

PRESIDIO COUNTY APPLICATION FOR CERTIFICATE OF COMPLIANCE UNDER COUNTY REGULATION OF SUBDIVISIONS AS REQUIRED FOR NEW UTILITY SERVICE.

Chapter 232 of the Texas Local Government Code sets out rules whereby counties are mandated to regulate subdivisions within their boundaries. Since Presidio County is a border county, specific regulations in Subchapter B of Chapter (232.022-232.043) apply. If you live outside the city limits of Presidio or Marfa, it is not possible for a utility to connect you with services unless you receive a Certificate of Compliance from Presidio County showing you have complied with the requirements of *Subchapter B and that is it legal to connect you with utilities. This application will help determine if you qualify for a Certificate of Compliance.*

INSTRUCTIONS:

- **Please provide a copy of your deed and an approved survey plat that has a legal description of your property, including the number of acres.**
- **For service to property that is 10 acres or less, provide proof where you will be getting your water from with this application (city or well water)**
 1. **Access to a properly permitted water well or access to a city or colonia water system. (For a well permit you may contact the Presidio County Underwater Conservation District at 432-426-3441).**
 2. **A properly certified septic system or access to a city or colonia sewer system. (To acquire the property septic system, contact the Presidio County Inspector at 432-229-3528 or 432-386-0971.**
- For AEP service call 877-373-4858 and get an ESID number of 17 digits (include on the line below). This is required.

Call the retail energy dealer of your choice, give them ESID number. Energy providers can be found at www.powertochoose.org.

- For Rio Grande Electric COOP service:
