An Emergency Services District (ESD) is a political subdivision of the state with taxing authority, governed by a board consisting of five (5) Emergency Services Commissioners. ESDs operate autonomously from County Government, and all other governmental entities. It is the responsibility of Hardin County ESDs to provide fire protection and emergency medical response to the citizens located within the district served by the ESD.

1. Must be at least 18 years of age.
2. Must be a resident citizen of the state that is:
 - a. A qualified voter within the ESD; or
 - b. An owner of land subject to taxation within the ESD.

While there are no set criteria for appointment of an ESD Commissioner beyond the age and residency requirements listed above, Hardin County Commissioners Court is seeking certain traits in a potential ESD Commissioner, such as the ability to work well with the board and the community, have basic knowledge of business practices and budgeting, and be able to pass a background check.

State law also requires the Commissioners Court to consider relevant factors in determining the individuals to appoint as ESD Commissioners, including whether the nominee has knowledge of fire prevention or emergency medical services, and knowledge that is relevant to the common policies of the ESD Board.

County Commissioners will review the nominations submitted and appoint two (2) ESD Commissioner to fill these vacancies at its Regular Meeting on October 22, 2024. The deadline to submit a Nomination Form is October 15, 2024, as instructed at the bottom of the form. Upon appointment, an ESD Commissioner must execute an Official Oath of Office, a Statement of Appointed Official, and a Conflict Disclosure Statement.
