

Potential respondents,

To clarify my previous email regarding **Addendum No. 1** for the **2026 Road Materials** bid number 26-002 and **2026 Road Construction with Equipment** bid number 26-003 projects:

The opportunity to submit missing documentation applies **only to vendors who submitted a bid** by the original deadline of **October 23, 2025, at 2:00 p.m.**

Vendors who **did not submit a bid** by that deadline may still do so; however, acceptance of any late submissions will be **subject to the approval of the Commissioners Court.**

Please let me know if you have any questions or require further clarification.
