November 12, 2024**

**PETITION FOR CREATION OF AN EMERGENCY SERVICES DISTRICT
(Colorado County, Texas)**

FILED FOR RECORD
COLORADO COUNTY, TX
2024 NOV -6 AM 9:51

THE STATE OF TEXAS § IN THE COMMISSIONER'S COURT OF
COUNTY OF COLORADO § COLORADO COUNTY, TEXAS

KIMBERLY MENKE
COUNTY CLERK MK

TO THE HONORABLE COUNTY JUDGE OF COLORADO COUNTY TEXAS:

Come Now, your Petitioners, numbering no fewer than one hundred (100) qualified voters who own taxable real property in the proposed emergency services district, who file this Petition pursuant to Section 775.011, Texas Health & Safety Code ("H&S Code") requesting the creation of an Emergency Services District ("ESD"). Your Petitioners would respectfully show the the following:

I.

The proposed Colorado County Emergency Services District is to be created and is to operate under Article III, Section 48-e of the Texas Constitution, and Chapter 775, H&S Code, including having the power to levy and collect taxes of ten cents (\$0.10) on the One Hundred Dollars (\$100.00) valuation of taxable value of property taxable by the District; and the District will be so created and operated to protect life and health and as provided in said Constitution and Legislative Act, as amended.

II.

The name of the proposed ESD will be "Colorado County Emergency Services District No. 1".

III.

The boundaries of the proposed ESD are fully coextensive with the boundaries of Colorado County, Texas, as those boundaries exist on July 1, 2024. A map of the proposed ESD is set forth in Exhibit "A", and is attached hereto and incorporated herein for all purposes.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

IV.

The proposed ESD, to be designated as Colorado County Emergency Services District No. 1, will provide the following emergency services: fire fighting services, fire prevention services, fire suppression services, emergency rescue services, search and rescue services, emergency medical services (EMS), and EMS first responder services.

V.

The creation of the proposed ESD complies with Sections 775.020 and 775.0205, H&S Code.

VI.

The area of the proposed ESD does not include or overlap the boundaries of any other ESD, and none of the land included in the proposed ESD is now included within any other ESD. The boundaries of the proposed ESD will include (1) the city limits and the extraterritorial jurisdiction of the City of Columbus, (2) the city limits and the extraterritorial jurisdiction of the City of Eagle Lake, (3) the city limits and the extraterritorial jurisdiction of the City of Weimar, and (4) the unincorporated areas of Colorado County.

VII.

The cities of Columbus, Eagle Lake, and Weimar are the only municipalities from which consent must be obtained, as provided under Section 775.14, H&S Code, in order for the municipal and corporate areas of the cities of Columbus, Eagle Lake, and Weimar and the extraterritorial jurisdiction areas of the cities of Columbus, Eagle Lake, and Weimar to be included in the proposed ESD.

VIII.

Petitioners would show that the creation and operation of the proposed ESD is feasible and will promote the public safety, welfare, health, and convenience of persons residing in the proposed ESD.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

IX.

The Petition herein contains the agreement signed by at least two petitioners, being:

Name: Richard LeCoursier
Address: 1051 Schulenburg Ln Columbus Tx 78934
Signature: 

Name: Donald Warschall
Address: 120 Creek Bend Lane
Signature: 

that hereby obligates them to pay not more than One Hundred Fifty Dollars (\$150.00) of the costs incident to the formation of the proposed ESD, including the costs of publishing notices, election costs, and other necessary and incidental expenses.

X.

Petitioners would show that this Petition is signed by at least 100 qualified voters who own taxable real property in the proposed Colorado County Emergency Services District No. 1. The signature and the mailing address of each petitioner are attached to this Petition as Exhibit "B".

WHEREFORE, PREMISES CONSIDERED, Petitioners request that the County Judge receive and accept this Petition; that the County Clerk issue and publish such notices as required by law; that a public hearing be held in the County on this Petition in the time and manner as provided in the H&S Code; that upon such hearing the Colorado County Commissioner's Court grant this Petition; and that upon such hearing the Colorado County Commissioner's Court call an election pursuant to Section 775.018, H&S Code, on the next authorized uniform election date that allows sufficient time to comply with the Texas Election Code and other applicable requirements of law to confirm the ESD's creation and authorize the imposition of a tax as provided by Section 48-e, Article III, Texas Constitution.

Colorado County Elections
Rebecka LaCourse
Elections Administrator

Colorado County Courthouse Annex
318 Spring Street, Suite 101
Columbus, Texas 78934

November 05, 2024

The Honorable Ty Prause
Colorado County Judge
400 Spring Street, Room 107
Columbus, TX 78934

Re: Petition for Creation of Colorado County Emergency Services District No. 1 (Columbus area)

Dear Judge Prause:

I, the Colorado County Election Administrator, am in receipt of the petition for the creation of the Colorado County Emergency Services District No. 1. There are 192 signatures on the filed petition, in which, 157 meet the requirement of registered voters owning taxable real property in the proposed Colorado County ESD 1.

The voter registration identification and the property ID number has been noted on the petition as part of the documentation of eligibility pursuant to (H&S) Section 775.011.

I certify that the petition contains more than the minimum 100 signatures of registered voters and real property owners within the boundaries of Exhibit A provided to my office by the petitioners.

Sincerely,

A handwritten signature in black ink that reads "Rebecka LaCourse".

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

**RESOLUTION ACCEPTING PETITION FOR CREATION OF
COLORADO COUNTY EMERGENCY SERVICES DISTRICT NO. 1
AND SETTING A PUBLIC HEARING**

WHEREAS, the County Judge of Colorado County, Texas, received on or about November 4, 2024, a PETITION FOR CREATION OF AN EMERGENCY SERVICES DISTRICT ("the Petition"); and

WHEREAS, said Petition seeks the creation of a county-wide emergency services district to be known as COLORADO COUNTY EMERGENCY SERVICES DISTRICT NO. 1 ("Colorado County ESD 1"); and,

WHEREAS, the County Judge has filed the Petition with the County Clerk of Colorado County, Texas, for submission to the Commissioners Court of Colorado County; and,

WHEREAS, the County Judge requested for and has received verification from the appropriate County authorities, including the County Elections Administrator, that the Petition is signed by at least one hundred (100) qualified voters who own taxable real property within the proposed Colorado County ESD 1; and,

WHEREAS, the County Judge finds that the Petition sets forth and meets all the current requisites of Chapter 775 of the Texas Health & Safety Code ("H&S Code") for a Petition for Creation of an Emergency Services District; and,

WHEREAS, the County Judge and County Clerk have presented the Petition to the Commissioners Court of Colorado County, for consideration and action pursuant to an agenda item appearing on the Commissioners Court agenda for its meeting on November 12, 2024; and,

WHEREAS, upon being presented the Petition, the Commissioners Court of Colorado County considered the same on the 12th day of November, 2024, and has found that the Petition is proper in form and substance, and complies with all the requirements for a valid petition pursuant to Sections 775.011, 775.013, H&S Code;

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

and,

WHEREAS, following such findings, pursuant to Section 775.015, H&S Code, the Commissioners Court shall set a place, date, and time for a hearing to consider the Petition; and,

WHEREAS, following consideration of the relevant matters, and by Motion properly put, seconded and approved, the Commissioners Court of Colorado County has accepted the Petition and intends to set a hearing to be held at 9:00 a.m. on the 13th day of January, 2025, in the Colorado County Courthouse, County Courtroom, 400 Spring Street, Columbus, Texas 78934, on the matters brought before it and pertinent to the Petition, and has ordered the posting and publication of a Notice of Public Hearing on the Petition, as required by law; and,

WHEREAS, the Colorado County Commissioners Court finds that:

1. The Petition is in due and proper form; complies with all current and applicable provisions of Chapter 775, H&S Code; was properly executed and bears the signatures of at least one hundred (100) qualified voters who own taxable real property within the proposed Colorado County ESD 1; and was duly presented to the Commissioners Court of Colorado County, Texas.
2. The boundaries of the proposed Colorado County ESD 1 are properly set forth as the entirety of Colorado County, Texas, with a map thereof attached to the Petition; and,
3. The Commissioners Court of Colorado County, Texas, has determined to set a place, date, and time for the hearing to consider the Petition.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. As provided by Section 775.015, H&S Code, the Colorado County Commissioners Court hereby accepts the Petition for the creation Colorado County

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

ESD 1 as a county-wide emergency services district, and approves for a public hearing on the Petition for the creation of an emergency services district to be known as COLORADO COUNTY EMERGENCY SERVICES DISTRICT NO. 1.

2. The Commissioners Court of Colorado County, Texas, hereby sets the 13th day of January, 2025, at 9:00 a.m., in the Colorado County Courthouse, County Courtroom, 400 Spring Street, Columbus, Texas 78934, as the date, place and time for the public hearing to consider the Petition

3. The County Clerk shall give notice of the hearing in the manner prescribed in Section 775.015(c), H&S Code.

4. Not later than the 21st day before the date on which the hearing will be held, the Notice of Public Hearing shall be posted at the courthouse door, and shall be published in the *Colorado County Citizen*, *Banner Press* and *Weimar Mercury*, once a week for two consecutive weeks. The first publication shall occur not later than the 21st day before the date on which the hearing will be held.

5. The Colorado County Commissioners Court shall adopt such other orders as may be necessary to carry out this Resolution.

Signed and approved this 12th day of November, 2024.

Ty Prause, Colorado County Judge

Attest:

Kimberly Menke, County Clerk

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

**NOTICE OF PUBLIC HEARING
ON PETITION FOR CREATION OF
COLORADO COUNTY EMERGENCY SERVICES DISTRICT NO. 1**

NOTICE IS GIVEN that the Commissioners Court of Colorado County, Texas, will conduct a hearing on Monday, January 13, 2025 at 9:00 a.m. in the Colorado County Courthouse, County Courtroom, 400 Spring Street, Columbus, Texas 78934, on a Petition for an Emergency Services District seeking to create COLORADO COUNTY EMERGENCY SERVICES DISTRICT NO. 1.

The District is to be created and to operate under Article III, Section 48-e of the Texas Constitution, as proposed by S.J.R. No. 27, Acts of the 70th Legislature, Regular Session, 1987, and adopted by the voters at an election on November 3, 1987. The boundaries of the proposed District are the entire boundaries of Colorado County.

