Public Service Announcement Re: COVID-19

December 4, 2020

To ALL Citizens of Navarro County:

As most have seen on the news in the last 24 hours the COVID-19 virus cases have increased dramatically. The hospitals in our designated Area E, including Navarro Regional Hospital, have been at or above the 15% of hospital patients having COVID for the past 7 days. That parameter is issued by Governor Greg Abbott, under advisement of his medical staff, to be the determining point at which bars/clubs are to close and restaurants are to go back to the 50% occupancy number. The virus is still real.

I will be opting Navarro County OUT of the TABC mapping of inclusion for bars and clubs to be open just as other County Judges are doing in this area.

Please adhere to the new directives so we can again slow the spread of the virus! The vaccine is getting closer to delivery but will still be some time before all can take it. Yes, I do plan to take it as I certainly do not want to risk getting the virus, and I have been and will continue to be wearing a mask when in close proximity to members of the public. It's NOT worth the risk!

I urge you to wear a mask any time you are around other people, especially in a store, building, or room. It is in your best interest as well as the best interest of the people you are around, as you could have the virus and not know it.

Folks, Please Go get tested!!!

Sincerely,

HM Davenport, Jr.
Navarro County Judge
