**INFORMATION ABOUT YOUR BILL**

We are collecting an additional amount on your bill for usage over the next four months, March 1 through June 30. This charge represents temporary rates approved but not billed in a rate case filed in January 2014. The amount is derived from the difference of the approved rates and those actually billed June 1, 2014, through Sept. 30, 2014. A residential customer using 1,000 kilowatt-hours per month would see an additional charge of \$12.34 for service in March, \$14.07 in April, \$12.48 in May, and \$1.80 in June.

No amount due at this time.

**Call before you move**

If you're moving, remember to contact us *in advance* so we can stop your natural gas and electricity billing at your current address and start service, if needed, at your new one. Save yourself money and ensure a smooth transition to your new place. Please call or submit your changes at [xcelenergy.com](http://xcelenergy.com) up to 45 days in advance.

RETURN BOTTOM PORTION WITH YOUR PAYMENT • PLEASE DO NOT USE STAPLES, TAPE OR PAPER CLIPS

**Do It Yourself Tip**

Now is the perfect time to encourage energy efficiency at the office.

One way to do this is by maximizing the sunlight. After all, sunlight is free! Make the best use of natural light by opening the blinds and using skylights. Doing so can reduce your lighting expenses by 10 to 40 percent.

**Save Energy This Winter**

Avoid heating empty rooms by inspecting control schedules and heating only sections of your building as needed.

## Be Safe This Spring

Wet, heavy, spring snow can cause power lines to sag and can even pull them off utility poles. Always assume these lines are energized and can hurt or kill you. Never touch them or anything in direct contact with power lines. Snow or ice covering your natural gas meter can increase gas line pressure inside your home to dangerous levels. Carefully remove snow or ice build-up by hand.

More information is available at [xcelenergy.com/Safety](http://xcelenergy.com/Safety).

## Energy Efficiency During the Winter

Maintaining a comfortable office temperature during the winter is as important as that first cup of coffee on Monday morning. Keeping employees warm throughout the work week may increase your energy bill ... but it doesn't have to! Reduce your energy bill by implementing simple energy-efficient updates around the office.

Visit [xcelenergy.com](http://xcelenergy.com) for seasonal efficiency tips and to learn more about our energy efficiency programs.

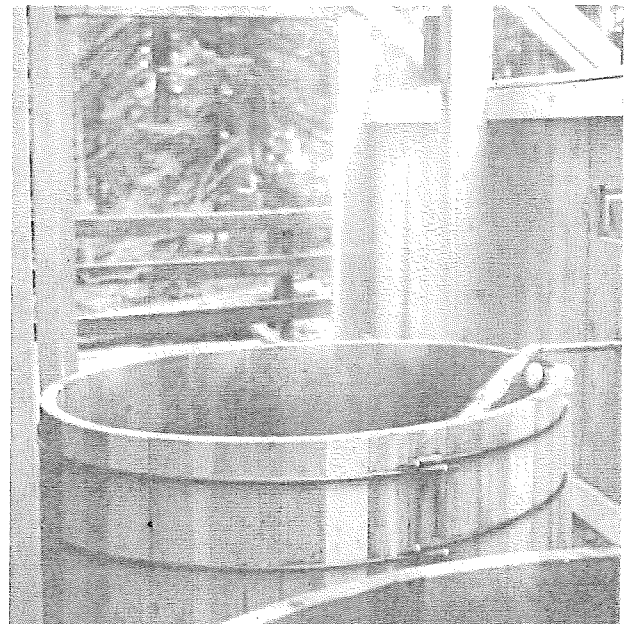

005663 2/2

## Historical Fact of the Month

For over 200 years, people in the U.S. have flocked to hot springs to get relief from the cold. In 1807, settlers founded the city of Hot Springs, Arkansas. 23 years after the city was founded, Asa Thompson charged one dollar each for the use of three, spring-fed baths in a wooden tub, and the first known commercial use of geothermal energy occurred.

**INFORMATION ABOUT YOUR BILL**

We are collecting an additional amount on your bill for usage over the next four months, March 1 through June 30. This charge represents temporary rates approved but not billed in a rate case filed in January 2014. The amount is derived from the difference of the approved rates and those actually billed June 1, 2014, through Sept. 30, 2014. A residential customer using 1,000 kilowatt-hours per month would see an additional charge of \$12.34 for service in March, \$14.07 in April, \$12.48 in May, and \$1.80 in June.

Thank you for your payment.

**Call before you move**

If you're moving, remember to contact us *in advance* so we can stop your natural gas and electricity billing at your current address and start service, if needed, at your new one. Save yourself money and ensure a smooth transition to your new place. Please call or submit your changes at [xcelenergy.com](http://xcelenergy.com) up to 45 days in advance.

