Agreement

In exchange for the issuance of a permit by Colorado County to perform the work described on the Application, Applicant agrees to comply with the following provisions:

1. Applicant shall pay a permit, inspection and document review fee of \$1,000 for the Oil & Gas industry and \$100 for all other types of right-of-way permits and a fee of \$500 for each open cut of a County Road if that procedure is approved by the Precinct Commissioner.
2. Applicant expressly recognizes that the issuance of a permit by Colorado County does not grant any right, claim, title, or easement in or upon the road or its appurtenances. In the future, should Colorado County, for any reason, need to work, improve, relocate, widen, increase, add to, decrease, or in any manner change the structure of the road or right-of-way, the line, if affected, will be moved, or relocated at the complete expense of Applicant.
3. Colorado County, its employees, agents or assigns will be held harmless for all claims, actions, or damages of every kind and description which may occur to or be suffered by any person or persons, corporation, or property by reason of the performance of any such work, character of material used or manner of installation, maintenance or operation or by improper occupancy of rights-of-way or public place or public structure, and in case any suit or action is brought against Colorado County for damages arising out of or by reason of any of the above causes, Applicant, its successors or assigns, will upon notice to him or them of commencement of such action, defend the same at his or their own expense, and will satisfy any judgment after said suit or action shall have finally been determined if adverse to Colorado County.
4. Colorado County, its employees and agents will, at no time, be held liable for any damage or injury done to the property of Applicant whether in contract or in tort, which may result from improving and/or maintaining its county roads or right-of-ways.
5. The Applicant must provide two (2) copies of drawings or diagrams showing proposed location of the utility, pipeline, communication line, electrical line, or telephone line (hereafter "utility") with respect to right-of-way, type of installation or repair, size, length, material, and size of appurtenances, if any.
6. The construction and maintenance by Applicant shall not interfere with a previously installed utility. When necessary to remove or adjust another utility, a representative of that other utility shall be notified to decide the method and work to be done. Any cost of temporarily or permanently relocating other utilities shall be borne by Applicant.

7. If Applicant is installing a pipeline across a county road, the pipe shall be encased from right-of-way line to right-of-way line. Vents will be provided at each end where the length of casing is over 150 feet. All vents shall be placed outside county road right-of-way. Readily identifiable and suitable markers shall be placed at the right-of-way line where it is crossed by the pipeline.
8. If Applicant is installing a pipeline along the county road right-of-way it shall be located as close as possible to the right-of-way line as specified by the Precinct Commissioner. Readily identifiable and suitable markers shall be placed along the pipeline every 1,000 feet.
9. Applicant agrees to haul heavy loads or equipment to the work site along routes designated by the Commissioner of the Precinct in which such roads are located and Applicant, further, agrees to reimburse the County for any and all damages to roads and bridges in Colorado County from the movement of said loads or equipment within 30 days of receipt of County's notice of damages.
10. The Applicant shall make every effort to open and close all trenching operations during the daylight hours of one day. Appropriate measures shall be followed in the interest of safety, traffic convenience and access to adjacent property for all trenching operations. It shall be the responsibility of the Applicant to adhere to the section on construction and maintenance as outlined in the Texas Manual of Uniform Traffic Control Devices.
11. All lines, where practicable, shall be located to cross roadbed at an approximate right angle. No lines are to be installed under or within 50 feet of either end of any bridge. No lines shall be placed in any culvert or within 10 feet of the closest point of same.
12. Parallel lines will be installed as near to the right-of-way line as possible, and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the Precinct Commissioner.
13. No work shall be performed in the County right-of-way until after a permit has been issued by the County. Each permit will be valid for a period of 180 days. If construction has not been completed within this period, a new permit must be obtained.
14. The Applicant or its Contractor shall have a copy of the executed Application, Agreement and Permit available on the job site during the duration of the work.

17. Operations along roadways shall be performed in such a manner that all excavated material be kept off the pavement at all times, as well as all operating equipment and materials. No equipment or installation procedures will be used which will damage any road surface or structures. The cost of any repairs to road surface, roadbed, structures, or other right-of-way features as a direct result of this installation will be borne by the Applicant.
18. Upon completion of the project, all equipment, construction material, surplus materials, trash, broken concrete, lumber, etc. shall be removed from the construction site. The entire construction site shall be graded and cleaned to present the appearance as it was prior to construction or better.
19. For utility lines crossing under a County road or private entrance, Contractor shall be required to drill, core, or bore through the sub-grade at a depth to be determined by the Precinct Commissioner. If, however, such procedure is deemed impractical by reason of rock, utilities, underground construction or terrain, special permission shall be obtained from the Precinct Commissioner before an open road cut will be allowed. If approved, trenching, backfilling, and resurfacing of the cut shall be done in accordance with the procedures outlined in this Agreement. The Applicant shall be responsible for all paving repair for a period of one year after completion.
20. Backfill requirements for all open cut excavation and trenches shall be as follows:
 - i. Areas not subject to or influenced by vehicular traffic- the trench backfill shall be placed in layers not more than ten inches (10") in depth, and shall be compacted by whatever means the Contractor chooses.
 - ii. Areas subject to or influenced by vehicular traffic- the trench backfill shall be mechanically compacted in six-inch (6") lifts to a minimum of ninety percent (90%) modified proctor density.
 1. Dirt Roads- Backfill shall be well tamped in six inch (6") layers to a point nine inches (9") below the surface of the road, after which one-foot (1') of good gravel shall be tamped until level with the existing surface.
 2. Gravel Roads and Streets- Backfill shall be well tamped in six inch (6") layers to a point nine inches (9") below the surface of the road after which one foot (1') of good gravel shall be tamped until level with the existing surface.
 3. Asphalt Roads- Backfill materials shall be selected mineral aggregate and cement in proportions of 27 to 1, properly compacted (tamped to proper density of 90%) to within two inches (2") of road surface. Asphaltic concrete must then be added and tamped or rolled to make a level surface with existing road surface.

21. The Applicant shall not cut or open more than one-half of the roadway at a time, in order to maintain the flow of traffic at all times. However, in an emergency or with the permission of the Precinct Commissioner, the total width of the roadway may be cut or opened, provided barricades are placed at the first intersection each way from the cut, and suitable detour signs are erected.
22. All of the above work shall be done under the direction of, and be satisfactory to, the Precinct Commissioner. The holder of the permit shall notify the Precinct Commissioner twenty-four (24) hours prior to the time the work will be done, to allow the Precinct Commissioner to be present at the time the work is done. This will in no way relieve the Applicant from its responsibility for maintenance due to failure of the repaired cut.
23. Failure to Comply with Specifications: If an opening or cut in the county right-of-way is not refilled and restored as herein provided, the County will notify the Applicant in writing to refill and restore the opening to the satisfaction of the Precinct Commissioner. If the Applicant fails to comply with the written request within ninety (90) days after receipt of such notice, the County is authorized to disable or remove the utility from the right-of-way and Applicant will pay for any expenses for the refilling and restoration within thirty (30) days after notice of the amount by County. Failure to refill, restore, or pay will authorize the County to collect using the Performance Bond. No further permits shall be issued to such Applicant until these costs have been paid.
24. An opening or cut in a county road that is not refilled and restored within 24 hours following verbal notice to applicant by Precinct Commissioner will be repaired by County and Applicant will be billed for the cost of repairs. Failure to pay this bill will authorize County to collect the bill using the Performance Bond.
25. In the event that the Applicant or its successor(s) abandons the utility, Applicant shall give written notice to the Colorado County Judge, P.O. Box 236, Columbus, TX 78934.
26. If the utility is abandoned or at the expiration of the use of said utility, Applicant will timely remove the utility from the county right of way. In the event said utility is not removed, ownership of the utility will vest in County. It is agreed that "timely removal" of said utility shall be within 120 days after said utility is abandoned or use expires.
27. Applicant must post a performance bond in the amount of \$2,500 per mile and \$2500 for each boring under a county road assuring the performance of said work in compliance with the terms of this contract and pay a permit, inspection and document review fee of \$1,000 for the Oil & Gas industry and \$100 for all other types of right-of-way permits to Colorado County.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

November 24, 2025

- _14. Announcements (without discussion and no action) by elected officials/department heads. (Types of Announcements: Events, Road Conditions, Weather Occurrences, Important Dates, Vacancies in Offices or Positions, Accomplishments of Individuals, and Notices)**

Commissioner Gertson announced the application for the Household Hazardous Waste Event has been approved. This will be good for two years. Happy Thanksgiving.

Commissioner Neuendorff announced a bridge on Reichardt Road will be closed for six months for replacement.

Judge Prause announced he attended the Fall Judicial seminar in Galveston. There were good discussions on tax abatements. Happy Thanksgiving and safe travels to everyone.

Commissioner Brandt announced he is mowing and blading this week. Reminder we are still under a burn ban.

Commissioner Owers announced he is finished mowing for the year. Reminder the bridge on FM 806 will be closed for six months, but he has not received a specific date yet.

Joyce Guthmann wished everyone a Happy Thanksgiving. She also gave a reminder of the County Christmas Party to be held on December 18.

Chuck Rogers announced an State Inoperable Communications Committee met and passed a rule that if Federal grant money is used to purchase radios for first responders, they must now be tri-band. Even if our county will not use all three bandwidths. This is hard on the smaller counties, and he believes it is a knee jerk reaction to the floods in Kerrville. He believes this is an unfortunate decision and all elected officials should look closely at this.

- _15. Commissioners Court Members sign all documents and papers acted upon or approved.**

Judge Prause announced it is now time to sign all documents and papers.

- _16. Adjourn.**

Motion by Judge Prause to adjourn at 9:59 A.M.; seconded by Commissioner Neuendorff; 5 ayes 0 nays; motion carried; it was so ordered.

An audio recording of this meeting of November 24, 2025 is available in the County Clerk's Office.
