AFFIDAVIT OF SUBMISSION FOR REVIEW AND PROTEST  
OF APPRAISAL RECORDS TO THE APPRAISAL REVIEW BOARD

THE STATE OF TEXAS

COUNTY OF COLORADO

LIMITING CONDITIONS

The appraisal value estimates provided by the district are subject to the following conditions:

1. The appraisals were prepared exclusively for ad valorem tax purposes.
2. The property characteristic data upon which the appraisals are based is assumed to be correct. Exterior inspections of the property appraised were performed as staff resources and time allowed.
3. Validation of sales transactions was attempted through questionnaires to the buyer and seller and field review. In the absence of such confirmation, sales data from vendors were considered reliable.

CERTIFICATION STATEMENT

I, Robert Maes, Chief Appraiser for Colorado County Appraisal District, solemnly swear that I have made or caused to be made a diligent inquiry to ascertain all property in the district subject to appraisal by me and that I have included in the records all property that I am aware of at an appraised value determined as required by law.

Appraisal Review Board  
Colorado County, Texas

ORDER APPROVING APPRAISAL RECORDS

FOR 2020

COLORADO COUNTY

On July 9, 2020, the Appraisal Review Board of Colorado County, Texas, met to approve the appraisal records for tax year 2020.

The Board finds that the appraisal records, as corrected by the Chief Appraiser according to the orders of the Board, should be approved.

The Board finds that the sum of appraised values, as determined by the Chief Appraiser, of all properties on which protests have been filed but not determined by this Board is five percent or less of the total appraised value of all other taxable properties.

The Board therefore **APPROVES** the appraisal records as corrected.

Chairwoman, Appraisal Review Board

Agreement

In exchange for the issuance of a permit by Colorado County to perform the work described on the Application, Applicant agrees to comply with the following provisions:

1. Applicant shall pay a permit, inspection and document review fee of \$1,000 for the Oil & Gas industry and \$100 for all other types of right-of-way permits and a fee of \$500 for each open cut of a County Road if that procedure is approved by the Precinct Commissioner.
2. Applicant expressly recognizes that the issuance of a permit by Colorado County does not grant any right, claim, title, or easement in or upon the road or its appurtenances. In the future, should Colorado County, for any reason, need to work, improve, relocate, widen, increase, add to, decrease, or in any manner change the structure of the road or right-of-way, the line, if affected, will be moved, or relocated at the complete expense of Applicant.
3. Colorado County, its employees, agents or assigns will be held harmless for all claims, actions, or damages of every kind and description which may occur to or be suffered by any person or persons, corporation, or property by reason of the performance of any such work, character of material used or manner of installation, maintenance or operation or by improper occupancy of rights-of-way or public place or public structure, and in case any suit or action is brought against Colorado County for damages arising out of or by reason of any of the above causes, Applicant, its successors or assigns, will upon notice to him or them of commencement of such action, defend the same at his or their own expense, and will satisfy any judgment after said suit or action shall have finally been determined if adverse to Colorado County.
4. Colorado County, its employees and agents will, at no time, be held liable for any damage or injury done to the property of Applicant whether in contract or in tort, which may result from improving and/or maintaining its county roads or right-of-ways.
5. The Applicant must provide three copies of drawings or diagrams showing proposed ~~location of the utility, pipeline, communication line, electrical line, or telephone line~~ (hereafter "utility") with respect to right-of-way, type of installation or repair, size, length, material, and size of appurtenances, if any.
6. The construction and maintenance by Applicant shall not interfere with a previously installed utility. When necessary to remove or adjust another utility, a representative of that other utility shall be notified to decide the method and work to be done. Any cost of temporarily or permanently relocating other utilities shall be borne by Applicant.

**MINUTES OF THE COLORADO COUNTY  
COMMISSIONER'S COURT REGULAR MEETING**

**JULY 27, 2020**

7. If Applicant is installing a pipeline across a county road, the pipe shall be encased from right-of-way line to right-of-way line. Vents will be provided at each end where the length of casing is over 150 feet. All vents shall be placed outside county road right-of-way. Readily identifiable and suitable markers shall be placed at the right-of-way line where it is crossed by the pipeline.
8. If Applicant is installing a pipeline along the county road right-of-way it shall be located as close as possible to the right-of-way line as specified by the Precinct Commissioner. Readily identifiable and suitable markers shall be placed along the pipeline every 1,000 feet.
9. Applicant agrees to haul heavy loads or equipment to the work site along routes designated by the Commissioner of the Precinct in which such roads are located and Applicant, further, agrees to reimburse the County for any and all damages to roads and bridges in Colorado County from the movement of said loads or equipment within 30 days of receipt of County's notice of damages.
10. The Applicant shall make every effort to open and close all trenching operations during the daylight hours of one day. Appropriate measures shall be followed in the interest of safety, traffic convenience and access to adjacent property for all trenching operations. It shall be the responsibility of the Applicant to adhere to the section on construction and maintenance as outlined in the Texas Manual of Uniform Traffic Control Devices.
11. All lines, where practicable, shall be located to cross roadbed at an approximate right angle. No lines are to be installed under or within 50 feet of either end of any bridge. No lines shall be placed in any culvert or within 10 feet of the closest point of same.
12. Parallel lines will be installed as near to the right-of-way line as possible, and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the Precinct Commissioner.
13. No work shall be performed in the County right-of-way until after a permit has been issued by the County. Each permit will be valid for a period of 180 days. If construction has not been completed within this period, a new permit must be obtained.

---

14. The Applicant or its Contractor shall have a copy of the executed Application, Agreement and Permit available on the job site during the duration of the work.
15. All lines shall be buried at least forty (40) inches below the lowest point of the roads, ditches, creeks or borrow pits.
16. All open cut excavations of a county road shall be no greater in width than is necessary to adequately install the utility line.

**MINUTES OF THE COLORADO COUNTY  
COMMISSIONER'S COURT REGULAR MEETING**

**JULY 27, 2020**

17. Operations along roadways shall be performed in such a manner that all excavated material be kept off the pavement at all times, as well as all operating equipment and materials. No equipment or installation procedures will be used which will damage any road surface or structures. The cost of any repairs to road surface, roadbed, structures, or other right-of-way features as a direct result of this installation will be borne by the Utility.
18. Upon completion of the project, all equipment, construction material, surplus materials, trash, broken concrete, lumber, etc. shall be removed from the construction site. The entire construction site shall be graded and cleaned to present the appearance as it was prior to construction or better.
19. For utility lines crossing under a County road or private entrance, Contractor shall be required to drill, core, or bore through the sub-grade at a depth to be determined by the Precinct Commissioner. If, however, such procedure is deemed impractical by reason of rock, utilities, underground construction or terrain, special permission shall be obtained from the Precinct Commissioner before an open road cut will be allowed. If approved, trenching, backfilling, and resurfacing of the cut shall be done in accordance with the procedures outlined in this Agreement. The Applicant shall be responsible for all paving repair for a period of one year after completion.
20. Backfill requirements for all open cut excavation and trenches shall be as follows:
  - i. ~~Areas not subject to or influenced by vehicular traffic~~- the trench backfill shall be placed in layers not more than ten inches (10") in depth, and shall be compacted by whatever means the Contractor chooses.
  - ii. ~~Areas subject to or influenced by vehicular traffic~~- the trench backfill shall be mechanically compacted in six-inch (6") lifts to a minimum of ninety percent (90%) modified proctor density.
    1. ~~Dirt Roads~~- Backfill shall be well tamped in six inch (6") layers to a point nine inches (9") below the surface of the road, after which one-foot (1') of good gravel shall be tamped until level with the existing surface.
    2. ~~Gravel Roads and Streets~~- Backfill shall be well tamped in six inch (6") layers to a point nine inches (9") below the surface of the road after which one foot (1') of good gravel shall be tamped until level with the existing surface.
    3. ~~Asphalt Roads~~- Backfill materials shall be selected mineral aggregate and cement in proportions of 27 to 1, properly compacted (tamped to proper density of 90%) to within two inches (2") of road surface. Asphaltic concrete must then be added and tamped or rolled to make a level surface with existing road surface.

