Community Development Block Grant – Mitigation (CDBG – MIT)**

Description of Program

Below is a description of the proposed Community Development Block Grant-Mitigation (CDBG-MIT) program through the Texas General Land Office (GLO). The County anticipates applying for the following programs that requires Planning Services.

**CDBG-MIT Program Description:**

Local Hazard Mitigation Plan Program (LHMPP)

**Local Hazard Mitigation Plan Program:** Development or update of an local hazard mitigation plan, including studies to enhance a community’s understanding of risk (examples: dam inundation studies, flood studies, wildfire studies); and federal cost share. The purpose of these plans is to gather a wide range of stakeholders and the public in a planning process to identify local policies and actions—based on an assessment of hazards, vulnerabilities, and risks—that can be implemented over the long-term to reduce risk and future losses from hazards. By engaging in this planning process, communities not only identify risks and prioritize investments and interventions, but also build partnerships by involving citizens, organizations, and businesses, and increase awareness of threats and hazards, as well as their risks.

**See the GLO’s CDBG-MIT Action Plan for more information on the requirements and scopes of these activities:**

In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

(c) Subcontracts. Each nonexempt prime contractor or subcontractor shall include the equal opportunity clause in each of its nonexempt subcontracts.

(e) Incorporation by operation of the order. By operation of the order, the equal opportunity clause shall be considered to be a part of every contract and subcontract required by the order and the regulations in this part to include such a clause whether or not it is physically incorporated in such contracts and whether or not the contract between the agency and the contractor is written.

(f) Adaptation of language. Such necessary changes in language may be made in the equal opportunity clause as shall be appropriate to identify properly the parties and their undertakings.
