## PRESS RELEASE

**FOR IMMEDIATE RELEASE**

January 2, 2014

### **Prosecutors to Accept Electronic Case Submissions**

Beginning January 1, 2014, the Potter County Attorney's office as well as the 47<sup>th</sup> District Attorney's office will begin accepting case submissions electronically.

Arresting agencies participating in this program include the Amarillo Police Department and Potter County Sheriff's office. Agencies will no longer have to hand-deliver paper case files, which had resulted in misplaced paper documents. Instead, agencies will submit their cases electronically using a new secure server-based network that the technology departments have established.

Last year, the two prosecutors' offices combined to process over 8,000 cases.

For more information, contact Jason Patrick, Director of Information Technology, at (806) 349-4850 or email at [jasonpatrick@mypottercounty.com](mailto:jasonpatrick@mypottercounty.com).
