funds and emergency disaster relief for various governmental disbursements.

**IV. OTHER INFORMATION**

**A. Risk Management**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the County carries commercial insurance. In addition, the County participates along with 279 other entities in the Texas Association of Counties' (TAC) Workers' Compensation Self-Insurance Fund (the "Pool"). The TAC created this Pool in 1974 to

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

insure the County for workers' compensation related claims. The County also provides its employees benefits, including medical and life insurance, which the County obtains through the TAC's Insurance Trust Fund.

This Pool purchases commercial insurance at group rates for participants in the Pool. The County has no additional risk or responsibility to the Pool in which it participates, outside of payment of insurance premiums. The County has not significantly reduced insurance coverage or had settlements that exceeded coverage amounts for the past three fiscal years.

**B. Contingent Liabilities**

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

The County reports liabilities when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency, and amount of payouts, and other economic and social factors. No claim liabilities are reported at year end.

The continued spread of the COVID-19 pandemic has given rise in uncertainties that may have a significant negative impact on the operating activities and results of the County. The occurrence and extent of such impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) the effects on the financial markets, and (iv) the effects on the economy overall, all of which are uncertain.

**C. Pension Plan**

**Texas County and District Retirement System**

**Plan Description**

TCDRS is a statewide, agent multiple-employer, public-employee retirement system. TCDRS serves 780 actively participating counties and districts throughout Texas. Each employer maintains its own customized plan of benefits. Plan provisions are adopted by the governing body of each employer, within the options available in the TCDRS Act. Because of that, the County has the flexibility and local control to select benefits and pay for those benefits based on its needs and budgets.

Each employer has a defined benefit plan that functions similarly to a cash balance plan. The assets of the plans are pooled for investment purposes, but each employer's plan assets may be used only for the payment of benefits to the members of that employer's plan. In accordance with Texas law, it is intended that the pension plan be construed and administered in a manner that the retirement system will be considered a tax qualified plan under Section 401(a) of the Internal Revenue Code. TCDRS issues a publicly available annual comprehensive financial report that can be obtained at [www.tcdrs.org](http://www.tcdrs.org).

All eligible employees of the County must be enrolled in the TCDRS.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

Benefits Provided

TCDRS provides retirement, disability, and death benefits. The benefit provisions are adopted by the Commissioners' Court within the options available in Texas state statutes governing TCDRS. Members can retire at age 60 and above with eight or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after eight years of service, but must leave their accumulated contributions in the plan to receive any County-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the County.

Benefit amounts are determined by the sum of the employee's contribution to TCDRS, with interest, and County-financed monetary credits. The level of these monetary credits is adopted by the Commissioners' Court within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the County's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the County-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

The Commissioners' Court adopted the rate of seven percent as the contributed rate payable by the employee members for calendar year 2020. The Commissioners' Court may change the employee contribution rate and the County contribution rate within the options available in the TCDRS Act.

Employees Covered by Benefit Terms

At the December 31, 2019 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	100
Inactive employees entitled to, but not yet receiving, benefits	104
Active employees	161
<b>Total</b>	<u><u>365</u></u>

Contributions

A combination of three elements funds each employer's plan: employee deposits, employer contributions, and investment income.

- The deposit rate for employees is four percent, five percent, six percent, or seven percent of compensation, as adopted by the employer's governing body.
- Participating employers are required, by law, to contribute at actuarially determined rates, which are determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method.
- Investment income funds a large part of the benefits employees earn.

Employers have the option of paying more than the required contribution rate each year. Extra contributions can help employers "prefund" benefit increases, such as a cost-of-living adjustment to retirees, and they can be used to help offset or mitigate future increases in the required rate due to negative plan experience. There are two approaches for making extra contributions:

- (a) paying an elected contribution rate higher than the required rate and
- (b) making an extra lump-sum contribution to the employer account.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

Employees for the County were required to contribute seven percent of their annual gross earnings during the fiscal year. The contribution rates for the County were 6.89 percent and 6.17 percent in calendar years 2020 and 2019, respectively. The County's contributions to TCDRS for the fiscal year ended December 31, 2020 were \$396,337 and were less than the required contributions.