Each person who has an interest in the creation of the COLORADO COUNTY EMERGENCY SERVICES DISTRICT NO. 1 may attend the public hearing and speak for, or against the creation of the District.

Submitted by

Kimberly Menke
Colorado County Clerk

**AVISO DE AUDIENCIA PÚBLICA
SOBRE PETICIÓN DE CREACIÓN DEL
DISTRITO DE SERVICIOS DE EMERGENCIA DEL
CONDADO DE COLORADO NÚM. 1**

SE NOTIFICA que el Tribunal de Comisionados del Condado de Colorado, Texas, realizará una audiencia el lunes 13 de enero de 2025 a las 9:00 a.m. en el Palacio de Justicia del Condado de Colorado, Sala del Tribunal del Condado, 400 Spring Street, Columbus, Texas 78934, sobre una Petición para un Distrito de Servicios de Emergencia que busca crear el DISTRITO DE SERVICIOS DE EMERGENCIA DEL CONDADO DE COLORADO NÚM. 1.

El Distrito se creará y operará bajo el Artículo III, Sección 48-e de la Constitución de Texas, según lo propuesto por S.J.R. Núm. 27, Actas de la Legislatura 70º, Sesión Regular, 1987, y adoptada por los votantes en una elección el 3 de noviembre de 1987. Los límites del Distrito propuesto son todos los límites de Colorado County.

Cada persona que tenga interés en la creación del DISTRITO DE SERVICIOS DE EMERGENCIA DEL CONDADO DE COLORADO NÚM. 1 puede asistir a la audiencia pública y hablar a favor o en contra de la creación del Distrito.

November 12, 2024

- ___6. Interlocal Agreement between Colorado County and City of Eagle Lake for the construction of roads funded by the GO Street Bond. (Gertson)**

Charles "Tink" Jackson, Eagle Lake City Manager stated he appreciated Commissioner Gertson working with the city on this. It has been decided to chip and seal the roads versus asphaltting to be able to repair more road miles. The county would receive water from the city in return.

**Motion by Commissioner Gertson to approve an Interlocal Agreement between Colorado County and City of Eagle Lake for the construction of roads funded by the GO Street Bond; seconded by Commissioner Neuendorff; 5 ayes 0 nays; motion carried; it was so ordered.
(See Attachment)**

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

**INTERLOCAL AGREEMENT BETWEEN COUNTY OF COLORADO AND CITY OF
EAGLE LAKE FOR THE CONSTRUCTION OF ROADS FUNDED BY THE 2023 GO
STREET BOND.**

**THE STATE OF TEXAS §
 §
COUNTY OF COLORADO §**

This Agreement is between Colorado County, Texas, acting by and through its Commissioners Court, hereinafter called "County" and the City of Eagle Lake, Texas, acting by and through its City Council, hereinafter called "City." (Collectively referred to as Parties).

WITNESSETH

WHEREAS, the legislative purpose and intent of the Interlocal Cooperation Act, Section 791.001, Texas Government Code, is to improve the efficiency and effectiveness of local government by authorizing the fullest possible range of inter-governmental contracting authority at the local level, including contracts between counties and other political subdivisions and agencies of the state; and

WHEREAS, the County and the City are authorized to enter into contracts and agreements for the performance of government functions; and

WHEREAS, the County and the City have investigated and determined that it would be advantageous and beneficial to both the County and the City and its inhabitants for the County and the City to enter into an agreement to share effort and cost to construct roads (the "Project"); and

WHEREAS, the County has agreed to assist the City in providing equipment and labor for the constructions of the Project; and

WHEREAS, the City has agreed to provide and cause to be provided all necessary construction materials for the Project;

NOW, THEREFORE, the County and the City in consideration of the mutual covenants and conditions contained herein and in recognition of the benefits to be gained by citizens of the County and the City, promise and agree as follows:

1. Both the City and County agree to work towards the mutual completion of the City of Eagle Lake 2023 Bond Street and Utility Improvements project.
2. Both the City and County agree that the roads contained in the Project will be constructed in accordance with the "Typical Asphalt Pavement Rehabilitation Section" shown on Sheet 71 in Exhibit A - Project Drawings. City will prepare and construct subgrade. County will perform Double Course Chip Seal Asphaltic Treatment. Approximately 77,000 square yards of Double Course Chip Seal are anticipated.
3. The County agrees to provide all labor and equipment to construct the Double Course Chip Seal Asphaltic Treatment as shown in the Drawings in Exhibit A.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

4. The City agrees to provide materials for the Project. The cost of materials will be procured from the County utilizing the County's negotiated material rate. City will be responsible for costs associated with delivery of said materials to a location designated by the County.

5. Both the City and County agree that work on individual street sections shall be completed by County within 14 calendar days of City notifying County individual street sections are ready for completion by County.

6. The City agrees to provide the County with water for maintenance purposes for a period of twenty (20) years, starting on the date of the execution of this agreement. The County will be responsible for transportation of water once obtained from the location designated by the City.

7. Both the City and County agree that upon completion of the Project ownership for said improvements as part of the Project will be property of the City of Eagle Lake.

8. Both the City and the County individually agree, to the extent allowed by law, to indemnify, save harmless, and defend each other, and the other party's officers, agents, and employees from any and all claims, causes of action and damages of every kind arising from the construction of the improvements, including all reasonable expenses in litigation, court costs, expert fees, and reasonable attorney's fees.

9. Neither the City nor the County, by entering into this agreement, individually or collectively, consent to suit, waive their governmental immunity, or waive any remedies they may have lawfully available to them pursuant to applicable law.

10. Miscellaneous

a. This Agreement may only be amended in writing executed by the City and the County. This Agreement replaces and supersedes any previous oral or written representations or agreements in connection with or relating to the Project.

b. Failure upon the part of a party to enforce any provision of this Agreement shall not act as a waiver of compliance or estoppel against that party.

c. The parties to this Agreement concede to using their best efforts to mutually negotiate and resolve all questions and problems if and when they arise.

d. Each party shall be responsible for its own attorney's fees in any matter arising out of this Agreement.

e. This Agreement shall be construed under the laws of the State of Texas and venue for any action arising out of this Agreement shall lie exclusively in the federal and state courts of Colorado County, Texas.

f. Any covenant, condition or provision of this Agreement that is held to be invalid by a Court of competent jurisdiction shall be deleted from this Agreement, but such deletion shall in no way affect any other covenant, condition or provision contained in this Agreement.

g. This Agreement is being executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together shall constitute one and the same Agreement.

h. This Agreement shall become effective immediately upon its approval by the governing bodies of both the City and the County ("effective date"). Each official signing this Agreement does so on behalf of a governing body of an entity that has approved this Agreement.

TYPICAL USAGE				
MOBILE	SHORT DURATION	SHORT TERM STATIONARY	INTERMEDIATE TERM STATIONARY	LONG TERM STATIONARY

- GENERAL NOTES**
- Flags attached to signs where shown are REQUIRED.
 - All traffic control devices illustrated are REQUIRED, except those denoted with the triangle symbol may be omitted when stated elsewhere in the plans, or for routine maintenance work, when approved by the Engineer.
 - Inactive work vehicles or other equipment should be parked near the right-of-way line and not parked on the paved shoulder.
 - A Shadow Vehicle with a TMA should be used anytime it can be positioned 30 to 100 feet in advance of the area of area exposure without adversely affecting the performance or quality of the work. If workers are no longer present but road or work conditions require the traffic control to remain in place, Type 3 Barricades or other channelizing devices may be substituted for the Shadow Vehicle and TMA.
 - Additional Shadow Vehicles with TMAs may be positioned off the paved surface, next to those shown in order to protect wider work spaces.
 - See TCP15-11 for shoulder work on divided highways, expressways and freeways.
 - CW21-5 "SHOULDER WORK" signs may be used in place of CW20-10 "ROAD WORK AHEAD" signs for shoulder work on conventional roadways.

BARRICADE AND CONSTRUCTION (BC) STANDARD SHEETS GENERAL NOTES:

1. The Barricade and Construction Standard Sheets (BC sheets) are intended to show typical examples for placement of temporary traffic control devices, construction pavement markings, and typical work zone signs. The information contained in these sheets meet or exceed the requirements shown in the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD).
2. The development and design of the Traffic Control Plan (TCP) is the responsibility of the Engineer.
3. The Contractor may propose changes to the TCP that are signed and sealed by a licensed professional engineer for approval. The Engineer may develop, sign and seal Contractor proposed changes.
4. The Contractor is responsible for installing and maintaining the traffic control devices as shown in the plans. The Contractor may not move or change the approximate location of any device without the approval of the Engineer.
5. Geometric design of lane shifts and detours should, when possible, meet the applicable design criteria contained in manuals such as the American Association of State Highway and Transportation Officials (AASHTO), "A Policy on Geometric Design of Highways and Streets," the TxDOT "Roadway Design Manual" or engineering judgment.
6. When projects abut, the Engineer(s) may omit the END ROAD WORK, TRAFFIC FINES DOUBLE, and other advance warning signs if the signing would be redundant and the work areas appear continuous to the motorists. If the adjacent project is completed first, the Contractor shall erect the necessary warning signs as shown on these sheets, the TCP sheets or as directed by the Engineer. The BEGIN ROAD WORK NEXT X MILES sign shall be revised to show appropriate work zone distance.
7. The Engineer may require duplicate warning signs on the median side of divided highways where median width will permit and traffic volumes justify the signing.
8. All signs shall be constructed in accordance with the details found in the "Standard Highway Sign Designs for Texas," latest edition. Sign details not shown in this manual shall be shown in the plans or the Engineer shall provide a detail to the Contractor before the sign is manufactured.
9. The temporary traffic control devices shown in the illustrations of the BC sheets are examples. As necessary, the Engineer will determine the most appropriate traffic control devices to be used.
10. Where highway construction or maintenance work is being undertaken, other than mobile operations as defined by the Texas Manual on Uniform Traffic Control Devices, CSJ limit signs are required. CSJ limit signs are shown on BC(2). The OBEY WARNING SIGNS STATE LAW sign, STAY ALERT TALK OR TEXT LATER and the WORK ZONE TRAFFIC FINES DOUBLE sign with plaque shall be erected in advance of the CSJ limits. The BEGIN ROAD WORK NEXT X MILES, CONTRACTOR and END ROAD WORK signs shall be erected at or near the CSJ limits. For mobile operations, CSJ limit signs are not required.
11. Traffic control devices should be in place only while work is actually in progress or a definite need exists.
12. The Engineer has the final decision on the location of all traffic control devices.
13. Inactive equipment and work vehicles, including workers' private vehicles must be parked away from travel lanes. They should be as close to the right-of-way line as possible, or located behind a barrier or guardrail, or as approved by the Engineer.

WORKER SAFETY NOTES:

1. Workers on foot who are exposed to traffic or to construction equipment within the right-of-way shall wear high-visibility safety apparel meeting the requirements of ISEA "American National Standard for High-Visibility Apparel," or equivalent revisions, and labeled as ANSI 107-2004 standard performance for Class 2 or 3 risk exposure. Class 3 garments should be considered for high traffic volume work areas or night time work.
2. Except in emergency situations, flagger stations shall be illuminated when flagging is used at night.

COMPLIANT WORKZONE TRAFFIC CONTROL DEVICES

1. Only pre-qualified products shall be used. The "Compliant Work Zone Traffic Control Devices List" (CWZTCD) describes pre-qualified products and their sources.
2. Work zone traffic control devices shall be compliant with the Manual for Assessing safety Hardware (MASH).

⁴ For typical sign spacings on divided highways, expressways and freeways, see Part 6 of the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD) typical application diagrams or TDP Standard Sheets.

⁵ Minimum distance from work area to first Advance Warning sign nearest the work area and/or distance between each additional sign.

GENERAL NOTES

- Special or larger size signs may be used as necessary.
- Distance between signs should be increased as required to have 1500 feet advance warning.
- Distance between signs should be increased as required to have 1/2 mile or more advance warning.
- 36" x 36" "ROAD WORK AHEAD" (CW20-10) signs may be used on low volume crossroads at the discretion of the Engineer as per TMUTCD Part 5. See Note 2 under "Typical Location of Crossroad Signs".
- Only diamond shaped warning sign sizes are indicated.
- See sign size listing in "TMUTCD", Sign Appendix or the "Standard Highway Sign Designs for Texas" manual for complete list of available sign design sizes.

TYPICAL APPLICATION OF WORK ZONE SPEED LIMIT SIGNS

Work zone speed limits shall be regulatory, established in accordance with the "Procedures for Establishing Speed Zones," and approved by the Texas Transportation Commission, or by City Ordinance when within Incorporated City Limits.

Reduced speeds should only be posted in the vicinity of work activity and not throughout the entire project. Regulatory work zone speed signs (R2-1) shall be removed or covered during periods when they are not needed.

GUIDANCE FOR USE:

LONG/INTERMEDIATE TERM WORK ZONE SPEED LIMITS

This type of work zone speed limit should be included on the design of the traffic control plans when restricted geometrics with a lower design speed are present in the work zone and modification of the geometrics to a higher design speed is not feasible.

Long/Intermediate Term Work Zone Speed Limit signs, when approved as described above, should be posted and visible to the motorist when work activity is present. Work activity may also be defined as a change in the roadway that requires a reduced speed for motorists to safely negotiate the work area, including:

- rough road or damaged pavement surface
- substantial alteration of roadway geometrics (diversions)
- construction detours
- grade
- width
- other conditions readily apparent to the driver

As long as any of these conditions exist, the work zone speed limit signs should remain in place.

SHORT TERM WORK ZONE SPEED LIMITS

This type of work zone speed limit may be included on the design of the traffic control plans when workers or equipment are not behind concrete barrier, when work activity is within 10 feet of the traveled way or actually in the traveled way.

Short Term Work Zone Speed Limit signs should be posted and visible to the motorists only when work activity is present. When work activity is not present, signs shall be removed or covered. (See Removing or Covering on BC(4)).

GENERAL NOTES

- Regulatory work zone speed limits should be used only for sections of construction projects where speed control is of major importance.
- Regulatory work zone speed limit signs shall be placed on supports at a 7 foot minimum mounting height.
- Speed zone signs are illustrated for one direction of travel and are normally posted for each direction of travel.
- Frequency of work zone speed limit signs should be:
40 mph and greater 0.2 to 2 miles
35 mph and less 0.2 to 1 mile
- Regulatory speed limit signs shall have black legend and border on a white reflective background (See "Reflective Sheeting" on BC(4)).
- Fabrication, erection and maintenance of the "ADVANCE SPEED LIMIT" (W3-5) sign, "WORK ZONE" (G20-50P) plaque and the "SPEED LIMIT" (R2-1) signs shall not be paid for directly, but shall be considered subsidiary to Item 502.
- Turning signs from view, laying signs over or down will not be allowed, unless as otherwise noted under "REMOVING OR COVERING" on BC(4).
- Techniques that may help reduce traffic speeds include but are not limited to:
A. Law enforcement.
B. Flagger stationed next to sign.
C. Portable changeable message sign (PCMS).
D. Low-power (drone) radar transmitter.
E. Speed monitor trailers or signs.
- Speeds shown on details above are for illustration only. Work Zone Speed Limits should only be posted as approved for each project.
- For more specific guidance concerning the type of work, work zone conditions and factors impacting allowable regulatory construction speed zone reduction see TxDOT form #1204 in the TxDOT e-form system.

COMMISSIONER'S COURT REGULAR MEETING

DISCLAIMER
The use of this standard is governed by the "Texas Engineering Practice Act". No warranty of any kind is made by T303 for any purpose whatsoever. T303 assumes no responsibility for the conversion of this standard to other formats or for incorrect results or concepts resulting from its use.

1. STOP/SLOW poles are the primary method to control traffic by flaggers. The STOP/SLOW paddle size should be 24" x 24".
2. STOP/SLOW paddles shall be retroreflectORIZED when used at night.
3. STOP/SLOW paddles may be attached to a staff with a minimum length of 6' to the bottom of the sign.
4. Any lights incorporated into the STOP or SLOW paddle faces shall only be as specifically described in Section 6E.05 Hand Signaling Devices in the MUTCD.

1. Permanent signs used to give notice of traffic laws or regulations, call attention to conditions that are potentially hazardous to traffic operations, show route designations, destinations, directions, distances, services, points of interest, and other geographic, recreational, specific service, closure, or cultural information. Permanent signs are placed on roadways and need the same, if not better route guidance as normally installed on a roadway without construction.
2. When permanent regulatory or warning signs conflict with work zone conditions, remove or cover the permanent signs until the permanent sign message matches the temporary condition. For details for covering large guide signs see the TS-CD standards.
3. When existing permanent signs are moved and relocated due to construction purposes, they shall be visible to motorists at all times.
 - a. If existing signs are to be relocated on their original supports, they shall be installed on crashworthy bases as shown on the SMD Standard sheets. The signs shall meet the required mounting heights shown on the BC Sheets or the SMD Standards. This work should be paid for under the appropriate pay item for relocating existing signs.
 - b. If permanent signs are to be removed and relocated using temporary supports, the Contractor shall use crashworthy supports as shown on the BC Standard sheet, TLR5 Standard sheets or the CRCTED list. The signs shall meet the required mount heights shown on the BC, or the SMD standard sheets during construction. This work should be paid for under the appropriate pay item for relocating existing signs.
4. Any sign or traffic control device that is struck or damaged by the Contractor or his/her construction equipment shall be replaced as soon as possible by the Contractor to ensure proper guidance for the motorists. This will be submitted to Item 502.

1. Contractor shall install and maintain signs in a straight and plumb condition and/or as directed by the Engineer.
2. Wooden sign posts shall be painted white.
3. Barricades shall NOT be used as sign supports.
4. All signs shall be installed in accordance with the plans or as directed by the Engineer. Signs shall be used to regulate, warn, and guide the traveling public safely through the work zone.
5. The Contractor may furnish either the sign design shown in the plans or in the "Standard Highway Sign Designs for Texas" (SHSD), The Engineer/Inspector may require the Contractor to furnish other work zone signs that are shown in the MUTCD but may have been omitted from the plans. Any variation in the plans shall be documented by written agreement between the Engineer and the Contractor's Responsible Person. All changes must be documented in writing before being implemented. This can include documenting the changes in the Engineer's office and having both the Inspector and Contractor initial and date the agreed upon changes.
6. The Contractor shall furnish sign supports listed in the "Compliant Work Zone Traffic Control Device List" (CWZTDL) for all roadside signs. Supports for temporary large roadside signs shall meet the requirements detailed on the Temporary Large Roadside Signs (TLRS) standard sheets. The Contractor shall install the sign support in accordance with the manufacturer's recommendations. If there is a question regarding installation procedures, the Contractor shall furnish the Engineer a copy of the manufacturer's installation recommendations so the Engineer can review and direct procedures are being followed.
7. The Contractor is responsible for installing signs on approved supports and replacing signs with damaged or cracked substrates and/or damaged or warped reflective sheeting as directed by the Engineer/Inspector.
8. Identification markings may be shown only on the back of the sign substrate. The maximum height of letters and/or company logos used for identification shall be 1 inch.
9. The Contractor shall replace damaged wood posts. New or damaged wood sign posts shall not be applied.

Definition of work as defined by the "Texas Manual on Uniform Traffic Control Devices" Part 6:

1. The types of sign support, sign mounting height, the size of signs, and the type of sign substrates can vary based on the type of work being done. The Engineer/Inspector is responsible for selecting the appropriate sign support, sign mounting height and substrate when performed. The Contractor is responsible for ensuring the sign support, sign mounting height and substrate meets manufacturer's recommendations in regard to crashworthiness and duration of work requirements.
- a. Long-term stationary - work that occupies a location more than 3 days.
- b. Intermediate-term stationary - work that occupies a location more than one daylight period up to 3 days, or nighttime work lasting more than one hour.
- c. Short-term stationary - daytime work that occupies a location for more than 1 hour in a single daylight period.
- d. Short, duration - work that occupies a location up to 1 hour.
- e. Mobile - work that moves continuously or intermittently (stopping for up to approximately 15 minutes.)

