Subject: Request to Surplus & Dispose of Equipment

Background

Since taking office, one of our goals at the Sheriff's Office has been updating our aged fleet of vehicles. We have primarily focused on the replacement of our front-line vehicles, so that our first responding deputies have safe and reliable vehicles with which to perform their duties. As a result, we are continually evaluating the status of older patrol units and the costs associated with their continual operation (i.e. fuel and repair costs, coupled with amount of time these vehicles have spent in auto repair shops) which may negatively impact our county. With the purchase of new patrol units in the last several years, the Sheriff's Office has been able to stop using certain vehicles which have reached the end of their service life.

Due to this continual evaluation of our existing fleet, we are asking that the Commissioners' Court approve the Sheriff's Office request to move the following vehicles into surplus:

Unit #123 2009 Ford Expedition VIN #1FMFU15528LA47271
Unit #167 2008 Ford Expedition VIN #1FMFU15509EA96894

We further request that the Court allow that these two vehicles owned by the Sheriff's Office be placed into surplus so that they too can be disposed of via auction (Unit# 123 and Unit #167).

Impact on Operations

The Hill County Sheriff's Office no longer uses these vehicles due to their current mechanical condition.

Financial Impact

Selling these vehicles will come at a minimal financial cost to the citizens of Hill County, but will reduce the amount of money spent on maintaining them as one vehicle currently has approximately 234,352 miles and the other vehicle has approximately 285,969 miles.

Subject: Request to Surplus & Dispose of Equipment

Background

Since taking office, the Hill County Sheriff's Office has changed cellular telephone service providers from Verizon to AT&T due to the costs associated and services provided by each cellular carrier. Due to this switch in phone service providers the Sheriff's Office currently has forty-four (44) working Verizon phones that cannot be utilized by our staff.

We are asking that the Commissioners' Court approve the Sheriff's Office request to move the following cellular phones into surplus:

Forty (40)	Verizon	Apple	iPhone 6S's (32 GB)
Two (2)	Verizon	Samsung	Galaxy S7's
One (1)	Verizon	Samsung	Galaxy S6
One (1)	Verizon	Kyocera	Dura XV LTE

We further request that the Court allow that these phones owned by the Sheriff's Office be placed into surplus so that they too can be disposed of via auction.

Impact on Operations

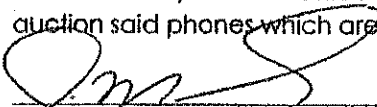

The impact on operations of the County would be that the Sheriff's Office is no longer using these phones.

Financial Impact

Selling these phones will come at a minimal financial cost to the citizens of Hill County.

Recommendation

The recommendation is to authorize moving a total of forty-four (44) phones currently owned by the Hill County Sheriff's Office over to "surplus" equipment and permitting the Sheriff's Office to auction said phones which are not being used.