Net Pension Asset

The County's Net Pension Asset (NPA) was measured as of December 31, 2019 and the Total Pension Liability (TPL) used to calculate the NPA was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The actuarial assumptions that determined the TPL as of December 31, 2019 were based on the results of an actuarial experience study for the period January 1, 2013 through December 31, 2016, except where required to be different by GASB Standard No. 68, *Accounting and Financial Reporting for Pensions* (GASB 68).

Key assumptions used in the December 31, 2019 actuarial valuation are as follows:

Valuation Timing	Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in the which the contributions are reported.
Actuarial Cost Method	Entry age normal
Amortization Method	Straight-line amortization over expected working life
Asset Valuation Method	5-year smoothed market
Inflation	2.75%
Salary Increases	Varies by age and service. 4.9% average over career, including inflation
Investment Rate of Return	8.1%
Cost-of-Living Adjustments	Cost-of-living adjustments for the County are not considered to be substantively automatic under GASB 68. Therefore, no assumption for future cost-of-living adjustments is included in the GASB calculations. No assumption for future cost-of-living adjustments is included in the funding valuation.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

The long-term expected rate of return of TCDRS assets is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The target allocation and best estimate of geometric real rate of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Benchmark</b>	<b>Target Allocation</b>	<b>Geometric Real Rate of Return (Expected minus Inflation)</b>
US Equities	Dow Jones U.S. Total Stock Market Index	14.50%	5.20%
Private Equity	Cambridge Associates Global Private Equity & Venture Capital Index	20.00%	8.20%
Global Equities	MSCI World (net) Index	2.50%	5.50%
International Equities - Developed	MSCI World Ex USA (net) Index	7.00%	5.20%
International Equities - Emerging	MSCI Emerging Markets (net) Index	7.00%	5.70%
Investment-Grade Bonds	Bloomberg Barclays U.S. Aggregate Bond Index	3.00%	-0.20%
Strategic Credit	FTSE High-Yield Cash-Pay Capped Index	12.00%	3.14%
Direct Lending	S&P/LSTA Leveraged Loan Index	11.00%	7.16%
Distressed Debt	Cambridge Associates Distressed Securities Index	4.00%	6.90%
REIT Equities	67% FTSE NAREIT Equity REITs Index + 33% S&P Global REIT (net) Index	3.00%	4.50%
Master Limited Partnerships (MLPs)	Alerian MLP Index	2.00%	8.40%
Private Real Estate Partnerships	Cambridge Associates Real Estate Index	6.00%	5.50%
Hedge Funds	Hedge Fund Research, Inc. (HFRI) Fund of Funds Composite Index	8.00%	2.30%

Discount Rate

The discount rate used to measure the TPL was 8.1 percent. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, TCDRS's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

Sensitivity of the NPA to Changes in the Discount Rate

The following presents the NPA of the County, calculated using the discount rate of 8.1 percent, as well as what the County's NPA would be if it were calculated using a discount rate that is one percentage point lower (7.1%) or one percentage point higher (9.1%) than the current rate:

	<b>1% Decrease in Discount Rate (7.1%)</b>	<b>Discount Rate (8.1%)</b>	<b>1% Increase in Discount Rate (9.1%)</b>
County's Net Pension Liability/(Asset)	\$ 1,184,916	\$ (1,914,310)	\$ (4,545,016)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately-issued TCDRS financial report. That report may be obtained on the Internet at [www.tcdrs.org](http://www.tcdrs.org).

Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the fiscal year ended December 31, 2020, the County recognized pension expense of \$432,198.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

At December 31, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual economic experience	\$ 167,289	\$ 157,261
Changes in actuarial assumptions	30,747	-
Difference between projected and actual investment earnings	-	576,186
Contributions subsequent to the measurement date	396,337	-
<b>Total</b>	<b>\$ 594,373</b>	<b>\$ 733,447</b>

\$396,337 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the NPA for the fiscal year ending December 31, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year Ended December</b>	<b>Pension Expense</b>
2021	\$ (112,879)
2022	(167,753)
2023	144,707
2024	(399,486)
Thereafter	-
<b>Total</b>	<b>\$ (535,411)</b>

**D. Other Postemployment Benefits**

Plan Description

In order to recognize and reward long-term employees, as well as to provide an incentive for remaining in the County’s employment, the County administers a single-employer defined benefit OPEB plan, known as Tyler County Retiree Health Care Plan (the “Plan”).

