

## PUBLIC MEETING NOTICE

San Jacinto County and all participating jurisdictions, including the Cities of Coldspring, Point Bland, and Shepherd, seek feedback from the public as they review and update the Hazard Mitigation Plan. Public input will help the Local Planning Team identify and analyze potential hazards affecting residents and recommend possible actions to reduce their impact throughout the county.

A Community Open House will be held on Wednesday, July 17, from 6 p.m. to 7:30 p.m. The meeting will be held at the Coldspring Community Center located at 101 E. Cedar Avenue, Coldspring, TX 77331. An online survey is also available at <http://tiny.cc/blancohmp>, where stakeholders have an additional opportunity to offer their feedback.

The county's planning consultants will be present to share maps and other information while answering questions.

The public can use the QR code below or click on <https://www.surveymonkey.com/r/6XZH85B> to answer a brief survey. This survey is important to gather information from the community.

Under the Disaster Mitigation Act of 2000, the Federal Emergency Management Agency (FEMA) requires communities to develop a mitigation plan to minimize or eliminate the long-term risk to human life and property from known hazards. Communities with a FEMA-approved plan are eligible for specific grant funding under the Hazard Mitigation Assistance (HMA) Program and others. Your feedback will help develop a plan that will best prepare the area and its residents for future hazards. For more information, contact Emmitt Eldridge, San Jacinto County emergency operations coordinator, at [emeldridge@san-jac.us](mailto:emeldridge@san-jac.us).