## Do It Yourself Tip

Now is the perfect time to encourage energy efficiency at the office.

One way to do this is by maximizing the sunlight. After all, sunlight is free! Make the best use of natural light by opening the blinds and using skylights. Doing so can reduce your lighting expenses by 10 to 40 percent.

Source: [energystar.gov/buildings/facility-owners-and-managers/existing-buildings/save-energy/stamp-out-energy-waste](http://energystar.gov/buildings/facility-owners-and-managers/existing-buildings/save-energy/stamp-out-energy-waste)

## Save Energy This Winter

Avoid heating empty rooms by inspecting control schedules and heating only sections of your building as needed.

## Be Safe This Spring

Wet, heavy, spring snow can cause power lines to sag and can even pull them off utility poles. Always assume these lines are energized and can hurt or kill you. Never touch them or anything in direct contact with power lines. Snow or ice covering your natural gas meter can increase gas line pressure inside your home to dangerous levels. Carefully remove snow or ice build-up by hand.

More information is available at [xcelenergy.com/Safety](http://xcelenergy.com/Safety).

## Historical Fact of the Month

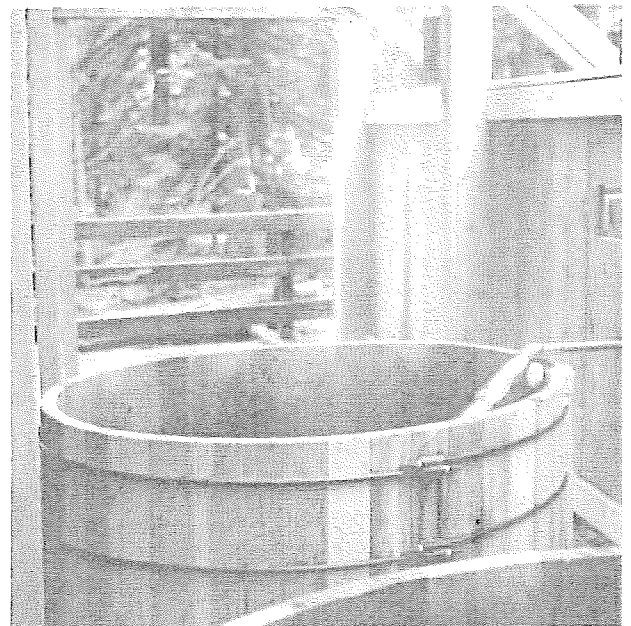

For over 200 years, people in the U.S. have flocked to hot springs to get relief from the cold. In 1807, settlers founded the city of Hot Springs, Arkansas. 23 years after the city was founded, Asa Thompson charged one dollar each for the use of three, spring-fed baths in a wooden tub, and the first known commercial use of geothermal energy occurred.

## Energy Efficiency During the Winter

Maintaining a comfortable office temperature during the winter is as important as that first cup of coffee on Monday morning. Keeping employees warm throughout the work week may increase your energy bill ... but it doesn't have to! Reduce your energy bill by implementing simple energy-efficient updates around the office.

Visit [xcelenergy.com](http://xcelenergy.com) for seasonal efficiency tips and to learn more about our energy efficiency programs.

## Be Safe This Spring

Wet, heavy, spring snow can cause power lines to sag and can even pull them off utility poles. Always assume these lines are energized and can hurt or kill you. Never touch them or anything in direct contact with power lines. Snow or ice covering your natural gas meter can increase gas line pressure inside your home to dangerous levels. Carefully remove snow or ice build-up by hand.

More information is available at [xcelenergy.com/Safety](http://xcelenergy.com/Safety).

## Historical Fact of the Month

For over 200 years, people in the U.S. have flocked to hot springs to get relief from the cold. In 1807, settlers founded the city of Hot Springs, Arkansas. 23 years after the city was founded, Asa Thompson charged one dollar each for the use of three, spring-fed baths in a wooden tub, and the first known commercial use of geothermal energy occurred.

 Or write us at: XCEL ENERGY  
 PO BOX 8  
 EAU CLAIRE WI 54702-0008

**INFORMATION ABOUT YOUR BILL**

We are collecting an additional amount on your bill for usage over the next four months, March 1 through June 30. This charge represents temporary rates approved but not billed in a rate case filed in January 2014. The amount is derived from the difference of the approved rates and those actually billed June 1, 2014, through Sept. 30, 2014. A residential customer using 1,000 kilowatt-hours per month would see an additional charge of \$12.34 for service in March, \$14.07 in April, \$12.48 in May, and \$1.80 in June.

