CERTIFIED MAIL
RETURN RECEIPT REQUESTED

The Honorable Hoppy Haden
Caldwell County Judge
110 South Main Street, Room 101
Lockhart, TX 78644

IN REPLY REFER TO:

Case No.: 22-06-0376P
Community Name: Caldwell County, TX
Community No.: 480094
FIRM Panel Affected: 48055C0235E

116

Dear Judge Haden:

In a Letter of Map Revision (LOMR) date October 25, 2022, you were notified of proposed flood hazard determinations affecting the Flood Insurance Rate Map (FIRM) and Flood Insurance Study (FIS) report for Caldwell County, TX. These determinations were for Unnamed Tributary to Clear Fork Plum Creek - From approximately 1,070 feet downstream of Summerside Avenue to approximately 1,230 feet upstream of Summerside Avenue. The 90-day appeal period that was initiated on November 10, 2022, when the Department of Homeland Security's Federal Emergency Management Agency (FEMA) published a notice of proposed Flood Hazard Determinations in *The Lockhart Post-Register* has elapsed.

FEMA received no valid requests for changes to the modified flood hazard information. Therefore, the modified flood hazard information for your community that became effective on March 10, 2023, remains valid and revises the FIRM and FIS report that were in effect prior to that date.

The modifications are pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (Public Law 93-234) and are in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968, Public Law 90-448), 42 U.S.C. 4001-4128, and 44 CFR Part 65. The community number(s) and suffix code(s) are unaffected by this revision. The community number and appropriate suffix code as shown above will be used by the National Flood Insurance Program (NFIP) for all flood insurance policies and renewals issued for your community.

FEMA has developed criteria for floodplain management as required under the above-mentioned Acts of 1968 and 1973. To continue participation in the NFIP, your community must use the modified flood hazard information to carry out the floodplain management regulations for the NFIP.

If you have any questions regarding the necessary floodplain management measures for your community or the NFIP in general, please contact the Mitigation Division Director, FEMA Region VI, in Denton, Texas, either by telephone at (940) 898-5127, or in writing at Federal Emergency Management Agency, Region VI, Federal Regional Center, Room 202, 800 North Loop 288, Denton, Texas 76209.

If you have any questions regarding the LOMR, the proposed flood hazard determinations, or mapping issues in general, please call the FEMA Map Information eXchange, toll free, at (877) 336-2627 (877-FEMA MAP).

Sincerely,

Patrick "Rick" F. Sacbibit, P.E., Branch Chief
