Re: Navarro County – Liability Renewal Questionnaire

Thank you for participating in TAC Risk Management Pool’s Liability Programs. As we prepare your October 2019 renewal, there are a few questions we need you to answer so that we can provide you the most comprehensive and cost effective Liability coverage possible. To ensure that we have up-to-date information, please fill out each page completely and make any changes directly to the document. You can also provide supplemental sheets as necessary. Please note that omitted information may result in an exclusion from coverage.

The Interlocal Participation Agreement, Section 4. Annual Contribution, 4.01 requires that the member timely submit to the Pool documentation necessary for the Pool to properly underwrite the renewal.

Some of the new Liability Coverage enhancements that we are presenting this year are:

- **Cyber Coverage:** Increased the main limit from \$1,000,000 to \$2,000,000 and renamed to Privacy and Security Liability and Expense coverage.
- **General Liability:** Incorporated coverage for law enforcement watercraft into the main coverage document.
- **Public Official and Law Enforcement Liability:** Expanded coverage for malicious or criminal act or omission. Also incorporated punitive damages into the main limit of liability.

Please complete the Liability Renewal Questionnaire and return it and any supplemental documents within 30 days. If you need help completing the Liability Renewal Questionnaire, please contact me at 800-456-5974, by fax at 512-478-1426, or email me at yolandam@county.org.

We value your continued participation in the TAC Risk Management Pool and look forward to another successful year! Please do not hesitate to contact me if you would like to discuss your coverage options.

DESCRIPTION Units 12 and 2 are not working.

RESOLUTION 5/29/19 - Logged in remotely and investigated issues. Found that modules were faulted for RTU-12; most likely power issue but site visit would be required to confirm. Found no issues RTU-2 control but did notice that a 2 minute off time delay was preventing the unit from continuing to run when released from manual control. Removed delay from programming and added delay to output so it would be based on when the output was off instead of released from hand.

Arrived onsite and met with Clitis. Inspected control panel in master picket and found that the ebus expander for RTU-12 was faulted because it was not properly seated. It only took minor adjustment to reseat it. Since it was so easy to seat an unseat decided to add a strap to hold it in place to prevent future issues. Went to roof and removed temporary thermostat added by mechanical contractor on RTU-12. Rewired our controls and verified that the unit operated properly. Since there were no issues with RTU-2 except the delay that had been dealt with previously I removed the thermostat, added our wiring back to the unit and verified that the unit operated properly.-CC

Terri Gillen, County Auditor
Navarro County
300 West 3rd Avenue
Suite 4
Corsicana, TX 75110

NAVARRO COUNTY
AUDITOR'S OFFICE

Dear Ms. Gillen:

This letter sets forth our understanding of the terms and objectives of the services we are to provide to the Navarro County HIDTA grant, grant number G17TN0001A.

We will audit the Statement of Grantee's Costs Claimed for the grant year listed above. Our audit cut off will be December 31, 2018. The objective of our audit is the expression of an opinion on the Statement of Grantee's Costs Claimed.

Audit Objectives

The objectives of our audit are to provide an opinion on whether (1) the financial information related to claims for HIDTA grant funds is fairly stated and presented in accordance with established or stated criteria, (2) Navarro County has adhered to specific financial and compliance requirements, and (3) the internal control structure over financial reporting and safeguarding of assets is suitably designed and implemented to achieve the control objectives. The objective also includes reporting on internal control related to the HIDTA grant program and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on the program in accordance with the 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the *Uniform Guidance*. It will include tests of the accounting records of the program and other procedures we consider necessary to enable us to express an opinion and to render the required reports. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs.

Navarro County
Texoma HIDTA

If our opinion on the Statement of Grantee's Costs claimed or our opinion on compliance is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form, or have not formed an opinion, we may decline to express an opinion or to issue a report as a result of this engagement.