**MINUTES OF THE COLORADO COUNTY  
COMMISSIONER'S COURT REGULAR MEETING  
JULY 27, 2020**

21. The Applicant shall not cut or open more than one-half of the roadway at a time, in order to maintain the flow of traffic at all times. However, in an emergency or with the permission of the Precinct Commissioner, the total width of the roadway may be cut or opened, provided barricades are placed at the first intersection each way from the cut, and suitable detour signs are erected.
22. All of the above work shall be done under the direction of, and be satisfactory to, the Precinct Commissioner. The holder of the permit shall notify the Precinct Commissioner twenty-four (24) hours prior to the time the work will be done, to allow the Precinct Commissioner to be present at the time the work is done. This will in no way relieve the Applicant from its responsibility for maintenance due to failure of the repaired cut.
23. Failure to Comply with Specifications: If an opening or cut in the county right-of-way is not refilled and restored as herein provided, the County will notify the Applicant in writing to refill and restore the opening to the satisfaction of the Precinct Commissioner. If the Applicant fails to comply with the written request within ninety (90) days after receipt of such notice, the County is authorized to disable or remove the utility from the right-of-way and Applicant will pay for any expenses for the refilling and restoration within thirty (30) days after notice of the amount by County. Failure to refill, restore, or pay will authorize the County to collect using the Performance Bond. No further permits shall be issued to such Applicant until these costs have been paid.
24. An opening or cut in a county road that is not refilled and restored within 24 hours following verbal notice to applicant by Precinct Commissioner will be repaired by County and Applicant will be billed for the cost of repairs. Failure to pay this bill will authorize County to collect the bill using the Performance Bond.
25. In the event that the Applicant or its successor(s) abandons the utility, Applicant shall give written notice to the Colorado County Judge, P.O. Box 236, Columbus, TX 78934.
26. If the utility is abandoned or at the expiration of the use of said utility, Applicant will timely remove the utility from the county right of way. In the event said utility is not removed, ownership of the utility will vest in County. It is agreed that "timely removal" of said utility shall be within 120 days after said utility is abandoned or use expires.
27. Applicant must post a performance bond in the amount of \$2,500.00 per mile and \$2500 for each boring under a county road assuring the performance of said work in compliance with the terms of this contract and pay a permit, inspection and document review fee of \$1,000 for the Oil & Gas industry and \$100 for all other types of right-of-way permits to Colorado County.
28. Applicant shall obtain, at Applicant's expense, and keep in effect during the term of this Agreement, Commercial General Liability Insurance covering bodily injury and property

damage with minimum coverage of \$1,000,000.00 per occurrence in a form satisfactory to the County.

29. Applicant shall comply with and at all times abide by all applicable federal, state and local laws, rules and regulations.
30. This permit only applies to Colorado County right-of ways. Applicant acknowledges that this permit does not grant the right to trespass or damage non-right-of-way property owned by adjoining landowners, and Applicant accepts this permit subject to any and all rights of the adjoining landowners.

Contribution-In-Aid-Of-Construction Agreement  
For Electric Distribution Service

Colorado County TP  
Greg Peadley  
Service: 1011 OLD ALTAIR RD  
EAGLE LAKE, TX

Contract #: DWMS00000495353 Work Request #: 77216645

Date: 7/21/2020

You, ~~Greg Peadley~~ Colorado County (Customer) have requested AEP Texas (Company) to install/construct certain electric distribution facilities (hereinafter referred to as "Facilities") as follows: poles, overhead conductors, and devices

The cost for construction/installation of the requested Facilities will be in excess of what would normally be provided by Company at no additional cost to the Customer to initiate service. In accordance with the Company's approved Tariff, as filed with the Public Utilities Commission of Texas, the Customer agrees to pay Company a one-time, non-refundable, Contribution-In-Aid-Of-Construction (CIAC) in the amount of 276.39. The Customer understands that he/she receives no ownership or control of the Facilities by virtue of the payment of the CIAC. The Facilities installed by the Company will remain the property of the Company. The Company expressly retains the right to use said Facilities for any purpose which Company deems appropriate under good utility practices, including the distribution of electric service to other customers.

Company agrees to install overhead poles and overhead conductors, and the Customer agrees to provide signed CIAC Agreement and pay upfront cost and to be ready to take electric service on or before 09/14/2020.

It is understood and agreed that the Company will not begin construction/installation of the Facilities until full payment of the CIAC has been received by the Company; therefore, Customer understands and agrees that he/she needs to make full payment of the CIAC in sufficient time to allow for the construction/installation to be completed by the In Service Date.

The pricing of the CIAC quoted herein is based on the specifics of the Customer's request, including the Customer's stated In Service Date, and must be accepted by the Customer by executing and returning to the Company this Agreement by 10/19/2020 to remain valid. Should Customer alter the request for facilities, or request a delay in (or is otherwise unable to take service by) the stated In Service Date, the Company reserves the right to update the pricing and require an additional CIAC payment to reflect any increases in cost due to the alteration in requested facilities or the delay in taking service, or both.

Nothing contained herein shall be construed as a waiver or relinquishment by Company of any right it has or may hereafter have to discontinue service for default in the payment of any bill owing or to become owing hereunder or for any reason or cause allowed by law.

By signing and returning this Agreement, Customer understands and accepts the above described terms and conditions.

The Honorable Ty Prause  
Colorado County Judge  
P.O. Box 236  
Columbus, Texas 78934-0236

Dear Judge Prause:

This letter is to notify you that the Texas Department of Transportation (TxDOT) is soliciting updates to the county road inventory (CRI) from your county. This is the third year that TxDOT is accepting updates from every county, every year, rather than every other year. The deadline for the 2020 submission is August 31, 2020.

The CRI program had another banner year in 2019, with over 19,000 markups submitted through the Data Updates & Sharing Application (DUSA) resulting in over 450 miles of county roads added. This application greatly enhances reporting accuracy and timeliness for CRI.

If your county previously registered to access DUSA, you may proceed with updates for 2020 at any time. However, if your county has not yet registered to access DUSA, please forward the instructions outlined on pages 4 & 5 to your staff or whomever you wish to delegate responsibility for updating the CRI for your county.

A few things to note about DUSA for 2020:

- 1) In June 2020, the valid updates submitted from 2019 were updated in DUSA.
- 2) A new 'reference layer' was added, which shows the markups submitted in 2019 that did not meet the criteria for a county road, or were not updated for another reason\*.

\* Note: While 71 city limit boundaries in corresponding county road edits were completed, several of last year's markups were not applied to the inventory due to a backlog in our city limit boundary updates. Until we can update a city boundary, we cannot update the affected county roads and city streets. We apologize for the delay.

Starting in 2020, TxDOT will be corresponding with your county via email only and no longer via USPS mail. In addition, we will be using DocuSign for the mileage certification. DocuSign is a widely used and accepted tool for securely obtaining electronic signatures.

**INSTRUCTIONS**

County road inventory updates can be submitted to TxDOT through the **Data Updates & Sharing Application (DUSA)**. To access DUSA, you must have a username and password. Follow the steps below to obtain your username and password. You will only have to do this one time.

- 1) The person responsible for making updates (a county official or designated 3<sup>rd</sup> party) should use the following link to register:

[https://www.dot.state.tx.us/apps-cg/contact\\_us/form/dusa-form.htm](https://www.dot.state.tx.us/apps-cg/contact_us/form/dusa-form.htm)

- 2) Within 24 hours you will receive an email from **ArcGIS Notifications** providing your unique username and inviting you to join the **ArcGIS Online Organization, Texas Department of Transportation**. Follow the link within this email to finish setting up your account and establish your own password.

- 3) Once you receive a unique username and password, you will then sign-in to DUSA at the following website address:

[https://www.txdot.gov/apps/statewide\\_mapping/dusa/index.html](https://www.txdot.gov/apps/statewide_mapping/dusa/index.html)

- 4) Select the **'ArcGIS login'** option to sign into the Data Updates & Sharing Application with your new ArcGIS Online username and password. **DO NOT** attempt to sign-in using the **'Enterprise login'** option, as it will be unsuccessful.

**ORDER RESTRICTING OUTDOOR BURNING**  
(Drought)

WHEREAS, the Colorado County Commissioners Court finds that drought conditions exist in all unincorporated areas of the county:

IT IS HEREBY ORDERED that outdoor burning is restricted in all unincorporated areas of the county for 90 days from the date of this Order, unless the restrictions are terminated earlier based on a determination made by the Texas Forest Service or this Court. This Order is adopted pursuant to local Government Code §352.081(c)(1), and other applicable statutes. This Order restricts outdoor burning as follows:

1. **Outdoor burning banned.** Unless an exception appears below, the use of combustible materials in an outdoor environment by any person is prohibited. Combustible materials include, but are not limited to the use of all fireworks, burning of trash, brush and open campfires and materials used outdoors in activities that could result in a fire.
  
2. **Exceptions.** This order does not prohibit the following outdoor activities:
  - **Barbecues and Household Trash.** This order does not prohibit outdoor barbecues and burning of household trash in a receptacle that is enclosed and covered with a mesh material with no more than ¼ inch openings and supervised in a safe area clear of debris.
  - **Controlled burns** necessary for planting and harvesting agricultural crops with a defensible space around the burn area, presence of fire suppression tools, and personal presence during the entire controlled burn.
  - **Authorized by TCEQ.** This order does not prohibit outdoor burning activities related to public health and safety that are authorized by the Texas Commission on Environmental Quality for: (1) firefighting training; (2) public utility, natural gas pipeline or mining operations; (3) planting or harvesting of agricultural crops; or (4) burns that are conducted by a prescribed burn manager certified under Section 153.048, Natural Resource Code, and meet the standards of Section 153.047, Natural Resource Code.
  - **Fireworks show.** This order does not prohibit an organized aerial display of fireworks conducted by an experienced pyrotechnician for a large audience where fire suppression equipment is present to prevent the spread of fire.
  - **Attwater Prairie Chicken Refuge** maintenance activities.

In accordance with the Local Government Code §352.081(h), a violation of this order is a Class C Misdemeanor, punishable by a fine of up to \$500.00.

The purpose of this Order is the mitigation of the public safety hazard posed by wildfires due to severe weather conditions by restricting use of combustible materials.

MINUTES OF THE COLORADO COUNTY  
COMMISSIONER'S COURT REGULAR MEETING  
JULY 27, 2020

**Special Note Regarding 2021 Plan Assessments and Investment Market Declines**

All valuation calculations, including the required contribution rate, are based on the plan's funded status as of Dec. 31, 2019. Due to the coronavirus outbreak, investment markets have declined significantly in 2020. Unless a major market recovery happens this year, it is likely your plan will experience a substantial investment loss, which will cause required rates to increase. Because the valuation smooths investment gains and losses over five years to help keep rates stable, you can expect rates to increase over the next several years as the investment loss is recognized. A future market recovery could mitigate some of the rate increase.

As you review your benefit plans, please keep in mind that any benefit increases, such as a higher matching rate or a retiree cost-of-living adjustment, will further increase rates.

You may also want to consider making an additional contribution or adopting an elected rate to help buffer against future adverse plan experience. If your plan saw a decrease in the 2021 required contribution rate and does not already have an elected rate, you should consider adopting an elected rate that is at least equal to your 2020 required contribution rate.

**What You Are Providing**

The TCDRS benefit is based on employee deposits, which earn 7% compound interest each year, and employer matching at retirement. The following chart shows the estimated TCDRS benefit as a percentage of final salary prior to retirement for a new hire:

**Assumptions**

- Employees are new hires and will work for you until retirement.
- Your current plan provisions will remain in effect through employee's retirement.
- Current laws governing TCDRS will continue as they are.
- Graded salary scales give bigger raises early in careers, with smaller raises later in careers (see Summary Valuation Report at [www.tcdrs.org/employer](http://www.tcdrs.org/employer)).
- Based on Single Life benefit.

**GENERAL INFORMATION:** Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

**SECTION 1: No-New-Revenue Tax Rate**

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

**SECTION 2: Voter-Approval Tax Rate**

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies; in most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

**SECTION 3: NNR Tax Rate and Voter Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes**

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter approval tax rates to offset the expected sales tax revenue. This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter approval tax rate because it adopted the additional sales tax.

