PRESS RELEASE

On August 4, 2023, Hunt County Attorney G Calvin Grogan obtained two expunction orders on behalf of a Hunt County Veteran that successfully completed a twelve-month VA-supervised reintegration program. This marks the 1st time a Hunt County veteran has been represented by the County Attorney's Office in an Expunction Hearing as part of Operation Second Chance. Typically, the State of Texas does not represent criminal defendants in open court. Operation Second Chance is unique because if a Hunt County veteran successfully completes his or her pretrial diversion program, the Hunt County Attorney's Office will file the expunction petition and represent the veteran at the Expunction hearing. The Court filing fee and costs are collected from the veteran. Mr. Grogan was pleasantly surprised at the Veteran's progress throughout the 12 months and more than happy to represent him in District Court today.
