

COLORADO COUNTY COMMISSIONERS COURT
NOTICE OF OPEN MEETING

DATE OF MEETING: June 8, 2026 – 9:00 A.M.
BUILDING: Colorado County Courthouse, County Courtroom 106
STREET LOCATION: 400 Spring Street
CITY OF LOCATION: Columbus, Texas 78934

Pursuant to the authority granted under Government Code, Chapter 551, the Commissioners Court may convene in a closed meeting to discuss and deliberate agenda item(s) subject to the closed meeting exceptions. A final action, decision, or vote on a matter deliberated in a closed meeting shall only be made in an open meeting. Commissioners Court may use a telephone conference call, video conference call, or communications over the Internet to conduct a public consultation with its attorney in an open meeting of the governmental body or a private consultation with its attorney in a closed meeting of the governmental body. Immediately before any closed meeting, the specific section or sections of Government Code, Chapter 551, which provides statutory authority for closed meetings, will be announced.

On this the 8th day of June 2026, the Commissioners Court of Colorado County, Texas met in Regular Session at 9:00 A.M., in their regular meeting place at the Colorado County Courthouse, County Courtroom, 400 Spring Street, in the City of Columbus, Texas.

The Following Members were present to wit:

Honorable Shannon Owers	Commissioner Precinct #1
Honorable Ryan Brandt	Commissioner Precinct #2
Honorable Keith Neuendorff	Commissioner Precinct #3
Honorable Darrell Gertson	Judge Pro Tem
Honorable Kimberly Menke	County Clerk

County Judge Ty Prause was unable to attend.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

DELIBERATE AND CONSIDER ACTION ON THE FOLLOWING ITEMS:

__1. Call to Order.

The County Judge Pro Tem Darrell Gertson called the meeting to order at 9:08 A.M.

__2. Pledge of Allegiance to the American Flag and the Texas Flag.

Judge Pro Tem Gertson led the Pledge of Allegiance to the American Flag and the Texas Flag.

__3. Agenda as posted.

Motion by Commissioner Brandt to approve the agenda as posted; seconded by Commissioner Neuendorff; 4 ayes 0 nays; motion carried; it was so ordered.

(See Attachment)

Colorado County EMS Rural Texas Strong – Initiative 4 Project (Furrh/Ingvarsdson)

Proposed Project to include the following:

Rural EMS Simulation Training Lab

Full-Time Clinical Coordinator

Longevity Incentive Program for Rural EMS Clinicians

Total Project Cost: \$267,000 (approximate)

Match Requirement: None

7. Action Items

1. Road usage agreement between KCL TTC and Colorado County - Precinct 1

2. Right Of Way application for TTC Connector LLC for construction and installation of 20" .500W, X-60, FBE+ARO coated pipeline, utilizing the horizontal directional drilling method, a minimum of 60" below the lowest point of the crossed grade of the below listed roads

- a. County Road 141 (Strickland Lane)
- b. County Road 112 (Crossing 1 of 2)
- c. County Road 112 (Crossing 2 of 2)
- d. County Road 116
- e. County Road 108 (Sandy Creek Road)
- f. County Road 110 (Cedar Post Ranch Road)
- g. County Road 169 (Old Krenek Road)

3. Application for Limited Land Division submitted by Barney Van Huss to subdivide 2.2927 acres, 2.2873 acres, and 2.2624 acres out of a 13.351 acre tract, located in the Jacob Lynch Survey, abstract No. 391, Precinct 3

4. Award Bid for Jail Interior Painting Project

5. Authorize public notice and set a public hearing to consider an application from Firefly Fields Energy Center, LLC to designate certain property located in the O Byars survey, abstract 179, in Colorado County as a reinvestment zone eligible for a property tax abatement as provided by Texas Tax Code §312.401. (Prause)

6. Authorize public notice and set a public hearing to consider an application from Paloma Energy Center, LLC to designate certain property located in the E Hester survey, abstract 740, in Colorado County as a reinvestment zone eligible for a property tax abatement as provided by Texas Tax Code §312.401. (Prause)

7. Authorize public notice and set a public hearing to consider an application from Paloma BESS, LLC to designate certain property located in the E Hester survey, abstract 740, in Colorado County as a reinvestment zone eligible for a property tax abatement as provided by Texas Tax Code §312.401. (Prause)

8. Consent Items

a. Erica Perales - Bond - Assistant County Auditor - May 18th, 2026

b. Logan Meitzen - Agreement to serve on salary grievance committee

c. Dennis Zbranek - Refusal to serve on salary grievance committee

d. Certificate of Liability Insurance posted by Frnka Electric

**MINUTES OF THE COLORADO COUNTY

Animal and Plant Health Inspection Service
U.S. DEPARTMENT OF AGRICULTURE

RESPONSE PLAYBOOK

New World Screwworm

April 2026 v2

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
June 8, 2026**

Target Audiences

- Federal, State, Territorial and Tribal Animal Health and Wildlife Officials
- NWS Outbreak Responders
- Other Federal, State, Territorial and Tribal Officials

Purpose

- Provide quick, practical access to key activities, resources, and tools¹ to implement an NWS outbreak response and surveillance activities.
- Describe the adaptive response approach, which is the practice of dynamically adapting outbreak response activities from confirmation to control and eradication.

¹ See Definitions.

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

User Guide

OVERVIEW OF NWS RESPONSE

New World screwworm (NWS) is a devastating pest and is a threat to U.S. agriculture, wildlife, public health, and the economy. NWS is considered a U.S. foreign animal disease (FAD) that is immediately reportable under the United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) [National List of Reportable Animal Diseases](#). While NWS myiasis is not a food safety concern, NWS will have immediate interstate commerce and international trade impacts for live animals. To defeat this pest, the USDA developed a [five-prong plan](#) to address NWS and enhance USDA’s already robust ability to detect, control, and eliminate this pest if there is an incursion in the United States. APHIS launched the [screwworm.gov](#) website that represents a unified approach to centralize NWS information across the federal government and reflects a whole-of-government effort to fight this pest through implementation of USDA’s comprehensive five-pronged plan.

NWS response goals will be to 1) detect, control, and contain NWS as quickly as possible; 2) eradicate NWS using strategies that seek to stabilize animal agriculture, the food supply, and the economy as well as protect public health and the environment; and 3) provide science- and risk-based approaches and systems to facilitate continuity of business of U.S. agriculture.

The primary use of the playbook is for responding to an [NWS outbreak in the United States triggered by NWS establishment](#). NWS impacts all [warm-blooded animals](#) (humans, [domestic animals](#) and [wildlife](#)); the incorporation of these aspects are necessary for integration of successful response activities.

The primary response strategy for an NWS outbreak is 1) prevent contact between NWS flies and non-infested animals and 2) stop the production cycle and establishment of NWS flies. This is accomplished through prevention, detection, surveillance, administering NWS animal drugs or pesticide products in animals as is applicable, and establishing NWS response zones and areas. Prompt detection, appropriate use of NWS animal drugs

and pesticide products for NWS infested animals and use of the [sterile insect technique \(SIT\)](#) can stop the production cycle of NWS flies.

INTRODUCTION TO THE PLAYBOOK

The playbook is meant to be a useful resource to help animal health officials and responders manage and adapt their response to NWS. The playbook is meant to be an easily referenced NWS response plan and a companion to the USDA APHIS [NWS Response Strategy](#).

The critical NWS response activities include the following:

- Managing a coordinated response and communications with stakeholders and the public
- Reducing NWS infestation in animals and preventing it from establishing in new areas
- Monitoring and eliminating NWS through fly surveillance, animal surveillance/inspections, movement requirements, modified animal husbandry practices, NWS animal drugs and pesticide products, and the SIT
- Maintaining continuity of business
- Ensuring information flow and management
- Identifying and maintaining resource needs

These response activities are applied through all phases of an NWS outbreak: from first confirmation of NWS establishment in the United States, through implementation of mitigation activities to control the outbreak, to demonstration of NWS freedom in previously affected areas and in the United States. Integration of these response activities is critical for eradication. Each response activity can be adapted based on the outbreak situation, including different types of an outbreak ([Table 1](#)).

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

Table 1: Differentiating between Types of NWS Outbreaks²

NWS Outbreak Type	Response Activities
Type 1 - Focal Outbreak Localized to one infested zone within one state	Intense surveillance within NWS Zones and Areas ³ , movement requirements for animals moving within and out of the Infested Zone. Initial activities are performed by state or federal personnel.
Type 2 - Moderate Sized or Regional Outbreak Spanning multiple counties or a large region of a state	Intense surveillance continues; start to utilize certified inspectors for inspection, administering NWS animal drugs and pesticides, and submitting samples. Sterile fly strategy may shift to focus on preventing outward spread and shrinking zones on leading edge.
Type 3 - Widespread or Multi-state Outbreak Outbreak spans an entire state, multiple states, or moderate sized outbreaks in multiple states	Same as Type 2 but resources become further constrained. Adapt the response to account for limitations in resources such as available personnel and total number of sterile flies.

The playbook must be adapted to the local context. All guidance should be developed in collaboration with Federal and State, Local, Territorial and Tribal (SLTT) officials using the [One Health](#)⁴ approach to protect animal, human, and environmental health. States, Territories, and Tribes will need to adapt their response to meet the needs of their jurisdiction.

USDA APHIS Veterinary Services provides guidance, support, resources, and coordination during an NWS outbreak response. The approaches and tools included in the playbook reflect USDA APHIS guidance and aim to provide a practical framework to rapidly focus on priority activities outlined by USDA APHIS. Tools and resources will be updated regularly as new guidance on NWS is released by USDA APHIS.

² See [NWS Phases and Types of an Outbreak](#).

³ See [NWS Overview of Zones and Areas](#).

This playbook is a living, dynamic document. Feedback and suggestions can be sent to FAD.PReP.Comments@usda.gov.

KEY PRINCIPLES FOR THE PLAYBOOK

Driven by data, science, and risk

Use data to inform decisions.

Protection of United States agriculture and related sectors

Ensure response activities do not negatively impact the commerce of United States agriculture, ensure a secure and safe food supply, and support animal health and welfare.

Communication and engagement

Maintain coordination and communication among States, Territories, and Tribes, and stakeholders.

Local adaptation

Adapt general response strategies to the regional and local context to maximize outbreak control efforts and minimize economic impacts.

⁴ See [APHIS One Health](#) website.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

Managing an NWS Response: Key Activities

- 01

Effectively manage a coordinated response and communications with stakeholders and the public
 - Establish USDA regulatory authorities to respond to an NWS outbreak
 - Use a unified approach across Federal Agencies and with the State(s)/Territory/Tribe(s) and define Federal Agency Roles
 - Identify responsibilities between USDA APHIS and State/ Territory/Tribal animal health officials
 - Communicate with key Federal, State, Territory, Tribal and Industry partners and the public to support timely surveillance and response
- 02

Reduce spread to non-infested animals and prevent NWS from establishing in new areas
 - Immediately establish a minimum 20 km Infested Zone, 20 km Adjacent Surveillance Zones, and Fly Surveillance Area around animal and wild fly detections
 - Quickly implement area quarantines and movement requirements for domestic animal on premises located within Infested Zones, on premises with a Suspect Case, and premises with epidemiological links to Confirmed Cases (epi-linked prem) outside of the IZ
 - Perform trace investigations for animal movement from premises with Infested animals as quickly and completely as possible; prioritize tracing needs based on risk of NWS establishment in new areas
 - Conduct epidemiological investigations and analyses to inform the response
 - Conduct domestic animal surveillance
 - Quickly identify specimens and maintain timely and accurate animal surveillance
- 03

Manage NWS on infested premises
 - Follow USDA APHIS and State guidelines and requirements for managing NWS myiasis and any required euthanasia and/or disposal

- 04

Implement NWS Surveillance and Management Strategies in Wildlife
 - Establish and define State, Federal, Territorial and Tribal authorities with wildlife
 - Conduct surveillance in wildlife to aid in determining presence of NWS
 - Adhere to sampling guidance when conducting surveillance
 - Manage transport and shipment of wildlife
 - Manage Infested wildlife
- 05

Implement NWS fly surveillance and management strategies
 - Establish fly surveillance structure and activities in Infested Zone and Fly Surveillance Area
 - Coordinate and conduct fly surveillance in an affected area
 - Deploy Sterile Insect Technique (SIT) in response to an outbreak
- 06

Maintain continuity of business (COB)
 - Implement COB plans to facilitate the managed movement of animals
- 07

Ensure information flow and management
 - Record and report all NWS Fly Trapping and Sterile Fly Release Activities using USDA's Emergency Management Response System (EMRS)
 - Record and report domestic and wildlife field data using EMRS
 - Utilize EMRS to manage and track Active and Passive Surveillance Activities
 - Utilize EMRS to manage the outbreak and meet national and international reporting requirements
- 08

Identify and maintain resource requirements
 - Continually assess equipment, supplies, and personnel needs

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

Key Activities, Resources, and Tool

01 EFFECTIVELY MANAGE A COORDINATED RESPONSE AND COMMUNICATIONS WITH STAKEHOLDERS AND THE PUBLIC

1.1 Establish USDA regulatory authorities to respond to an NWS outbreak

Key Activities

- NWS myiasis is immediately reportable to USDA APHIS. If NWS becomes established in the United States, USDA is the lead federal agency of a coordinated response to control and eradicate NWS and ensure availability of resources. USDA coordinates and works within the authorities of other Federal/State domestic animal, wildlife and public health agencies to coordinate a response.
- USDA APHIS Veterinary Services (VS) emergency response authorities will be used to support NWS response activities. These authorities – in conjunction with other Federal, State, Territorial, and Tribal authorities – allow response activities to be conducted in affected areas.
- USDA may issue a Declaration of Extraordinary Emergency in the event of NWS establishment in the U.S. to ensure all federal government resources are available and coordinated for this emergency event.

RESOURCES AND TOOLS

- APHIS Foreign Animal Disease Framework: Roles and Coordination ([FAD PReP Manual 1-0](#))
- [USDA APHIS Authorization for Response Activities](#)
- [AHPA \(7 U.S.C. 8301 8317\)](#)

1.2 Use a unified approach across Federal agencies and with the State(s)/Territory/Tribe(s), and define Federal agency roles

USDA Roles	Roles of Other Federal Partners/Resources
• USDA APHIS NWS Directorate: facilitates coordination across federal departments to ensure USDA APHIS activities are aligned with broader U.S. government response efforts. Leads USDA’s strategic communication, interagency agreements, and policy alignment across the federal government. Serves as operational lead for NWS activities occurring in Mexico and Central America. Leads the coordination and implementation of aerial and ground sterile fly release activities. • APHIS VS: establishes a response structure per the National Incident Management System, coordinating across the federal government and with the State animal health official (SAHO) of the affected State(s) or Territory and, as needed, applicable tribal agency to enable efficient and effective incident management. Serves as the operational lead for domestic preparedness and response to NWS, including field operations, diagnostics, and surveillance. Provides subject matter experts, technical guidance, and operational planning input. • APHIS Wildlife Services (WS): serves as the lead for coordination with wildlife agencies and partners to determine wildlife response strategies and field operations utilizing respective agencies’ authorities and available resources.	• Department of Health and Human Services (HHS) ▪ Centers for Disease Control and Prevention (CDC): leads human health surveillance and response, providing laboratory support including CDC confirmation of human infestations, educating healthcare providers, and coordinating One Health efforts across federal, state, local, territorial, tribal (SLTT), and international partners and engaging with health departments and other federal partners departments to raise awareness about the management and reporting of NWS. ▪ Food and Drug Administration (FDA): authorizes/approves the use of certain animal drugs to treat and/or prevent NWS infestations. • Department of the Interior (DOI): Broadly responsible for the management of natural resources on DOI-managed lands, including monitoring of wildlife populations on those lands and all species under federal protection or management authority independent of geographic location. Supports state agencies that have primary management responsibilities over resident wildlife populations on federal lands, consistent with applicable federal law. Co-leads the coordination of One Health efforts across federal, state, and tribal partners.

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

USDA Roles	Roles of Other Federal Partners/Resources
- APHIS Emergency and Regulatory Compliance Services (ERCS): serves as lead for incident safety and dispatch. - APHIS Plant Protection and Quarantine (PPQ): provides field resources and entomological expertise, such as support with additional fly trapping and NWS identification. - USDA Agricultural Research Service (ARS): provides entomological expertise, resources, and tools. Conducts NWS research. - USDA Food Safety and Inspection Service (FSIS): supports APHIS NWS surveillance efforts through inspection of animals presented for slaughter. - Coordination with other USDA agencies will occur as needed.	- Department of Energy (DoE): explores and validates new NWS sterilization technologies. - Department of Homeland Security (DHS): supports surveillance, intelligence sharing, emergency management, and emergency planning, including training Customs and Border Protection and Immigrations and Customs Enforcement personnel to identify and report suspected cases of NWS in either humans or CDC-regulated animals to CDC and USDA. - Environmental Protection Agency (EPA): registers pesticides and supports emergency exemptions for products to prevent or control infestations caused by NWS. - Additional Federal Agencies when needed.

1.3 Identify responsibilities between USDA APHIS and State/Territory/Tribal animal health officials

Key Activities

USDA APHIS Activities	State/Territory/Tribes Activities
- Coordinate public awareness and operational communications across Federal and SLTT organizations (e.g. forming a Joint Information Center (JIC)) - Coordinate the national incident response - Authorize, coordinate, and implement SIT operations and fly surveillance - Coordinate NWS identification in animals at APHIS’ National Veterinary Services Laboratories (NVSL), through the National Animal Health Laboratory Network (NAHLN), and state entomologists - Deploy incident management teams (IMTs) and NWS strike teams, when requested - Coordinate the use of VS’ Emergency Management and Response System (EMRS) for incident management - Provide access to the National Veterinary Stockpile (NVS) - Enter into emergency cooperative agreements with states, territories and tribes - Develop and conduct training for responders (state, federal, industry) to include field responder and outreach educator training coursework - Coordinate with CDC and state agriculture/public health partners in human and companion animal investigations	- Identify state agencies, territorial and tribal governments needed to implement response activities - Coordinate the state, territorial, and tribal incident response - Coordinate state public awareness campaign - Coordinate and provide security and safety of response personnel - Issue and enforce animal <u>quarantines</u> and <u>movement requirements</u> - Implement NWS zones and areas - Implement animal inspection stations, when needed - Deploy State IMT to implement domestic animal/wildlife response - Request USDA APHIS personnel (e.g., IMT/NWS strike team) and equipment/supply resources - Use EMRS, in addition to State or industry information technology systems, for reporting and incident management - Coordinate with USDA APHIS on fly trapping and SIT activities - Coordinate with APHIS VS for diagnostic sample collection, transport, and reporting between NVSL, NAHLN, and state entomologists - Enhance surveillance and case detection through outreach; coordinate surveillance in livestock, companion animals, and wildlife - Coordinate with CDC and state agriculture/public health partners in human and companion animal investigations

