## TEXAS TRANSPORTATION COMMISSION

J. Bruce Bugg, Jr.  
Chairman

March 27, 2020

Laura Ryan  
Commissioner

The Honorable Charles Wolf  
PO Box Y  
Kermit, TX 79745-6024

Alvin New  
Commissioner

Robert C. Vaughn  
Commissioner

Dear Judge Wolf,

Yesterday, March 26, 2020, the Texas Transportation Commission (Commission) approved the submission of applications, the application timeline, and estimated available funds for the County Transportation Infrastructure Funds (CTIF) grant program for transportation infrastructure projects located in areas of the state affected by increased oil and gas production. During the 86th Legislative Session (2019), the Texas Legislature modified the existing Transportation Infrastructure Fund, referred to as CTIF, and appropriated \$250 million for the CTIF Program.

This legislation and funding will enable counties in areas affected by energy-sector activities to apply for and obtain grants through the Texas Department of Transportation (TxDOT) to repair or improve county roads. The Texas Transportation Commission has expedited the process to provide funds to counties.

The Commission welcomes this opportunity to partner with you in the State's continuing efforts to address the mobility, safety and preservation of Texas' transportation system. We recognize that counties are on the front lines in the joint efforts to address the challenge of ensuring Texas continues to provide the best road system in the country to our citizens and visitors.

This program will be administered in a manner that provides counties with the ability to focus on their specific needs in relation to energy-sector activities. These activities are a large part of our State's vibrant economy; however, they do impact and damage county roads. The CTIF funds provide vital dollars to ensure that the construction and preservation of your county road system can be maintained, while providing the travelling public with enhanced safety on the roads.

The CTIF program may not provide enough funding to address all the challenges created by energy-sector activities in your county, but we believe that it does provide a mechanism for Texas counties and TxDOT to strengthen our partnership to provide Texas an effective and safer transportation experience for the traveling public.

We look forward to working with your county and advancing the efforts the Legislature has entrusted with both of our organizations. Please do not hesitate to contact me at (512) 305-9509 for additional information or your staff may contact John Jameson, TxDOT's Director of Local Government Programs at (512) 416-2152 or [John.Jameson@txdot.gov](mailto:John.Jameson@txdot.gov).

Sincerely,

The HONORABLE CHARLES M WOLF  
WINKLER COUNTY  
PO Box Y  
KERMIT, TX 79745-6024

Dear Judge Wolf:

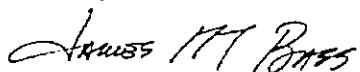

During the 86th Regular Legislative Session (2019), the Texas Legislature passed House Bill 4280, which was signed by Governor Greg Abbott and became effective on September 1, 2019. HB 4280 modifies the existing Transportation Infrastructure Fund (Chapter 256, Texas Transportation Code), referred to as the County Transportation Infrastructure Fund (CTIF). The 86th Legislature also appropriated \$250 million for the CTIF Program, \$125 million in Senate Bill 500 from the Economic Stabilization Fund, and \$125 million in House Bill 1 (General Appropriations Act, Rider 47) from available sources of revenue to the Texas Department of Transportation (TxDOT). This funding will enable counties in areas affected by energy-sector activities to apply for and obtain grants through TxDOT to repair or improve county roads. On February 27, 2020, the Texas Transportation Commission adopted rules to comply with the statutory changes in HB 4280.

As outlined in HB 4280 and TxDOT rules, grant funding will be distributed to each county according to the following formula: 10% - weight tolerance permits, 20% - oil and gas production taxes, 45% - horizontal well completion, 15% - vertical well completions, and 10% - volume of oil and gas waste injected. The methodology and data used to develop the allocations under the formula were determined by the Texas Department of Motor Vehicles, the Texas Comptroller of Public Accounts, and the Railroad Commission of Texas, respectively.

The estimated allocation for each county in the state, assuming all 254 counties apply, will be provided as part of the NOTICE OF REQUEST FOR APPLICATIONS FOR COUNTY TRANSPORTATION INFRASTRUCTURE FUND GRANT PROGRAM included with this letter. Actual grant awards may vary from the estimate. Accordingly, it is estimated that Winkler County is eligible for a minimum grant award of \$3,319,721. The total grant award to your county will not be known until the application period closes and all applications are reviewed by TxDOT. TxDOT will then provide a written notice to each applicant that states the amount of the grant award. TxDOT will begin accepting electronically submitted applications on Monday, April 27, 2020. The application period will end Wednesday, May 27, 2020.

Please visit [www.txdot.gov](http://www.txdot.gov). keyword search "county infrastructure" for updates on CTIF.