1. The bottom of Long-term/Intermediate-term signs shall be of least 7 feet, but not more than 9 feet, above the paved surface, except for signs for use on temporary construction sites.
2. The bottom of Short-term/Short Duration signs shall be a minimum of 1 foot above the pavement surface but no more than 2 feet above the ground.
3. Long-term/Intermediate-term signs may be used in lieu of Short-term/Short Duration signing.
4. Short-term/Short Duration signs shall be used only during daylight and shall be removed at the end of the workday or raised to appropriate Long-term/Intermediate sign height.
5. Regulatory signs shall be mounted at least 7 feet, but not more than 9 feet, above the paved surface regardless of work duration.

1. The Contractor shall furnish the sign sizes shown on BC (2) unless otherwise shown in the plans or as directed by the Engineer.

3. All wooden individual sign panels fabricated from 2 or more pieces shall have one and one more plywood cleat, 1/2" thick by 6" wide, fastened to the back of the sign and extending fully across the sign. The cleat shall be attached to the back of the sign using wood screws that do not penetrate the face of the sign panel. The screws shall be placed on both sides of the splice and spaced at 6' centers. The Engineer may approve other methods of splicing the sign face.

1. All signs shall be retroreflective and constructed of sheeting meeting the color and retro-reflectivity requirements of DMS-8300 for rigid signs or DMS-8310 for roll-up signs. The web address for DMS specifications is shown on BC(1).
2. White sheeting, meeting the requirements of DMS-8300 Type A, shall be used for signs with a white background.
3. Orange sheeting, meeting the requirements of DMS-8300 Type B₁ or Type C₁, shall be used for rigid signs with orange backgrounds.

1. All sign letters and numbers shall be clear, and open rounded type uppercase alphabet letters as approved by the Federal Highway Administration (FHWA) and as published in the "Standard Highway Sign Design for Texas" manual. Signs, letters and numbers shall be of first class workmanship in accordance with Department Standards and Specifications.

1. When sign messages may be confusing or do not apply, the signs shall be removed or completely covered.
2. Long-term stationary or intermediate stationary signs installed on square metal tubing may be turned away from traffic 90 degrees when the message is not applicable. The technique may be used for signs installed in the median of divided highways or near any intersections where the sign may be seen from approaching traffic.
3. Signs installed on wooden signs shall not be turned of 90 degree angles to the roadway. These signs should be removed or completely covered when not required.
4. When signs are covered, the material used shall be opaque, such as heavy all black plastic, or other materials which will cover the entire sign face and maintain their opaque properties under automobile headlights at night, without damaging the sign sheeting.
5. Barbed shall NOT be used to cover signs.
6. Quick tape or other adhesive material shall NOT be affixed to a sign face.
7. Signs and anchor studs shall be removed and holes backfilled upon completion of work.

1. Where sign supports require the use of weights to keep from turning over, the use of sonobecks with dry, chainless ones should be used.
2. Sonobeck signs to be used to keep the sand from spilling and to maintain a constant weight.
3. Rock, concrete, iron, steel or other solid objects shall not be permitted to be used as signs.
4. Sonobecks should weigh a minimum of 35 lbs and a maximum of 50 lbs.
5. Sonobecks shall be made of a durable material that tears upon ventiler.
6. Rubber bulbos used as fire line markers shall not be used.
7. Rubber bulbos designed for channelizing devices should not be used for ballast on portable sign supports. Sign supports designed and manufactured by the Bureau should be used when available.
8. Sonobecks shall only be placed along or laid over the base supports of the traffic control device and shall be suspended above ground level using the top of the sign, chain or wire.
9. Signs should be placed along the length of the slide to weigh down the sign support.
10. Signs should not be placed under the slide and shall not be used to level sign supports placed on slopes.

1. Flags may be used to draw attention to warning signs. When used, the flag shall be 16 inches square or larger and shall be orange or fluorescent red-orange in color. Flags shall not be allowed to cover any portion of the sign face.

RECOMMENDED PHASES AND FORMATS FOR PCMS MESSAGES DURING ROADWORK ACTIVITIES

Phase 2: Possible Component Lists

* LANE'S SHIFT in Phase 1 must be used with STAY IN LANE in Phase 2

WORDING ALTERNATIVES

1. The words **RIGHT**, **LEFT** and **ALL** can be interchanged as appropriate.
2. Roadway designations **IN**, **US**, **SM**, **FM** and **LP** can be interchanged as appropriate.
3. **EAST**, **WEST**, **NORTH** and **SOUTH** (or abbreviations **E**, **W**, **N** and **S**) can be interchanged as appropriate.
4. Highway names and numbers replaced as appropriate.
5. **ROAD**, **HIGHWAY** and **FREEWAY** can be interchanged as needed.
6. **AMEA** may be used instead of distances if necessary.
7. **FT** and **MI**, **MILE** and **MILES** interchanged as appropriate.
8. **INT**, **SETORE** and **INTER** interchanged as needed.
9. Distances or **AMEA** can be eliminated from the message if a location phrase is used.

as per
recommen

End treatments used on CTS's in work zones shall meet the appropriate crashworthy standards as defined in the Manual for Assessing Safety Hardware (MASH). Refer to the CH2TCO List for approved end treatments and manufacturers.

1. Warning lights shall meet the requirements of the MUTCD.
2. Warning lights shall NOT be installed on barricades.
3. Type A-Low Intensity Flashing Warning Lights are commonly used with drums. They are intended to warn of or mark a potentially hazardous road. They are used as indicated on this sheet and/or other sheets of the plans by the designation "FL". The type A Warning Lights shall not be used with any other type of sheet.
4. Type B-High Intensity Flashing Warning Lights are commonly used with drums. They are intended to warn of or mark a potentially hazardous road. They are used as indicated on this sheet and/or other sheets of the plans by the designation "HL".
5. Type C-Use of 360 degree Steady Burn Lights are intended to be used in a series for delineation to supplement other traffic control devices. Their use shall be as indicated on this sheet and/or other sheets of the plans by the designation "SB".
6. The Engineer/Inspector or the plans shall specify the location and type of warning lights to be installed on the traffic control devices.
7. When required by the Engineer, the Contractor shall furnish a copy of the warning lights certification. The warning light manufacturer will certify the warning lights meet the requirements of the latest ITE Purchase Specification for Flashing and Steady Burn Warning Lights.
8. The location of steady burn lights shall be as indicated on this sheet and/or other sheets of the plans by the designation "SB".
9. The location of warning lights and warning reflectors on drums shall be as shown elsewhere in the plans.

WARNING REFLECTORS MOUNTED ON PLASTIC DRUMS AS A SUBSTITUTE FOR TYPE C (STEADY BURN) WARNING LIGHTS

1. A warning reflector or approved substitute may be mounted on a plastic drum as a substitute for a Type C, steady burn warning light at the discretion of the Contractor unless otherwise noted in the plans.
2. The warning reflector shall be yellow in color and shall be manufactured using a sign substrate approved for use with plastic drums listed on the CDOTCO.
3. The warning reflector shall have a minimum retroreflective surface area (one-side) of 30 square inches.
4. Round reflectors shall be fully reflectorized, including the area where attached to the drum.
5. Square substrates must have a minimum of 30 square inches of reflectorized sheathing. They do not have to be reflectorized where it attaches to the drum.
6. The side of the warning reflector facing approaching traffic shall have meeting the color and retroreflectivity requirements for DMS 3300-Type B or Type C.
7. When used near two-way traffic, both sides of the warning reflector shall be reflectorized.
8. The warning reflector shall be mounted on the side of the handle nearest approaching traffic.
9. The spacing spacing for warning reflectors should be identical to the channelizing device spacing requirements.

	OR		
4 CORNER CAUTION		ALTERNATING DIAMOND CAUTION	
DOUBLE ARROW		RIGHT/LEFT ARROW right arrow shown left is similar	RIGHT/LEFT SEQUENTIAL CHEVRON (right chevron shown left is similar)

5. The "CAUTION" display consists of four corner lamps flashing simultaneously, or the Alternating Diamond Caution mode as shown.
6. The straight line caution display is NOT ALLOWED.
7. The flashing arrow board shall be capable of minimum 50 percent dimming from rated lamp voltage.
8. The flashing rate of the lamps shall not be less than 25 nor more than 40 flashes per minute.
9. Minimum lamp "on time" shall be approximately 50 percent for the flashing arrow and equal intervals of 25 percent for each sequential phase of the flashing chevron.
10. The sequential or diode display is NOT ALLOWED.
11. The flashing arrow display is the TxDOT standard; however, the sequential chevron display may be used during daylight operations.
12. The flashing arrow board shall be mounted on a vehicle, trailer or other suitable support.
13. The flashing arrow board shall be located to the rear of the vehicle to laterally shift traffic.
14. A full matrix POMS may be used to simulate a flashing arrow board provided it meets visibility, flash rate and dimming requirements on this sheet for the same size arrow.
15. Minimum mounting height of trailer mounted arrow boards should be 7 feet from roadway to bottom of panel.

ATTENTION
Flashing Arrow Boards shall be equipped with automatic dimming devices.

WHEN NOT IN USE, REMOVE
THE ARROW BOARD FROM THE
RIGHT-OF-WAY OR PLACE THE
ARROW BOARD BEHIND CONCRETE
TRAFFIC BARRIER OR GUARDRAIL.

SHEET 7 OF 12

1. Truck-mounted attenuators (TMAs) used on TxDOT facilities must meet the requirements outlined in the Manual for Assessing Safety Hardware (MASH).
2. Refer to the CWTCD for the requirements of Level 2 or Level 3 TMAs.
3. Refer to the CWTCD for a list of approved TMAs.
4. TMAs are required on freeways unless otherwise noted in the plans.
5. A TMA should be used anytime that it can be positioned 30 to 100 feet in advance of the area of crew exposure without adversely affecting the work performance.
6. The only reason a TMA should not be required is when a work zone is located on the shoulder and the work crew is an extended distance from the TMA.

DISCLAIMER: This document is prepared by the "Texas Engineering Practice Act". No warranty of any kind is made by TxDOT for any purpose whatsoever. TxDOT assumes no responsibility for the conversion of this standard to other formats or for incorrect results or damages resulting from its use.

DATE
FILED

VERTICAL PANELS (VPs)

- Vertical Panels (VP's) are normally used to channelize traffic or divide opposing lanes of traffic.
- VP's may be used in daytime or nighttime situations. They may be used on the edge of shoulder drop-offs and other areas such as lane transitions where positive daytime and nighttime delineation is required. The Engineer/Inspector shall refer to the Roadway Design Manual for additional requirements on the use VP's for drop-offs.
- VP's should be mounted back to back if used on the edge of cuts adjacent to two-way two lane roadways. Stripes are to be reflective orange and reflective white and should always slope downward toward the travel lane.
- VP's used on expressways and freeways or other high speed roadways, may have more than 270 square inches of retroreflective area facing traffic.
- Self-righting supports are available with portable bases. See "Compliant Work Zone Traffic Control Devices List" (CRWZCD).
- Sheeting for the VP's shall be retroreflective Type A or Type B conforming to Departmental Material Specification DMS-8300, unless noted otherwise.
- Where the height of reflective material on the vertical panel is 36 inches or greater, a panel strips of 6 inches shall be used.

OPPOSING TRAFFIC LANE DIVIDERS (OTLD)

- Opposing Traffic Lane Dividers (OTLD) are delineation devices designed to convert a normal one-way roadway section to two-way operation. OTLD's are used on temporary centerlines. The upward and downward arrows on the sign's face indicate the direction of traffic on either side of the divider. The base is secured to the pavement with an adhesive or rubber weight to minimize movement caused by a vehicle impact or wind gust.
- The OTLD may be used in combination with 42\"/>
- Spacing between the OTLD shall not exceed 500 feet. 42\"/>
- The OTLD shall be orange with a black non-reflective legend. Sheeting for the OTLD shall be retroreflective Type B₉₀ or Type C₉₀ conforming to Departmental Material Specification DMS-8300, unless noted otherwise. The legend shall meet the requirements of DMS-8300.

- The chevron shall be a vertical rectangle with a minimum size of 12 by 18 inches.
- Chevrons are intended to give notice of a sharp change of alignment with the direction of travel and provide additional emphasis and guidance for vehicle operators with regard to changes in horizontal alignment of the roadway.
- Chevrons, when used, shall be erected on the outside of a sharp curve or turn, or on the far side of an intersection. They shall be in line with and at right angles to approaching traffic. Spacing should be such that the motorist always has three in view, until the change in alignment eliminates its need.
- To be effective, the chevron should be visible for at least 500 feet.
- Chevrons shall be orange with a black nonreflective legend. Sheeting for the chevron shall be retroreflective Type B₉₀ or Type C₉₀ conforming to Departmental Material Specification DMS-8300, unless noted otherwise. The legend shall meet the requirements of DMS-8300.
- For Long Term Stationary use on tapers or transitions on freeways and divided highways, self-righting chevrons may be used to supplement plastic drums but not to replace plastic drums.

CHEVRONS

LONGITUDINAL CHANNELIZING DEVICES (LCD)

- LCDs are crashworthy, lightweight, deformable devices that are highly visible, have good target value and can be connected together. They are not designed to contain or redirect a vehicle on impact.
- LCDs may be used instead of a line of cones or drums.
- LCDs shall be placed in accordance to application and installation requirements specific to the device, and used only when shown on the CRWZCD list.
- LCDs should not be used to provide positive protection for obstacles, pedestrians or workers.
- LCDs shall be supplemented with retroreflective delineation as required for temporary barriers on BC(1) when placed roughly parallel to the travel lanes.
- LCDs used as barricades placed perpendicular to traffic should have at least one row of reflective sheeting meeting the requirements for barricade rolls as shown on BC(10). Place reflective sheeting near the top of the LCD along the full length of the device.

WATER BALLASTED SYSTEMS USED AS BARRIERS

- Water ballasted systems used as barriers shall not be used solely to channelize road users, but also to protect the work space per the appropriate Manual for Assessing Safety Hardware (MASH) crashworthiness requirements based on roadway speed and barrier application.
- Water ballasted systems used to channelize vehicular traffic shall be supplemented with retroreflective delineation or channelizing devices to improve daytime/nighttime visibility. They may also be supplemented with pavement markings.
- Water ballasted systems used as barriers shall be placed in accordance to application and installation requirements specific to the device, and used only when shown on the CRWZCD list.
- Water ballasted systems used as barriers should not be used for a merging taper except in low speed (less than 45 MPH) urban areas. When used on a taper in a low speed urban area, the taper shall be delineated and the taper length should be designed to optimize road user operations considering the available geometric conditions.
- When water ballasted systems used as barriers have blunt ends exposed to traffic, they should be attenuated as per manufacturer recommendations or flared to a point outside the clear zone.

If used to channelize pedestrians, longitudinal channelizing devices or water ballasted systems must have a continuous detectable bottom for users of long cones and the top of the unit shall not be less than 32 inches in height.

HOLLOW OR WATER BALLASTED SYSTEMS USED AS
LONGITUDINAL CHANNELIZING DEVICES OR BARRIERS

GENERAL NOTES

- Work Zone channelizing devices illustrated on this sheet may be installed in close proximity to traffic and are suitable for use on high or low speed roadways. The Engineer/Inspector shall ensure that spacing and placement is uniform and in accordance with the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD).
- Channelizing devices shown on this sheet may have a driveable, fixed or portable base. The requirement for self-righting channelizing devices must be specified in the General Notes or other plan sheets.
- Channelizing devices on self-righting supports should be used in work zone areas where channelizing devices are frequently impacted by errant vehicles or vehicle related wind gusts making alignment of the channelizing devices difficult to maintain. Locations of these devices shall be detailed elsewhere in the plans. These devices shall conform to the TMUTCD and the "Compliant Work Zone Traffic Control Devices List" (CRWZCD).
- The Contractor shall maintain devices in a clean condition and replace damaged, nonreflective, faded, or broken devices and bases as required by the Engineer/Inspector. The Contractor shall be required to maintain proper device spacing and alignment.
- Portable bases shall be fabricated from virgin and/or recycled rubber. The portable bases shall weigh a minimum of 30 lbs.
- Pavement surfaces shall be prepared in a manner that ensures proper bonding between the adhesives, the fixed mount bases and the pavement surface. Adhesives shall be prepared and applied according to the manufacturer's recommendations.
- The installation and removal of channelizing devices shall not cause detrimental effects to the final pavement surfaces. Driveable bases shall not be permitted on final pavement surfaces. The Engineer/Inspector shall approve all application and removal procedures of fixed bases.

Posted Speed	Formula	Minimum Desirable Taper Lengths				Suggested Maximum Spacing of Channelizing Devices	
		10' Offset	11' Offset	12' Offset	On a Taper	On a Tangent

TYPE 3 BARRICADES

- Refer to the Compliant Work Zone Traffic Control Devices List (CWZCD) for details of the Type 3 Barricades and a list of all materials used in the construction of Type 3 Barricades.
- Type 3 Barricades shall be used at each end of construction projects closed to all traffic.
- Barricades extending across a roadway should have stripes that slope downward in the direction toward which traffic must turn in detouring. When both right and left turns are provided, the chevron striping may slope downward in both directions from the center of the barricade. Where no turns are provided at a closed road, striping should slope downward in both directions toward the center of roadway.
- Striping of rolls, for the right side of the roadway, should slope downward to the left. For the left side of the roadway, striping should slope downward to the right.
- Identification markings may be shown only on the back of the barricade rolls. The maximum height of letters and/or company logos used for identification shall be 1".
- Barricades shall not be placed parallel to traffic unless an adequate clear zone is provided.
- Warning lights shall NOT be installed on barricades.
- Where barricades require the use of weights to keep from turning over, the use of sandbags with dry, cohesionless sand is recommended. The sandbags will be tied shut to keep the sand from spilling and to maintain a constant weight. Sand bags shall not be stacked in a manner that covers any portion of a barricade rolls reflective sheeting. Rock, concrete, iron, steel or other solid objects will NOT be permitted. Sandbags should weigh a minimum of 35 lbs and a maximum of 50 lbs. Sandbags shall be made of a durable material that tears upon vehicular impact. Rubber (such as tire inner tubes) shall not be used for sandbags. Sandbags shall only be placed along or upon the base supports of the device and shall not be suspended above ground level or hung with rope, wire, chains or other fasteners.
- Sheeting for barricades shall be retroreflective Type A or Type B conforming to Departmental Material Specification DMS-8300 unless otherwise noted.

Barricades shall NOT be used as a sign support.

Stiffener may be inside or outside of support, but no more than 2 stiffeners shall be allowed on one barricade.

TYPICAL PANEL DETAIL FOR SKID OR POST TYPE BARRICADES

Each roadway of a divided highway shall be barricaded in the same manner.

PERSPECTIVE VIEW

The three rolls on Type 3 barricades shall be reflectorized orange and reflective white stripes on one side facing one-way traffic and both sides for two-way traffic. Barricade striping should slant downward in the direction of detour.

- Signs should be mounted on independent supports at a T fast mounting height in center of roadway. The signs should be a minimum of 10 feet behind Type 3 Barricades.
- Advance signing shall be as specified elsewhere in the plans.

PLAN VIEW

TYPE 3 BARRICADE (POST AND SKID) TYPICAL APPLICATION

28" Cones shall have a minimum weight of 9 1/2 lbs.

42" 2-piece cones shall have a minimum weight of 30 lbs, including base.

- Traffic cones and tubular markers shall be predominantly orange, and meet the height and weight requirements shown above.
- One-piece cones have the body and base of the cone molded in one consolidated unit. Two-piece cones have a cone shaped body and a separate rubber base, or ballast, that is added to keep the device upright and in place.
- Two-piece cones may have a handle or loop extending up to 8" above the minimum height shown, in order to aid in retrieving the device.
- Cones or tubular markers shall have white or white and orange reflective bands as shown above. The reflective bands shall have a smooth, sealed outer surface and meet the requirements of Departmental Material Specification DMS-8300 Type A or Type B.
- 28" cones and tubular markers are generally suitable for short duration and short-term stationary work as defined in BC(10)-21. These should not be used for intermediate-term or long-term stationary work unless personnel is on-site to maintain them in their proper upright position.
- 42" two-piece cones, vertical panels or drums are suitable for all work zone durations.
- Cones or tubular markers used on each project should be of the same size and shape.