No amount due at this time.

**Call before you move**

If you're moving, remember to contact us *in advance* so we can stop your natural gas and electricity billing at your current address and start service, if needed, at your new one. Save yourself money and ensure a smooth transition to your new place. Please call or submit your changes at [xcelenergy.com](http://xcelenergy.com) up to 45 days in advance.

## To Do: Call 8-1-1

It's spring—time to dig, install and plant. But first call **8-1-1** to be sure where you plan to dig is safe. Underground natural gas pipes, electric cables and other lines can be buried beneath your project area. You're required by law to call **8-1-1**, wait for utilities to mark their lines, then dig carefully, by hand, near the markings. When planning your project, make calling **8-1-1** the first thing you do.

Know what's below.  
Call before you dig.

**To Do: Call 8-1-1**

It's spring—time to dig, install and plant. But first call **8-1-1** to be sure where you plan to dig is safe. Underground natural gas pipes, electric cables and other lines can be buried beneath your project area. You're required by law to call **8-1-1**, wait for utilities to mark their lines, then dig carefully, by hand, near the markings. When planning your project, make calling **8-1-1** the first thing you do.

**Know what's below.  
Call before you dig.**

**INFORMATION ABOUT YOUR BILL**

Thank you for your payment.

Stealing electricity or natural gas is dangerous, against the law and ultimately costs all of our customers. Protect yourself and others by reporting anyone tapping into a line, bypassing a meter, tampering with equipment or otherwise stealing energy to Xcel Energy's Revenue Assurance Hotline at 1-888-823-1511. Information you report will be kept confidential and you'll remain anonymous.

Convenience at your service - Pay your bills electronically-fast and easy with Electronic Funds Transfer. Call us at 1-800-481-4700 or visit us at [www.xcelenergy.com](http://www.xcelenergy.com).

**INFORMATION ABOUT YOUR BILL**

We are collecting an additional amount on your bill for usage over the next four months, March 1 through June 30. This charge represents temporary rates approved but not billed in a rate case filed in January 2014. The amount is derived from the difference of the approved rates and those actually billed June 1, 2014, through Sept. 30, 2014. A residential customer using 1,000 kilowatt-hours per month would see an additional charge of \$12.34 for service in March, \$14.07 in April, \$12.48 in May, and \$1.80 in June.

Thank you for your payment.

**Call before you move**

If you're moving, remember to contact us *in advance* so we can stop your natural gas and electricity billing at your current address and start service, if needed, at your new one. Save yourself money and ensure a smooth transition to your new place. Please call or submit your changes at [xcelenergy.com](http://xcelenergy.com) up to 45 days in advance.

RETURN BOTTOM PORTION WITH YOUR PAYMENT • PLEASE DO NOT USE STAPLES, TAPE OR PAPER CLIPS

## Do It Yourself Tip

Now is the perfect time to encourage energy efficiency at the office.

One way to do this is by maximizing the sunlight. After all, sunlight is free! Make the best use of natural light by opening the blinds and using skylights. Doing so can reduce your lighting expenses by 10 to 40 percent.

*Source: energystar.gov/buildings/facility-owners-and-managers/existing-buildings/save-energy/stamp-out-energy-waste*

## Save Energy This Winter

Avoid heating empty rooms by inspecting control schedules and heating only sections of your building as needed.

## Be Safe This Spring

Wet, heavy, spring snow can cause power lines to sag and can even pull them off utility poles. Always assume these lines are energized and can hurt or kill you. Never touch them or anything in direct contact with power lines. Snow or ice covering your natural gas meter can increase gas line pressure inside your home to dangerous levels. Carefully remove snow or ice build-up by hand.

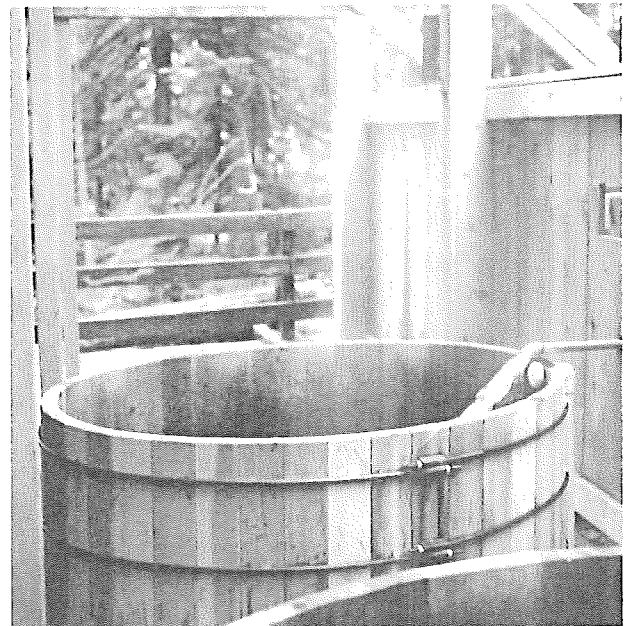

More information is available at [xcelenergy.com/Safety](http://xcelenergy.com/Safety).