Retirees who meet the criteria are eligible for health coverage that is 100 percent paid for by the County. Retirees must be 62 years of age and have eight years of continuous service with the County. Retirees who retire before age 62 are eligible for health coverage that is 80 percent paid for by the County based on the eligibility rule of 25 years of continuous service with the County and meet the 75 points rule. Health coverage ends at age 65 and four months. Members terminating before normal retirement conditions are not eligible for retiree health care.

The County does not provide death-in-service benefits to a surviving spouse of an employee. Surviving spouses are eligible for Consolidated Omnibus Budget Reconciliation Act (COBRA) benefits only.

Unless qualified based on normal retirement benefits above, the County does not provide health benefits to a disabled retiree. Disabled retirees are eligible for COBRA benefits only.

Effective August 1, 2006, retirees will have a flat \$10,000 life benefit with no age reduction. This coverage is offered at no cost to the retiree.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**For the Year Ended December 31, 2020**

Retirees may purchase health care coverage for eligible spouses and dependents at their own expense.

The following provides a summary of the number of participants in the plan as of December 31, 2020:

Inactive employees or beneficiaries currently receiving benefits	29
Inactive employees entitled to, but not yet receiving, benefits	-
Active employees	<u>118</u>
Total	<u><u>147</u></u>

Total OPEB Liability

The County's total OPEB liability of \$1,734,904 was measured as of December 31, 2020 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial cost method	Individual Entry - Age Normal
Inflation	2.50%
Salary increases	0.50% to 5.00%, not including wage inflation of 3.25%
Discount rate*	2.00% as of December 31, 2020
Demographic assumptions	Based on the experience study covering the four-year period ending December 31, 2016 as conducted for the TCDRS. For the OPEB valuation, the standard TCDRS retirement rates were adjusted to reflect the impact of the County's retiree medical plan design.
Mortality	For healthy retirees, the gender-district RP-2014 Healthy Annuitant Mortality Tables are used with male rates multiplied by 130% and female rates multiplied by 110%. Those rates are projected on a fully generational basis on 100% of the ultimate rates of Scale MP-2014.
Healthcare trend rates	Initial rate of 7.00% declining to an ultimate rate of 4.25% after 13 years
Participation rates	95% for retirees eligible for a subsidy; 100% for retirees electing life insurance; 10% of retirees with coverage elect two-person coverage

\*The discount rate changed from 2.75% as of December 31, 2019 to 2.00% as of December 31, 2020.

Funding Policy

The County has elected to finance the Plan on a pay-as-you-go basis, paying an amount each year equal to the claims paid.

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

Changes in the Total OPEB Liability

	<b>Increase (Decrease)</b>
	<b>Total OPEB Liability</b>
Changes for the year:	
Service cost	\$ 152,790
Interest	45,497
Change of benefit terms	-
Difference between expected and actual experience	(139,850)
Changes of assumptions	115,361
Benefit payments	(33,877)
<b>Net Changes</b>	139,921
Balance at December 31, 2019	1,594,983
<b>Balance at December 31, 2020</b>	<b>\$ 1,734,904</b>

Changes of assumptions reflect a change in the discount rate from 2.75% as of December 31, 2019 to 2.00% as of December 31, 2020.

There were no changes of benefit terms that affected measurement of the total OPEB liability during the measurement period.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current discount rate:

	<b>1% Decrease</b>	<b>Healthcare Trend Rate</b>	<b>1% Increase</b>
County's Total OPEB Liability	\$ 1,906,975	\$ 1,734,904	\$ 1,583,569

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower or one percentage point higher than the current healthcare cost trend rate:

	<b>1% Decrease (1.00%)</b>	<b>Discount Rate (2.00%)</b>	<b>1% Increase (3.00%)</b>
County's Total OPEB Liability	\$ 1,588,076	\$ 1,734,904	\$ 1,909,400

**TYLER COUNTY, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
For the Year Ended December 31, 2020

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended December 31, 2020, the County recognized OPEB expense of \$181,570.