PLAN VIEW

CULVERT WIDENING OR OTHER ISOLATED WORK WITHIN THE PROJECT LIMITS

- Where positive redirection capability is provided, drums may be omitted.
- Plastic construction fencing may be used with drums for safety as required in the plans.
- Vertical panels on flexible support may be substituted for drums when the shoulder width is less than 4 feet.
- When the shoulder width is greater than 12 feet, steady-burn lights may be omitted if drums are used.
- Drums must extend the length of the culvert widening.

LEGEND	
	Plastic drum
	Plastic drum with steady burn light or yellow warning reflector
	Steady burn warning light or yellow warning reflector

Increase number of plastic drums on the side of approaching traffic if the crown width makes it necessary. Minimum of 2 and maximum of 4 drums.

MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING

November 12, 2024

DISCLAIMER: The use of this standard is governed by the "Texas Engineering Practice Act," which requires that the user of this standard be aware of the limitations of this standard and of the consequences of its use. No warranty of any kind is made by the Department of Transportation for the results or damages resulting from its use.

DATE
FILE

WORK ZONE PAVEMENT MARKINGS

GENERAL

1. The Contractor shall be responsible for maintaining work zone and existing pavement markings, in accordance with the standard specifications and special provisions, on all roadways open to traffic within the CSJ limits unless otherwise stated in the plans.
2. Color, patterns and dimensions shall be in conformance with the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD).
3. Additional supplemental pavement marking details may be found in the plans or specifications.
4. Pavement markings shall be installed in accordance with the TMUTCD and as shown on the plans.
5. When short term markings are required on the plans, short term markings shall conform with the TMUTCD, the plans and details as shown on the Standard Plan Sheet 82(STPM).
6. When standard pavement markings are not in place and the roadway is opened to traffic, DO NOT PASS signs shall be erected to mark the beginning of the sections where passing is prohibited and PASS WITH CARE signs at the beginning of sections where passing is permitted.
7. All work zone pavement markings shall be installed in accordance with Item 662, "Work Zone Pavement Markings."

RAISED PAVEMENT MARKERS

1. Raised pavement markers are to be placed according to the patterns on BC(112).
2. All raised pavement markers used for work zone markings shall meet the requirements of Item 672, "RAISED PAVEMENT MARKERS" and Departmental Material Specification DMS-4200 or DMS-4300.

PREFABRICATED PAVEMENT MARKINGS

1. Removable prefabricated pavement markings shall meet the requirements of DMS-8241.
2. Non-removable prefabricated pavement markings (roll back) shall meet the requirements of DMS-8240.

MAINTAINING WORK ZONE PAVEMENT MARKINGS

1. The Contractor will be responsible for maintaining work zone pavement markings within the work limits.
2. Work zone pavement markings shall be inspected in accordance with the frequency and reporting requirements of work zone traffic control device inspections as required by Form 599.
3. The markings should provide a visible reference for a minimum distance of 300 feet during normal daylight hours and 160 feet when illuminated by automobile low-beam headlights at night, unless sight distance is restricted by roadway geometrics.
4. Markings failing to meet this criteria within the first 30 days after placement shall be replaced at the expense of the Contractor as per Specification Item 662.

REMOVAL OF PAVEMENT MARKINGS

1. Pavement markings that are no longer applicable, could create confusion or direct a motorist toward or into the closed portion of the roadway shall be removed or obliterated before the roadway is opened to traffic.
2. The above shall not apply to detours in place for less than three days, where flaggers and/or sufficient channelizing devices are used in lieu of markings to outline the detour route.
3. Pavement markings shall be removed to the fullest extent possible, so as not to leave a discernable marking. This shall be by any method approved by TxDOT Specification Item 677 for "Eliminating Existing Pavement Markings and Markers".
4. The removal of pavement markings may require resurfacing or seal coating portions of the roadway as described in Item 677.
5. Subject to the approval of the Engineer, any method that proves to be successful on a particular type pavement may be used.
6. Blast cleaning may be used but will not be required unless specifically shown in the plans.
7. Over-pointing of the markings SHALL NOT BE permitted.
8. Removal of raised pavement markers shall be as directed by the Engineer.
9. Removal of existing pavement markings and markers will be paid for directly in accordance with Item 677, "ELIMINATING EXISTING PAVEMENT MARKINGS AND MARKERS," unless otherwise stated in the plans.
10. Block-out marking tape may be used to cover conflicting existing markings for periods less than two weeks when approved by the Engineer.

Temporary Flexible-Reflective Roadway Marker Tabs

STAPLES OR NAILS SHALL NOT BE USED TO SECURE
TEMPORARY FLEXIBLE-REFLECTIVE ROADWAY MARKER
TABS TO THE PAVEMENT SURFACE

1. Temporary flexible-reflective roadway marker tabs used as guidemarks shall meet the requirements of DMS-8242.
2. Tabs detailed on this sheet are to be inspected and accepted by the Engineer or designated representative. Sampling and testing is not normally required, however at the option of the Engineer, either "A" or "B" below may be imposed to assure quality before placement on the roadway.
 - A. Select five (5) or more tabs at random from each lot or shipment and submit to the Construction Division, Materials and Pavement Section to determine specification compliance.
 - B. Select five (5) tabs and perform the following test. Affix five (5) tabs at 24 inch intervals on an asphaltic pavement in a straight line. Using a medium size passenger vehicle or pickup, run over the markers with the front and rear tires at a speed of 35 to 40 miles per hour, four (4) times in each direction. No more than one (1) out of the five (5) reflective surfaces shall be lost or displaced as a result of this test.
3. Small design variances may be noted between tab manufacturers.
4. See Standard Sheet 82(STPM) for tab placement on new pavements. See Standard Sheet TCP(7-1) for tab placement on seal coat work.

RAISED PAVEMENT MARKERS USED AS GUIDEMARKS

1. Raised pavement markers used as guidemarks shall be from the approved product list, and meet the requirements of DMS-4200.
2. All temporary construction raised pavement markers provided on a project shall be of the same manufacturer.
3. Adhesive for guidemarks shall be bituminous material hot applied or butyl rubber pad for all surfaces, or thermoplastic for concrete surfaces.

Guidemarks shall be designated as:
YELLOW - (two color reflective surfaces with yellow body).
WHITE - (one silver reflective surface with white body).

DEPARTMENTAL MATERIAL SPECIFICATIONS	
PAVEMENT MARKERS (REFLECTORIZED)	DMS-4200
TRAFFIC BUTTONS	DMS-4300
EPOXY AND ADHESIVES	DMS-6100

- __7. Discussion with IT regarding multi factor authentication requirements for email. (Schneider)**

Charles Schneider discussed the need for multi factor authentication when logging into the email service. He is proposing a security key option for all employees with a county email address and no county cell phone. He has requested a quote for one hundred fifty security keys and is awaiting a response. He recommends moving forward with this as soon as possible.

YubiKey 5 Series

The multi-protocol security key that enables passwordless

Relying solely on username and password security puts enterprise data at risk

Catastrophic security breaches top world headlines every day, and for good reason. A single corporate security breach costs an average of \$4.45M,¹ with phishing and stolen or compromised credentials the two most common initial attack vectors. As a result, IT organizations cannot rely exclusively on passwords to protect access to corporate data. Adopting stronger employee and customer authentication is essential to avoiding risk and becoming the next target.

Phishing-resistant MFA with Smart Card/PIV and FIDO2/WebAuthn

The YubiKey 5 Series is a hardware-based authentication solution that provides superior defense against account takeovers and enables compliance. The YubiKey offers strong authentication with support for multiple protocols, including existing Smart Card/PIV, and FIDO2/WebAuthn, the new standard enabling the replacement of weak password-based authentication. With the YubiKey, security is heightened with strong hardware-based authentication using public key cryptography. And the YubiKey is easy to use, fast and reliable, and is proven at scale to significantly reduce IT costs and eliminate account takeovers.

The YubiKey 5 Series—from left to right: YubiKey 5 NFC, YubiKey 5C NFC, YubiKey 5CI, YubiKey 5C, YubiKey 5 Nano and YubiKey 5C Nano.

The YubiKey 5 Series security keys deliver expanded authentication options

- **Strong Single Factor—Passwordless:** Replaces weak passwords with passwordless tap-n-go secure login.
- **Strong Two Factor—Password + Authenticator:** Adds a tap-n-go second factor for secure two factor authentication.
- **Strong Multi-Factor—Passwordless + PIN:** Combines tap-n-go authentication with a PIN, to solve high assurance requirements such as financial transactions, or submitting a prescription.

The YubiKey delivers strong authentication at scale

The YubiKey multi-protocol support streamlines authentication for existing systems while paving the way forward to a passwordless future.

- Authentication and cryptographic protocols supported include FIDO Universal 2nd Factor (U2F), FIDO2/WebAuthn, Personal Identity Verification-compatible (PIV) Smart Card, and OpenPGP smart card.
- Works across major operating systems including Microsoft Windows, macOS, iOS, Android, and Linux, as well as leading browsers.
- Available in a choice of form factors that enable users to connect via the USB, NFC or Lightning connector.
- The YubiKey 5C NFC offers multi-protocol capabilities with both USB-C and NFC capabilities for secure tap and go authentication on all the modern devices users love.
- Streamlines asset tracking and account recovery processes with enterprise attestation for custom programmed keys.
- Enforces compliance requirements and elevates security for PIN usage with the latest FIDO2 features such as Force PIN Change and Minimum PIN Length.
- Expanded storage capabilities for FIDO2 discoverable credentials and OATH one-time passwords, accommodating up to 100 passkeys and 64 OATH slots per application.

YubiKey: Proven, easy-to-use security that's trusted by the world's leading companies

Eliminate account takeovers

Any software downloaded on a computer or phone is vulnerable for malware and hackers. The YubiKey is based on hardware with the authentication secret stored on a separate secure chip built into the YubiKey, with no connection to the internet so it cannot be copied or stolen.