## Historical Fact of the Month

For over 200 years, people in the U.S. have flocked to hot springs to get relief from the cold. In 1807, settlers founded the city of Hot Springs, Arkansas. 23 years after the city was founded, Asa Thompson charged one dollar each for the use of three, spring-fed baths in a wooden tub, and the first known commercial use of geothermal energy occurred.

## Energy Efficiency During the Winter

Maintaining a comfortable office temperature during the winter is as important as that first cup of coffee on Monday morning. Keeping employees warm throughout the work week may increase your energy bill ... but it doesn't have to! Reduce your energy bill by implementing simple energy-efficient updates around the office.

Visit [xcelenergy.com](http://xcelenergy.com) for seasonal efficiency tips and to learn more about our energy efficiency programs.

### We Give Back to Our Communities

Last year, the Xcel Energy Foundation granted over \$3.5 million to 402 nonprofits throughout our service area. This funding targeted our focus areas of: education—\$1.2 million to improve science, technology and math education; economic sustainability—\$1 million aimed at promoting workforce development and economic self-sufficiency; environment—\$740,000 to protect and enhance the natural environment, and arts & culture—\$580,000 to increase access to arts and cultural activities for all.

 PO BOX 8  
 EAU CLAIRE WI 54702-0008

**INFORMATION ABOUT YOUR BILL**

We are collecting an additional amount on your bill for usage over the next four months, March 1 through June 30. This charge represents temporary rates approved but not billed in a rate case filed in January 2014. The amount is derived from the difference of the approved rates and those actually billed June 1, 2014, through Sept. 30, 2014. A residential customer using 1,000 kilowatt-hours per month would see an additional charge of \$12.34 for service in March, \$14.07 in April, \$12.48 in May, and \$1.80 in June.

Thank you for your payment.

**Call before you move**

If you're moving, remember to contact us *in advance* so we can stop your natural gas and electricity billing at your current address and start service, if needed, at your new one. Save yourself money and ensure a smooth transition to your new place. Please call or submit your changes at [xcelenergy.com](http://xcelenergy.com) up to 45 days in advance.

RETURN BOTTOM PORTION WITH YOUR PAYMENT • PLEASE DO NOT USE STAPLES, TAPE OR PAPER CLIPS

## Do It Yourself Tip

Now is the perfect time to encourage energy efficiency at the office.

One way to do this is by maximizing the sunlight. After all, sunlight is free! Make the best use of natural light by opening the blinds and using skylights. Doing so can reduce your lighting expenses by 10 to 40 percent.

Source: [energystar.gov/buildings/facility-owners-and-managers/existing-buildings/save-energy/stamp-out-energy-waste](http://energystar.gov/buildings/facility-owners-and-managers/existing-buildings/save-energy/stamp-out-energy-waste)

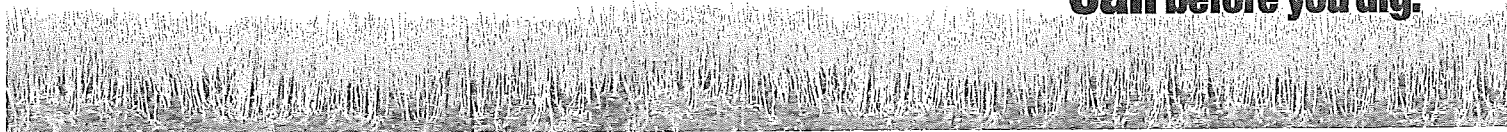

## To Do: Call 8-1-1

It's spring—time to dig, install and plant. But first call **8-1-1** to be sure where you plan to dig is safe. Underground natural gas pipes, electric cables and other lines can be buried beneath your project area. You're required by law to call **8-1-1**, wait for utilities to mark their lines, then dig carefully, by hand, near the markings. When planning your project, make calling **8-1-1** the first thing you do.

**Know what's below.  
Call before you dig.**

### We Give Back to Our Communities

Last year, the Xcel Energy Foundation granted over \$3.5 million to 402 nonprofits throughout our service area. This funding targeted our focus areas of: education—\$1.2 million to improve science, technology and math education; economic sustainability—\$1 million aimed at promoting workforce development and economic self-sufficiency; environment—\$740,000 to protect and enhance the natural environment, and arts & culture—\$580,000 to increase access to arts and cultural activities for all.