Management Responsibilities

We understand that you will provide us with the basic information required for our audit and that you are responsible for the accuracy and completeness of that information. We understand that you are also responsible for identifying and ensuring compliance with the laws and regulations applicable to HIDTA grant-related activities. We will advise you about appropriate accounting principles and their application; however, the responsibility for the Statement of Grantee's Cost Claimed remains with you. This responsibility includes the maintenance of adequate records and related internal control structures, policies and procedures, the selection and application of accounting principles, and the safeguarding of assets. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. You agree to assume all management responsibilities relating to the schedule and related notes and any other nonaudit services we provide. You will be required to acknowledge in the written representation letter our assistance with preparation of the schedule of expenditures of HIDTA awards and that you have reviewed and approved the schedules of costs claimed for reimbursement and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Management is also responsible for making all program financial records and related information available to us and for ensuring that management is reliable and financial information is reliable and properly recorded. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the schedule, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the Organization from whom we determine it necessary to obtain audit evidence.

Your responsibilities also include identifying significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information. Your responsibilities include adjusting the schedule to correct material misstatements and confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the schedule taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the HIDTA grant program involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the Statement of Grantee's Costs Claimed. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the HIDTA grant program received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the operation of the HIDTA grant program complies with applicable laws, regulations, contracts, agreements, and grants. Management is also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provision of laws, regulations, contracts, and grant agreements, or abuse that we report. Additionally, as required by the *Uniform Guidance*, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings involving the HIDTA grant program and a corrective action plan. The summary schedule of prior audit findings should be available for our review.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations regarding the HIDTA grant program. Management is also responsible for identifying for us previous financial audits, attestation engagements, performance audits, or other studies related to the HIDTA grant program. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the schedule; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the Statement of Grantee's Costs Claimed is free of material misstatements, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Audit Procedures—Compliance

The *Uniform Guidance* requires that we plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to the HIDTA grant program. Our procedures will consist of tests of transactions and other applicable procedures described in the *Uniform Guidance Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on the federal program. The purpose of these procedures will be to express an opinion on Navarro County's compliance with requirements applicable to the HIDTA grant program in our report on compliance issued pursuant to the *Uniform Guidance*.

Engagement Administration, Fees and Other

We understand that Navarro County and the Texoma HIDTA employees will provide any documents selected by us for testing.

At the conclusion of the engagement, management will provide to us a representation letter that, among other things, will confirm management's responsibility for the Statement of Grantee's Costs Claimed in accordance with generally accepted accounting principles or other applicable basis of accounting; the availability of financial records and related documents; compliance with provisions of laws, regulations, contracts and grants; and the absence of fraud involving management or those employees who have significant roles in internal controls.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by the Office of National Drug Control Policy (ONDCP). If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Mr. Milton Hatcher is responsible for supervising this engagement. We will review documents and internal control at Navarro County and the Texoma HIDTA from July 22, 2019 to July 30, 2019. We will issue our opinion on your Statement of Grantee's Costs claimed by the Navarro County as soon as possible thereafter.

Our fees have been negotiated with ONDCP.

Navarro County

Additional audit procedures in conjunction with the HIDTA Grant Audit include the following:

- The final copy of our audit report will be provided to ONDCP.
- Any findings and comments included in the final audit report will be resolved with and by ONDCP.
- We will conduct an exit conference with the auditee, and this exit conference may be by telephone conference call.

We appreciate the opportunity to be of service to Navarro County and the Texoma HIDTA. If this letter correctly expresses your understanding, please sign the enclosed copy where indicated and return it to us. We look forward to working with you.

If you have any questions or comments, please let us know.

Very truly yours,

BETWEEN NAVARRO COUNTY, TEXAS
AND
CLEAN VISION SOLAR, LLC**

This amendment (the "Amendment") is entered into effective as of June 24, 2019, between Navarro County, a political subdivision of the State of Texas, acting by and through its County Judge and hereinafter referred to as COUNTY, and Clean Vision Solar, LLC, hereinafter referred to as OWNER, and amends that certain Tax Abatement Agreement (the "AGREEMENT") between the COUNTY and the OWNER entered into effective April 22, 2019.

1. Amendment to Agreement. Section 2.2 shall be amended by replacing July 1, 2019 with July 1, 2020 and replacing January 1, 2021 with January 1, 2022. Section 2.2 of the Agreement, as so amended, reads in its entirety as follows:
