Judge Bob Skelton
Shackelford County
PO Box 3067
Albany, TX 76430

Dear Judge Skelton,

The Shackelford County Appraisal District (the District) has computed the *no-new-revenue (NNR)*, *no-new-revenue M&O (NNR M&O)*, *debt* (if applicable), *voter-approval*, and the *de minimis* (if applicable) tax rates for your taxing unit as shown below:

2020 Previously Adopted Tax Rate/\$100	\$0.6292
2021 No-New-Revenue Tax Rate/\$100	\$0.6506
2021 No-New-Revenue M&O Tax Rate/\$100	\$0.5704
2021 Voter-Approval M&O Tax Rate/\$100	\$0.6160
2021 Debt Tax Rate/\$100	\$0.0586
2021 Voter-Approval Tax Rate/\$100	\$0.6746
2021 De Minimis Tax Rate/\$100	\$0.7213

Proposing a tax rate that does not exceed the NNR rate does not require a public hearing prior to adoption unless it exceeds the M&O NNR rate. Proposing a tax rate that exceeds the NNR (and M&O NNR) but does not exceed the voter-approval rate, requires a public hearing prior to adoption. Proposing a tax rate that exceeds the voter-approval rate may automatically trigger an election to ratify the tax rate unless the taxing unit is subject to the *de minimis tax rate* provisions. Please consult the *Texas Property Tax Code Sec. 26.04 thru 26.07* for guidance on tax rate procedure requirements. You can also contact Clayton Snyder (assistant tax assessor/collector designee) at the District for assistance.

The District will produce and deliver to you and the newspaper, a public notice concerning all tax rate information required by the *Texas Property Tax Code Sec. 26.04(e)*. Attached you will find the worksheets used to determine the above tax rates and tax levy estimates. If you have any questions give Clayton or me a call.

Sincerely,

Richard Petree
Interim Tax Assessor Collector

No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

1. 2020 total taxable value. Enter the amount of 2020 taxable value on the 2020 tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$592,721,324
2. 2020 tax ceilings. Counties, Cities and Junior College Districts. Enter 2020 total taxable value of homesteads with tax ceilings. 4. 2020 total adopted tax rate.	\$0.629200/\$100
5. 2020 taxable value lost because court appeals of ARB decisions reduced 2020 appraised value. A. Original 2020 ARB values: \$0 B. 2020 values resulting from final court decisions: - \$0 C. 2020 value loss. Subtract B from A. ³	\$0
6. 2020 taxable value subject to an appeal under Chapter 42, as of July 25. A. 2020 ARB certified value: \$0 B. 2020 disputed value: - \$0 C. 2020 undisputed value. Subtract B from A. ⁴	\$0

Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

1. **Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years.³⁹ In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

The difference between the adopted tax rate and voter-approval tax rate is considered zero in the following scenarios:

- a tax year before 2020;⁴⁰
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴¹ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴²

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴³

Tax Levy: This is calculated by taking the adjusted taxable value (line 21 of No-New-Revenue Tax Rate Worksheet), multiplying by the appropriate rate, such as the No-New-Revenue Tax Rate and dividing by 100.

For School Districts: This is calculated by taking the adjusted taxable value (line 34 of the Voter-Approval Tax Rate Worksheet), multiplying by the appropriate rate, dividing by 100 and then adding this year's frozen tax levy on homesteads of the elderly.

Additional Levy Last Year: This is calculated by taking Last Year's taxable value (line 3 of No-New-Revenue Tax Rate Worksheet), multiplying by Last Year's tax rate (line 4 of No-New-Revenue Tax Rate Worksheet) and dividing by 100.

For School Districts: This is calculated by taking Last Year's taxable value, subtracting Last Year's taxable value for the elderly, multiplying by Last Year's tax rate, dividing by 100 and adding Last Year's tax ceiling.

Additional Levy This Year: This is calculated by taking the current adjusted taxable value, multiplying by the No-New-Revenue Tax Rate and dividing by 100.

For School Districts: This is calculated by taking the adjusted taxable value (line 34 of the Voter-Approval Tax Rate Worksheet), multiplying by the No-New-Revenue Tax Rate, dividing by 100 and adding This Year's tax ceiling.

COUNTIES ONLY: All figures in this worksheet include ALL County Funds. Tax Levy amounts are the sum of each Fund's Taxable Value X each Fund's Tax Rate.

Notice About 2021 Tax Rates

Property Tax Rates in Shackelford County. This notice concerns the 2021 property tax rates for Shackelford County. This notice provides information about two tax rates used in adopting the current tax year's tax rate. The no-new-revenue tax rate would impose the same amount of taxes as last year if you compare properties taxed in both years. In most cases, the voter-approval tax rate is the highest tax rate a taxing unit can adopt without holding an election. In each case, these rates are calculated by dividing the total amount of taxes by the current taxable value with adjustments as required by state law. The rates are given per \$100 of property value.

This year's no-new-revenue tax rate: \$0.650600/\$100

This year's voter-approval tax rate: \$0.6746/\$100
