

DEBT CLAIM CASES

A debt claim case is a lawsuit brought to recover a debt by an assignee of a claim, a debt collector or collection agency, a financial institution, or a person or entity primarily engaged in the business of lending money at interest.

The claim can be for no more than \$20,000, excluding statutory interest and court costs but including attorney fees, if any. Debt claim cases in justice court are governed by Rules 500-507 and 508 of Part V of the Rules of Civil Procedure. To the extent of any conflict between Rule 508 and the rest of Part V, Rule 508 applies.
