JODI MORGAN
County Clerk, Milam County, Texas
By  Deputy

(This Court reserves the right to convene in executive session at any time deemed necessary for the consideration of confidential matters in accordance with Texas Government code, Chapter 551, Subchapters D and E. Before any closed meeting is convened, the presiding officer will publicly identify the section or sections of the Act authorizing the closed meeting. All final votes or decisions will be taken in open meeting.)

Exhibit A

Permission For Entry and Waiver of Claims

I, Mike Organ the undersigned, hereby give my consent to Milam County and its employees to enter my property located on County Road 455, for the purpose of maintaining County Road 455. In addition, I hereby waive any and all claims against Milam County that may result from that entry.

Permission For Entry and Waiver of Claims

I, Angela Smith, the undersigned, hereby give my consent to Milam County and its employees to enter my property located on County Road 134E, for the purpose of maintaining County roads and ditches. In addition, I hereby waive any and all claims against Milam County that may result from that entry. I agree that Milam County may clean the silt, and debris from the sewer, and level it out at the new ditches where the water is now running on the owner's property. This will assist in the rain water running down the ditch line easily without restrictions. This waiver also gives Milam County permission to park their equipment on the property during all aspects of the construction duration. Any other needed information may be handwritten below but, must be initialed by both parties to be agreed upon.

RE: Retention Stipend for WIC staff Employee Retention

Purpose

The WIC program needs your support to help ensure WIC staff receive a one-time retention stipend to keep the exceptional staff that provide services in your community. This is a one-time retention stipend that is only available this program year that must be utilized and invoiced in September of 2024.

Background

Over the last 2 years Texas WIC staff have managed multiple crises. These have included a national formula shortage which required a great amount of extra work and dedication. Staff went above and beyond in an incredibly stressful situation, providing assistance to families in crisis unable to locate formulas for their infants. Staff assisted and reissued formula benefits multiple times as well as helped clients in locating alternative formulas. In addition, there have been multiple occasions where staff have had to reschedule client visits and reissue cash value benefits for fruits and vegetables, doubling the staff workload. There have been regional floods, power outages and tornados. Despite all of the crises, staff have remained steadfast in providing exceptional services to the participants in our communities.

Staff retention is crucial to the WIC program. WIC is a highly complex program, and it takes a new staff member approximately six months to become proficient providing WIC services. Over recent years the complexity of providing services to our WIC population has risen. Serving our participants has required our staff to improve their knowledge of nutrition topics, effective counseling, and developmental milestones. Throughout the last two years they have integrated multiple changes in technology brought on by a continuously modernized management information system. They have incorporated those changes into their everyday business practices and educated clients on the client facing improved functionality. Despite the ongoing changes, Texas WIC staff have continued to provide exceptional services exemplified in our customer service scores that are sent to participants after each clinic visit. In the last two years Texas WIC staff have an average customer service score of 6.62 out of a possible 7. Equally impressive is the average Net Promoter score of 89 (net promoter scores range from -100 to +100). A score in this range falls into the "World Class" category. Staff of

July 16, 2024

Page 2

this caliber are hard to find in the workforce and they are the heart of our program. It is imperative that we retain the very skilled workforce that makes up Texas WIC.

Funding

Texas WIC is providing additional funding to Local Agencies for a one-time retention stipend to each WIC employee. WIC will cover costs associated with a one-time retention stipend of \$4,000 to each WIC employee. Only one retention stipend can be given per person. That value can be prorated for staff that work less than 100% on WIC. These funds are only available for this purpose.

Eligible Employees

The retention stipend should be applied to all staff that contribute to the WIC customer experience.

Allowability

The State Agency strongly encourages you to provide this stipend to all WIC staff. Retention stipend pay is an allowable cost and is an effective tool to retain our very skilled workforce and continue to ensure quality services to all the participants in your communities.

Time Limited

In order to take advantage of this benefit to the Texas WIC workforce, the one-time stipend must be awarded to staff in September 2024 and invoiced in fiscal year 2024, ending on September 30, 2024. No additional funding is available after that period.

Funding and Reimbursement

Employee stipend funding will be reflected on the fourth quarter funding letter.

Thank you for your support as a Parent Agency and Local Agency that provides World Class WIC services to your community. You should be very proud of the services and the individuals you have that provide services at your agency.

Sincerely,

Edgar Curtis

Edgar Curtis
