RE: Medina County Quarterly Investment Report
July 1–September 30, 2018

This report includes information on quarterly cash and investment activity, interest earned, investment maturities and yields, portfolio allocation as well as a three-year comparison of investment and cash position by type and by fund for the quarter ended September 30, 2018.

Medina County has two (2) certificates of deposit (CDs) through our depository bank that were purchased with variable interest rates which are higher than the fixed rate. All other funds are invested with Local Government Investment Pools. I believe this provides the County with safety of principal and liquidity for proper management of cash flows.

Our current negotiated depository fixed earnings rates are lower than those of investment pools and those of our benchmark, the 90-day Treasury bill rate.

This report is made in accordance with the provisions of Government Code 2256, The Public Funds Investment Act. The investments in the County's portfolio comply with the Public Funds Investment Act and with the County's investment policy.