**SECTION 4: Voter-Approval Rate Adjustment for Pollution Control**

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination, that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

**SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate**

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years.<sup>39</sup> In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

For each tax year before 2020, the difference between the adopted tax rate and voter-approval rate is considered zero, therefore the unused increment rate for 2020 is zero.<sup>40</sup>

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.<sup>41</sup>

TEXAS ASSOCIATION *of* COUNTIES  
HEALTH AND EMPLOYEE BENEFITS POOL

**Fiscal Year 2019 Surplus Distributions  
Frequently Asked Questions**

**Q: What are Surplus Distributions?**

A: The Pool operates on a January to December fiscal year. Each year, our actuaries review our financial results, estimate Pool expenses for the coming year, and determine whether there is a surplus of revenue over claims, fixed expenses, and needed reserves. In years where there is a surplus, the HEBP Board of Directors has generally voted to return funds to Pool members.

**Q: Who is eligible for the surplus distribution?**

A: A Pooled group that has been a member of TAC HEBP with medical coverage for at least one full fiscal year ending 12-31-2019, and renews their TAC HEBP medical coverage for Plan Year 2021, is eligible to receive a surplus distribution.

**Q: How is the amount of the distribution calculated?**

A: 25 percent of the distribution is based on length of membership since HEBP was founded on October 1, 2001. The remaining 75 percent is performance-based, depending on each group's contribution toward surplus over a three year period after claims over \$250,000 are removed.

**Q: Does this mean that the Pool has been charging too much or not enough?**

A: No, not at all. We use the best actuarial and underwriting methods available and set our rates to cover our expected costs and expenses with a small, actuarially determined, margin for unpredictable variances, but no one can predict exactly what claims will be in any given year. High claims over \$100,000 are always somewhat unpredictable. Many of the individual counties in our Pool are too small for their claims to be predicted with a high degree of statistical probability. Fiscal year 2019 results were better than expected due to the change of the Pool's Pharmacy Benefit Manager to Navitus, which significantly reduced pharmacy costs.

**Q: Do we have to renew our coverage in order to receive the distribution?**

A: Yes. Also, if you leave the Pool and come back at a later time the longevity measurement period will start over.

**Q: We want to use this money to decrease dependent rates. Is that okay?**

A: The distribution belongs to the county or district and can be used as the county or district determines is best. However, we would issue a word of caution against substantially lowering the employee's dependent contributions. In the event the group is unable to subsidize dependent costs at the current levels in future years, your employees could be faced with a steep cost increase, even if overall rates don't change much. Employees need to be aware of this situation or they could face financial difficulties. Please contact your Employee Benefits Consultant if you wish to discuss this further.

**Q: Will we be getting a distribution next year?**

A: Counties should not rely on receiving a distribution each year. The Board of Directors reviews the financial performance of the Pool on an annual basis. If there is a surplus at the end of the 2020 fiscal year, the Board *may* elect to issue a distribution again.

LIMITING CONDITIONS

The appraisal value estimates provided by the district are subject to the following conditions:

1. The appraisals were prepared exclusively for ad valorem tax purposes.
2. The property characteristic data upon which the appraisals are based is assumed to be correct. Exterior inspections of the property appraised were performed as staff resources and time allowed.
3. Validation of sales transactions was attempted through questionnaires to the buyer and seller and field review. In the absence of such confirmation, sales data from vendors were considered reliable.

CERTIFICATION STATEMENT

I, Robert Maes, Chief Appraiser for Colorado County Appraisal District, solemnly swear that I have made or caused to be made a diligent inquiry to ascertain all property in the district subject to appraisal by me and that I have included in the records all property that I am aware of at an appraised value determined as required by law.

Appraisal Review Board  
Colorado County, Texas

ORDER APPROVING APPRAISAL RECORDS  
FOR 2020  
COLORADO COUNTY

On July 9, 2020, the Appraisal Review Board of Colorado County, Texas, met to approve the appraisal records for tax year 2020.

The Board finds that the appraisal records, as corrected by the Chief Appraiser according to the orders of the Board, should be approved.

The Board finds that the sum of appraised values, as determined by the Chief Appraiser, of all properties on which protests have been filed but not determined by this Board is five percent or less of the total appraised value of all other taxable properties.

The Board therefore **APPROVES** the appraisal records as corrected.

Chairwoman, Appraisal Review Board