The County reported deferred outflows/inflows of resources related to OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual economic experience	\$ 5,963	\$ 120,008
Changes in actuarial assumptions	120,224	79,431
<b>Total</b>	<b>\$ 126,187</b>	<b>\$ 199,439</b>

Amounts reported as deferred outflows/inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Year Ended December 31</b>	<b>OPEB Expense Amount</b>
2021	\$ (16,717)
2022	(16,717)
2023	(16,717)
2024	(16,717)
2025	(4,433)
Thereafter	(1,951)
<b>Total</b>	<b>\$ (73,252)</b>

**E. Subsequent Events**

Subsequent to year end, the County obtained lease financing for the purchase of various capital equipment as follows; On January 15, 2021, the County entered into a new lease for \$263,966 for a 2020 CAT motor grader with an interest rate of 2.65 percent and a maturity date of January 22, 2024. On May 21, 2021, the County entered into a new lease for \$145,466 for a 2022 Mack dump truck with an interest rate of 2.65 percent and a maturity date of May 26, 2025. On June 18, 2021, the County entered into a new lease for \$91,529 for a 2022 Mack dump truck with an interest rate of 2.45 percent and a maturity date of June 25, 2024.

**SCHEDULE OF CONTRIBUTIONS**  
**TEXAS COUNTY AND DISTRICT RETIREMENT SYSTEM**  
**For the Year Ended December 31, 2020**

	Fiscal Year*			
	2014	2015	2016	2017
Actuarially determined contribution	\$ 479,848	\$ 508,134	\$ 534,311	\$ 497,771
Contributions in relation to the actuarially determined contribution	564,955	508,134	534,233	3,358,609
Contribution deficiency (excess)	\$ (85,107)	\$ -	\$ 78	\$ (2,860,838)
Covered payroll	\$ 4,338,577	\$ 4,586,125	\$ 4,848,558	\$ 4,634,743
Contributions as a percentage of covered payroll	13.02%	11.08%	11.02%	72.47%

\*Only seven years of information is currently available. The County will build this schedule over the next three-year period.

**Notes to Required Supplementary Information:**

1. Valuation Date:

Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which contributions are reported.

2. Methods and Assumptions Used to Determine Contribution Rates:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	0.0 years
Asset valuation method	5-year smoothed market
Inflation	2.75%
Salary increases	Varies by age and service. 4.9% average over career, including inflation
Investment rate of return	8.00%
Retirement age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
Mortality	130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% for the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.

3. Other Information:

There were no benefit changes during the year.

<b>Fiscal Year*</b>		
<b>2018</b>	<b>2019</b>	<b>2020</b>

**For the Year Ended December 31, 2020**

	Measurement Year*		
	2017	2018	2019
<b>Total OPEB Liability</b>			
Service cost	\$ 114,465	\$ 120,529	\$ 152,790
Interest (on the total OPEB liability)	47,639	53,975	45,497
Difference between expected and actual experience	-	8,199	(139,850)
Change of assumptions	(134,460)	29,196	115,361
Benefit payments**	(7,121)	(23,000)	(33,877)
<b>Net Change in Total OPEB Liability</b>	<u>20,523</u>	<u>188,899</u>	<u>139,921</u>
Beginning total OPEB liability	<u>1,385,561</u>	<u>1,406,084</u>	<u>1,594,983</u>
<b>Ending Total OPEB Liability</b>	<u><u>\$ 1,406,084</u></u>	<u><u>\$ 1,594,983</u></u>	<u><u>\$ 1,734,904</u></u>
<b>Covered Payroll</b>	\$ 4,066,755	\$ 5,636,202	\$ 6,046,347
<b>Total OPEB Liability as a Percentage of Covered Payroll</b>	34.58%	28.30%	28.69%

\* Only three years of information is currently available. The County will build this schedule over the next seven-year period.

\*\* Due to the Plan being considered an unfunded OPEB plan under GASB 75, benefit payments are treated as being equal to the employer's yearly contributions for retirees.

**Notes to Required Supplementary Information:**

**Changes in Assumptions:**

Changes of assumptions reflect a change in the discount rate from 2.75% as of December 31, 2019 to 2.00% as of December 31, 2020.

**Changes in Benefits:**

There were no changes in benefit terms that affected measurement of the total OPEB liability during the measurement period.