Reduce IT costs

The YubiKey dramatically reduces the number one IT support cost—password resets—which cost Microsoft over \$12M per month.²

By switching from mobile one time passwords (OTPs) to YubiKeys, Google saw the following results.³

- Zero account takeovers
- 4x faster logins
- 92% fewer IT support calls

This graph illustrates how quickly Google reduced password support incidents after switching from OTP to YubiKey.⁴

Easy to use, fast, and reliable

Users don't need to install anything and can use the YubiKey in minutes. And the YubiKey is reliable because it does not require a battery or cellular connectivity, so it's always on and accessible.

The YubiKey 5 NFC, YubiKey 5C NFC, YubiKey 5C, and YubiKey 5Ci fit conveniently on a keyring, while the YubiKey 5 Nano and YubiKey 5C Nano are designed to remain in the USB port. This ensures every YubiKey is easy to access and provides the same level of digital security.

Easy to deploy

IT can deploy YubiKeys in days, not months. A single key, through its flexible multi-protocol capabilities, can work out-of-the-box with hundreds of systems, both cloud and on-premises. This eliminates the need for costly integrations or separate devices for each system.

YubiKey capabilities: These functions are included in the YubiKey 5 NFC, YubiKey 5C NFC, YubiKey 5C, YubiKey 5 Nano, the YubiKey 5C Nano, and the YubiKey 5Ci security keys. Technical specifications are available at yubico.com.

Trusted authentication leader

Yubico is the principal inventor of the FIDO2/WebAuthn and U2F authentication standards adopted by the FIDO alliance and is the first company to produce the U2F security key and a multiprotocol FIDO2/WebAuthn authenticator.

YubiKeys are produced in our offices in the USA and Sweden, maintaining security and quality control over the entire manufacturing process.

AMERICANS WITH DISABILITIES ACT GRIEVANCE PROCEDURE

This grievance procedure is established to meet the requirements of Title II ADA. It may be used by anyone who wishes to file a complaint alleging discrimination based on disability in the provision of services, activities, programs, or benefits by Colorado County Elections Office.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number, email address of complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint will be made available for persons with disabilities upon request.

The complaint should be submitted as soon as possible, preferably within 30 calendar days of the alleged violation to: Colorado County Judge Ty Prause (Coordinator) at adacoordinator@co.colorado.tx.us or (979) 732-2604.

Within 14 calendar days after receipt of the complaint, the Coordinator will respond to as well as resolve or otherwise substantively address any comments or requests. If the Coordinator identifies an accessibility barrier and requires additional time to resolve or otherwise substantively address the accessibility barriers the Coordinator may take an additional 14 calendar days to resolve the barrier; provided, however that the Coordinator notifies the requester of the additional time to remove the barrier. Coordinator will respond in writing, and where appropriate, in format that is accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of the Colorado County Elections Office and offer options for substantive resolution of the complaint.

Colorado County Web Accessibility Procedures

Introduction

Colorado County strives to make Election Online Content more accessible for people with disabilities, more compatible with assistive technology, and more user friendly for everyone pursuant to Title II of the Americans with Disabilities Act. These procedures were developed to assist voters and citizens of Colorado County who may have accessibility issues and to ensure that all voters of the County have access to Election Online Content.

A. Posting of Election Online Content

1. The Colorado County Election Administrator's duties include uploading and managing Election Online Content on behalf of the County.
2. The County will ensure that Election Online Content complies with Web Content Accessibility Guidelines ("WCAG"), WCAG 2.1, Level AA, (<https://www.w3.org/TR/WCAG21/>) by (a) obtaining assistance from the County's IT Department; (b) utilizing independent services to assist in the conversion of online content to ensure equitable access to digital, document, and printed information for people with disabilities; and (c) assistance and review from the County's Independent Web Accessibility Services Provider ("Website Auditor") approved by the U.S. Department of Justice.
3. The Colorado County Elections Office will resolve all accessibility issues unless doing so causes a fundamental alteration (i.e., changes the essential nature of the content) or undue burden (i.e., significant difficulty or expense). In those cases, the County will take other steps to provide access to the substance of the content to the maximum extent possible.

B. Review and Testing

1. The Website Auditor will conduct automated and manual accessibility testing of the County's Election Website and Election Online Content at least annually and any time new information is made publicly available on the County's Election Website and Election Online Content.
2. The Website Auditor's review shall be based on a sample of Election Online Content on the County's Election Website selected based on a methodology determined by the Website Auditor. The Website Auditor will conduct manual testing on a Windows or Mac computer using NVDA, JAWs, or VoiceOver, as appropriate. Proprietary software is used for all automated testing.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

3. The Website Auditor shall provide a copy of each of its final evaluations to the County. The evaluations shall assess whether the information on the County's Election Website and Election Online Content reviewed complies with requirements of WCAG 2.1, Level AA, and shall make recommendations to address any accessibility barriers found in the Election Online Content.
4. The County shall implement the recommendations contained in the evaluations within sixty (60) calendar days of receiving the evaluation with the assistance of the Website Auditor.

C. Training

1. The County's Website Auditor provides at least one (1) hour of mandatory, interactive Web accessibility training annually to all County employees, elected officials, contractors, and any other individual tasked with uploading and managing Election Online Content on behalf of the County.
2. The training shall include all steps necessary for how the County Elections Website and Election Online content will be accessible consistent with Title II and in conformance with WCAG 2.1, Level AA.

D. Complaint and/or Feedback Process

1. Any concerns about the usability of the County's Election Website or accessibility of the County's Election Online Content shall be directed to County as provided on the County's website.
2. The County with the assistance of the Website Auditor will respond to any comments or requests within fourteen (14) calendar days from when the County received it. If the County and/or Website Auditor identifies an accessibility barrier and requires additional time to resolve or otherwise substantively address the accessibility barrier, the County may take an additional fourteen (14) calendar days to resolve the barrier. The County will notify the requester of the additional time needed to remove the barrier. The County will also notify the requester if it cannot or does not remove the barrier. If the County cannot or does not remove the barrier, it will otherwise provide the requester with full and equal access to the County's Election website and Election Online Content in a manner consistent with or equally effective as the method or manner requested.

Ameresco recommends Colorado County execute a supply contract with **Engle Resources for a 72-Month Term**. This agreement will begin with the July 2025 Meter Reads as a Fixed Price contract. Your supplier will pass through ERCOT's Market Securitization (Debt) Financing charge in addition to the contract rate. The contract rate may also be adjusted by the supplier as a result for unknown future changes in ERCOT's market design.

Colorado County EMS
Attn: Michael Furrh
305 Radio Lane #101
Columbus, TX 78934

Dear Mr. Furrh:

I am pleased to enclose a grant award in the amount of \$100,000.00 to purchase a new chassis and refurbish the module on an existing ambulance. This grant award is subject to the Foundation's receipt of this executed a Grant Award Contract. The Grantee shall provide quarterly updates on the status of the project. Once the project is completed, a final accounting is required. This should be a detailed summary on how the grant award was expended. Please also provide a contact e-mail address for future correspondence.

All grants made by the Johnson Foundation must be in compliance with the requirements pertaining to organizations which have a tax-exempt classification as set forth in the 1969 Tax Reform Act. All funds awarded to Grantee shall be used in compliance with such Act. Grantee must certify that this grant shall not jeopardize Grantee's status as not a private foundation under Section 509 of the Internal Revenue Code. If requested, Grantee shall supply any required additional information to establish that the Johnson Foundation has observed all requirements of the law with respect to this grant.

The Grantee is to immediately notify the Johnson Foundation of any change in its federal tax-exempt status. The Johnson Foundation reserves the right to have all remaining grant funds immediately returned. No part of the this grant award shall be used to carry on propaganda, influence legislation, influence the outcome of any specific public election or carry on, directly or indirectly, any voter registration drive.

The Johnson Foundation shall to be advised of all outstanding requests soliciting funding for this project. Where the Grantee has budgeted funds for this specific purpose, the requested amount should be offset by such budgeted funds. Excess funding shall be returned to the Grantor unless specific authority is given to expend the funds for a different purpose. This Grant award is to be used solely for the purpose as defined in Grantee's Grant Proposal and is subject to the contractual restrictions that have been placed on it. Any variations from the intended use are subject to receipt of the Foundation's prior, written approval.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

The Foundation desires that all resources of grantee be dedicated to accomplishing its philanthropic purposes. Accordingly, Grantee agrees not to recognize the Foundation, its board members or staff, or this grant with certificates, plaques, or similar mementoes. The Foundation prefers to be passive in participating in making announcements of its grant awards. The Foundation shall be furnished copies of news releases and any other published material, pictures, etc. which may develop in connection with this grant award. z

Please acknowledge receipt of this grant award and your acceptance of the conditions as expressed in this letter by signing at the place indicated below and return a copy to the Foundation. We appreciate the opportunity to assist with the needs of your organization.

Sincerely,

Robert Halepeska
Executive Vice President

Accepted and agreed to this _____ day of _____, 2024.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

THE OFFICE OF THE COUNTY AUDITOR

Colorado County Courthouse Annex
318 Spring Street, Suite 104
Columbus, Texas 78934

Phone: (979) 732-2791
Fax (979) 732-2924

Date: October 16, 2024

To: Colorado County
Justice of the Peace Offices

From: Michelle Lowrance, Colorado County Auditor

RE: Justice of the Peace 2024 1st, 2nd and 3rd Quarter Review

SCOPE

The Colorado County Auditor's Office conducted a 2024 first, second and third quarter review of all the Justice of the Peace offices as of and for the period ending September 30, 2024. The period reviewed was January 1, 2024, through September 30, 2024. The procedures were performed by Tori Bohrer of the auditor's office.

The scope of the internal audit encompasses the financial records and administrative procedures related to the office. The internal audit included, but was not limited to, the books, accounts, reports, dockets and records of the office.

The internal audit included examining transactions on a test basis and required exercising judgment in the selection of such test items. As the internal audit was not a detailed examination of all transactions, there is a risk that errors or fraud were not detected during the internal audit. The elected official therefore retains the responsibility for the accuracy and completeness of the financial information.

Because of certain statutory duties required of the County Auditor, we are not independent with regard to the Colorado County Justice of the Peace offices as defined by the AICPA professional standards. However, the internal audit was performed with objectivity and due professional care.

AUDIT OBJECTIVES

- Reliability and Integrity of Information
- Safeguarding of Assets
- Compliance with Statutes, Policies and Procedures

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

Reliability and Integrity of Information

Reliable information is accurate, timely, complete and useful. In order to achieve this, controls over record keeping and reporting must be adequate and effective. A review was performed to establish the timeliness of deposits to the bank and the recordings of transactions in the fee report for both cash and credit card transactions.

