The Commissioners Court received further explanation between "Small" projects and "Large" projects. The threshold for a large project is anything over \$1,037,000.00, Large projects can submit for reimbursement throughout the project as the work is being completed with the proper documentation. The Small projects are under the \$1,037,000.00 threshold amount will have to be 100% complete before documentation can be submitted for reimbursement. The Commissioners Court requested for some of the smaller projects be combined in order to make them large projects so they will have the availability to receive reimbursement during the course of the project.