### Energy Efficiency During the Winter

Maintaining a comfortable office temperature during the winter is as important as that first cup of coffee on Monday morning. Keeping employees warm throughout the work week may increase your energy bill ... but it doesn't have to! Reduce your energy bill by implementing simple energy-efficient updates around the office.

Visit [xcelenergy.com](http://xcelenergy.com) for seasonal efficiency tips and to learn more about our energy efficiency programs.

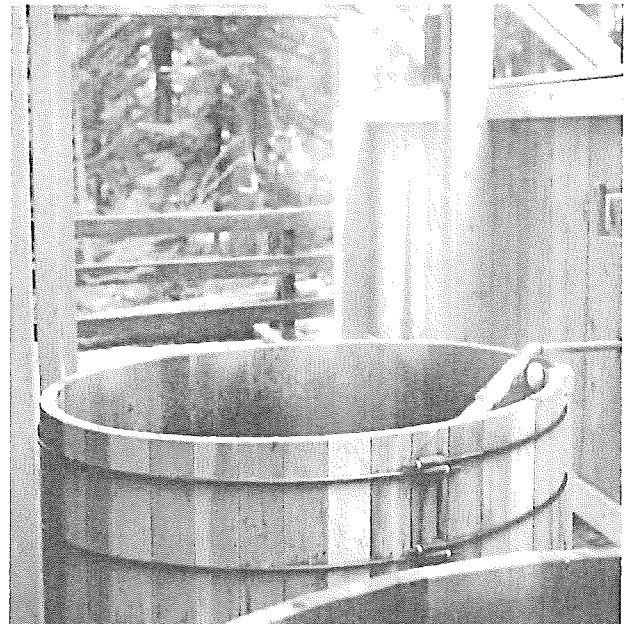

008650 2/2

### Historical Fact of the Month

For over 200 years, people in the U.S. have flocked to hot springs to get relief from the cold. In 1807, settlers founded the city of Hot Springs, Arkansas. 23 years after the city was founded, Asa Thompson charged one dollar each for the use of three, spring-fed baths in a wooden tub, and the first known commercial use of geothermal energy occurred.

**INFORMATION ABOUT YOUR BILL**

Thank you for your payment.

Stealing electricity or natural gas is dangerous, against the law and ultimately costs all of our customers. Protect yourself and others by reporting anyone tapping into a line, bypassing a meter, tampering with equipment or otherwise stealing energy to Xcel Energy's Revenue Assurance Hotline at 1-888-823-1511. Information you report will be kept confidential and you'll remain anonymous.

Convenience at your service - Pay your bills electronically-fast and easy with Electronic Funds Transfer. Call us at 1-800-481-4700 or visit us at [www.xcelenergy.com](http://www.xcelenergy.com).

RETURN BOTTOM PORTION WITH YOUR PAYMENT • PLEASE DO NOT USE STAPLES, TAPE OR PAPER CLIPS

## To Do: Call 8-1-1

It's spring—time to dig, install and plant. But first call **8-1-1** to be sure where you plan to dig is safe. Underground natural gas pipes, electric cables and other lines can be buried beneath your project area. You're required by law to call **8-1-1**, wait for utilities to mark their lines, then dig carefully, by hand, near the markings. When planning your project, make calling **8-1-1** the first thing you do.

**Know what's below.  
Call before you dig.**

## We Give Back to Our Communities

Last year, the Xcel Energy Foundation granted over \$3.5 million to 402 nonprofits throughout our service area. This funding targeted our focus areas of: education—\$1.2 million to improve science, technology and math education; economic sustainability—\$1 million aimed at promoting workforce development and economic self-sufficiency; environment—\$740,000 to protect and enhance the natural environment, and arts & culture—\$580,000 to increase access to arts and cultural activities for all.

## Energy Efficiency During the Winter

Maintaining a comfortable office temperature during the winter is as important as that first cup of coffee on Monday morning. Keeping employees warm throughout the work week may increase your energy bill ... but it doesn't have to! Reduce your energy bill by implementing simple energy-efficient updates around the office.

Visit [xcelenergy.com](http://xcelenergy.com) for seasonal efficiency tips and to learn more about our energy efficiency programs.

## Historical Fact of the Month

For over 200 years, people in the U.S. have flocked to hot springs to get relief from the cold. In 1807, settlers founded the city of Hot Springs, Arkansas. 23 years after the city was founded, Asa Thompson charged one dollar each for the use of three, spring-fed baths in a wooden tub, and the first known commercial use of geothermal energy occurred.
