Waiver/Discount Policy Adopted by the Bee County Commissioners' Court.

Community events, non-profit, or charitable organizations may request a waiver or reduction in fees for use of any ONE of the expo facilities. The Commissioners' Court requests that if able to, the event cover the costs of electricity and maintenance at minimum, and that these events be scheduled during the week if possible.

Community events, non-profit, or charitable organizations requesting the use for the entire Expo facility may sponsor a project enhancing the Expo facilities in lieu of payment of fees. The project must be approved by the Bee County Commissioners' Court prior to the event.

All requests must be presented and approved by the Bee County Commissioners' Court.

The deposit for all events, except County events, is required. Deposits will not be waived.

County-sponsored events do not require a damage deposit or payment of fees. All such events must go through the Bee County Judge's Office for scheduling.