Safeguarding of Assets

Cash, checks and credit cards receipts should be secured in a safe, lockbox or some other method to ensure the assets are safe.

Compliance with Statutes, Policies and Procedures

Per Local Government Code Sec.113.022 (LGC):

(a) A county officer or other person who receives money shall deposit the money with the county treasurer on or before the next regular business day after the date on which the money is received.

If this deadline cannot be met, the officer or person must deposit the money, without exception, on or before the fifth business day after the day on which the money is received.

To test the completeness and accuracy of the transactions, in order to achieve the audit objectives, and to determine compliance with LGC 113.022, the following procedures were performed:

Citation fees for the 2024 1st, 2nd and 3rd Quarters, which were received on the fee collection report, were compared to bank statements to determine the timeliness of bank deposits and processing of credit card transactions and the recording of the transactions on the fee collection reports.

Transactions by Office:

	Cash	Credit Cards	Total
JP 1	232	422	654
JP 2	119	325	444
JP 3	119	292	409
JP 4	300	424	724
TOTAL	<u>770</u>	<u>1463</u>	<u>2231</u>

Assuming 188 workdays per 1st, 2nd and 3rd quarters, the average activity per day is 12 transactions.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

The results of the test procedures by each office are as follows:

Justice of the Peace 1:

There was a total of 654 transactions for the 1st, 2nd and 3rd quarters consisting of 232 cash transactions and 422 credit card transactions.

1st Quarter Cash Transaction activity:

- 19 transactions (27%) were deposited within 1 day.
- 37 transactions (34%) were deposited between 2 to 4 days after collection.
- 36 transactions (39%) were deposited 5+ days from the date reported on the collections report.

Of the 158 credit card transactions, 155 transactions (98%) were processed in a timely manner and 3 transactions (2%) in an untimely manner.

2nd Quarter Cash Transaction activity:

- 28 transactions (37%) were deposited within 1 day.
- 35 transactions (46%) were deposited between 2 to 4 days after collection.
- 13 transactions (17%) were deposited 5+ days from the date reported on the collections report.

Of the 123 credit card transactions, all 123 transactions were processed in a timely manner.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

3rd Quarter Cash Transaction activity:

- 27 transactions (44%) were deposited within 1 day.
- 29 transactions (48%) were deposited between 2 to 4 days after collection.
- 5 transactions (8%) were deposited 5+ days from the date reported on the collections report.

Of the 141 credit card transactions, all 141 transactions were processed in a timely manner.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

Justice of the Peace 2:

There was a total of 444 transactions for the 1st, 2nd and 3rd quarters consisting of 119 cash transactions and 325 credit card transactions.

1st Quarter Cash Transaction activity:

- 9 transactions (21%) were deposited within 1 day.
- 20 transactions (48%) were deposited between 2 to 4 days after collection.
- 13 transactions (31%) were deposited 5+ days from the date reported on the collections report.

Of the 101 credit card transactions, 66 transactions (65%) were processed in a timely manner and 35 transactions (35%) in an untimely manner.

2nd Quarter Cash Transaction activity:

- 35 transactions (74%) were deposited within 1 day.
- 8 transactions (17%) were deposited between 2 to 4 days after collection.
- 4 transactions (9%) were deposited 5+ days from the date reported on the collections report.

Of the 102 credit card transactions, 87 transactions (85%) were processed in a timely manner and 15 transactions (15%) in an untimely manner.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

- 3rd Quarter Cash Transaction activity:
- 26 transactions (87%) were deposited within 1 day.
 - 4 transactions (13%) were deposited between 2 to 4 days after collection.
 - 0 transactions (0%) were deposited 5+ days from the date reported on the collections report.

Of the 122 credit card transactions, 99 transactions (81%) were processed in a timely manner and 23 transactions (19%) in an untimely manner.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

Justice of the Peace 3:

There was a total of 409 transactions for the 1st, 2nd and 3rd quarters consisting of 119 cash transactions and 292 credit card transactions.

1st Quarter Cash Transaction activity:

- 27 transactions (73%) were deposited within 1 day.
- 7 transactions (19%) were deposited between 2 to 4 days after collection.
- 3 transactions (8%) were deposited 5+ days from the date reported on the collections report.

Of the 85 credit card transactions, 83 transactions (98%) were processed in a timely manner and 2 transactions (2%) in an untimely manner.

Bank Deposits

- 4 transactions (3%) were deposited 5+ days from the date reported on the collections report.

Of the 118 credit card transactions, 117 transactions (99%) were processed in a timely manner and 1 transaction (1%) in an untimely manner.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

Objectives of proper and timely collection, deposits and recording of transactions:

Safeguarding of Assets

Safeguarding of assets has three basic components:

1. Physical security of the collections
 - a. Physical security encompasses any method to physically secure the collections or the assets from loss. Monies collected should be kept in a locked drawer or safe until they are deposited into the bank.
2. Minimal exposure to loss
 - a. Daily depositing is one of the most effective methods of minimizing exposure of collections to loss as well as providing the County with maximum benefit of the collections. The Justice of the Peace offices has a policy to deposit collections daily.
3. Proper management of the collections
 - a. Daily activity should be recorded consistently with fee collection reports and banking activity. Reconciliation of fee collection reports and banking activity should be performed daily.

Compliance with Statutes, Policies and Procedures

In order to achieve compliance with LGC (referenced on page 2), bank accounts have been established at sub-depositories at JP 2 and JP 4 to accommodate this objective and to make daily deposits more convenient and timely. JP 1 and JP 3 have access to the main depository in the County Seat or can deliver deposits directly to the County Treasurer daily.

FINDINGS (applicable to all)

- Banking activity is not consistent with the recording of transactions on the fee report.
- Deposits are not consistently made in compliance with the LGC.
- Credit card transactions are not made timely and reconciled to the fee collection reports.

RECOMMENDATIONS:

1. Ensure compliance with LGC 113.022 by establishing a regular procedure for making cash deposits.
2. Ensure assets are in a secure location and maintain a daily record of any amounts held beyond the date of receipt.
3. Maximize interest earnings with timely deposits.
4. Develop and implement daily and monthly procedures to ensure objectives are met.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

SUMMARY

All offices reviewed have the same findings and recommendations. The offices should implement the recommendations and consult with the Auditor's Office as required. Follow-up procedures will be performed to determine test results after the recommendations have been implemented.

This report is intended for the information and use of the Office of Colorado County, Justice of the Peace offices and designed to provide reasonable, but not absolute, assurance that the areas under review meet requirements that are adequate to safeguard the County's assets from loss, theft, or misuse. Because of the inherent limitation in any system of internal controls, errors or irregularities may occur and not be detected. It is the responsibility of the office to establish and maintain effective internal controls over compliance with the requirements of laws and regulations applicable to the office.

The audit was conducted in accordance with the Local Government Code and pronouncements issued by the Governmental Accounting Standards Board. The Auditor's office planned and performed the audit to obtain sufficient, appropriate evidence that provides a reasonable basis for the observations and opinion based on audit objectives. It is believed that the evidence obtained provides a reasonable basis for the observations and opinion based on the audit objectives.

OPINION

In connection with the audit, recommendations for improvements are included.

MESSAGES

PROTECT YOURSELF FROM SCAMMERS!

We will never call, text, or email and ask you for your personal information. Some scammers will call and pretend to be from the Card Service Center. We will never call or text you and ask for sensitive information such as account or card number information, passwords or user names, or social security numbers. Please DO NOT give out that information.

If you feel pressured or concerned about a phone call, please hang up and call us at 800-367-7576 (the phone number located on the back of your credit card). Our Card Service Center team is always glad to check and can verify the information.

Please see reverse side of page 1 for important information.

INTEREST CHARGE CALCULATION

Your Annual Percentage Rate (APR) is the annual interest rate on your account

Type of Balance	Annual Percentage Rate (APR)	Balance Subject to Interest Rate	Days in Billing Cycle	Interest Charge
Purchases	18.98% (v)	\$0.00	30	\$0.00
Cash Advances	18.99% (v)	\$0.00	30	\$0.00

(v) - variable

To avoid additional interest charges, pay your New Balance in full on or before the Payment Due Date.

Exciting news! Go online today and check out the all-new enhancements to the Card Service Center website. E-statements, additional payment options, links to Preferred Points website, and other helpful sites. Visit us today at www.cardaccount.net to enroll your credit card account(s) on the newly enhanced website.

Thank you for the opportunity to serve your credit card needs. Should your future plans include travel, please contact us at 1-800-367-7576.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
November 12, 2024**

- _12. Announcements (without discussion and no action) by elected officials/department heads. (Types of Announcements: Events, Road Conditions, Weather Occurrences, Important Dates, Vacancies in Offices or Positions, Accomplishments of Individuals, and Notices)

Commissioner Gertson stated our area has had decent rains, but not enough county wide coverage to lift the burn ban.

Charles Schneider announced that Starlink will be active at Station 3 today.

Richard LaCourse said he will be retiring his constable car to the Sheriff's office and getting a new unit.

Michael Furrh stated Starlink is being worked on today and they will be moving into Station 3 toward the end of the week. The crew is excited to move in.

- _13. Commissioners Court Members sign all documents and papers acted upon or approved.

Judge Prause announced it is now time to sign all documents and papers.

- _14. Adjourn.

Motion by Judge Prause to adjourn at 9:57 A.M.; seconded by Commissioner Neuendorff; 5 ayes 0 nays; motion carried; it was so ordered.

An audio recording of this meeting of November 12, 2024 is available in the County Clerk's Office.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 12, 2024

**Minutes were taken and prepared by Kimberly Menke, County Clerk on the
12th day of November 2024 with Judge Ty Prause presiding.**

**I, KIMBERLY MENKE, COUNTY CLERK AND EX-OFFICIO OF THE
COMMISSIONERS COURT IN AND FOR COLORADO COUNTY, TEXAS do hereby
certify that the foregoing is a true and correct copy of the minutes of the
Commissioner Court in session on the 12th day of November 2024.**

Given under my hand and official seal of office this date November 12, 2024.