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

Companion Animals	
USDA APHIS Activities	State/Territory/Tribes Activities
• Provide guidance for companion animal surveillance and case investigations • Provide guidance for companion animal screening, quarantines, and use of NWS animal drugs and pesticide products in affected zones • Support veterinary diagnostics for companion animals suspected of NWS infestation • Issue outreach materials and guidance to veterinary practitioners and animal owners on recognizing and reporting signs of infestation • Integrate companion animal data into national surveillance and reporting systems to inform response planning	• Implement companion animal inspection, NWS animal drugs and pesticide products, and reporting protocols in coordination with USDA guidance • Engage local vets, shelters, and rescues to ensure rapid identification, reporting and management of NWS cases • Conduct public awareness campaigns targeting companion animal owners focusing on detection and reporting • Provide logistical support for companion animal management during epidemiologic investigation or movement restrictions • Coordinate with State Public Health Veterinarian or equivalent, CDC, and other partners to address public health needs

1.4 Communicate with key Federal, State, Territorial, Tribal and Industry partners and the public to support timely surveillance and response

Key Activities

- Coordinate public awareness campaigns and enhance public outreach and education through stakeholder notices, webinars, campaigns and other materials as needed.
- Coordinate with CBP and CDC to enhance public outreach and awareness of methods to prevent NWS introduction due to international travel or pet import.
- Promote awareness of response activities implemented and NWS status in animals and humans through public-facing dashboards and websites.

RESOURCES AND TOOLS

- [Screwworm.gov](#)
- [USDA APHIS NWS Public Website](#)
- [USDA APHIS FAD PReP: New World Screwworm](#)

MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
June 8, 2026

02 REDUCE SPREAD TO NON-INFESTED ANIMALS AND PREVENT NWS FROM ESTABLISHING IN NEW AREAS

2.1 Immediately establish a minimum 20 km Infested Zone, 20 km Adjacent Surveillance Zone, and Fly Surveillance Area around animal and wild fly detections

Key Activities

Approach for NWS detections⁵ in domestic animals, wildlife, or of the NWS wild (fertile) fly

- Immediately establish a minimum 20 km (~12.4 miles) Infested Zone (IZ) and a surrounding 20 km Adjacent Surveillance Zone (ASZ) around 1) premises with an infested domestic animal or 2) the location of infested wildlife, when NWS establishment is determined based on surveillance and/or epidemiological investigation, or 3) the location of NWS wild fly detections (Figure 1). This allows response activities to begin and be efficiently and effectively coordinated.
 - A minimum 20 km IZ is based on the daily distance NWS flies travel (1-2 km, 0.6 – 1.2 miles) and how long they fly in a lifetime (10-14 days). This initial zone sizing has also historically been used globally.
- Establish a Fly Surveillance Area (FSA) that overlaps and extends outward from the Infested and Adjacent Surveillance Zones.
 - The FSA should extend outward from NWS animal or fly detections to a distance up to 200 km (~124.3 miles) based on an assessment of factors that impact long-range travel of the fly (e.g., habitat suitability, geographic range, climate, weather, animal density, etc.).
 - The outside border of the FSA might not extend equally in all directions.
- Expand the IZ to encompass new NWS animal or fly detections when they are located within, or proximate to, an existing IZ/ASZ/FSA and considered part of the current area or region infested.
- Establish a new IZ when an NWS detection is 1) not located within an existing IZ/ASZ/FSA and 2) is located outside the NWS fly geographic range of the current area or region infested (e.g., long-distance movement of an infested animal originating from a previously established IZ) and 3) is not considered an NWS isolated case.

Approach for NWS isolated cases, or suspect cases not able to be sampled, that are located outside an established Infested Zone

- Quickly determine if an NWS case is isolated through epidemiological investigation. An NWS isolated case is an animal case that is located:
 - outside an established IZ where the infestation is contained to the initial finding, such as the case having a travel history outside the United States to a screwworm-infested country within the past 10 days, or
 - where NWS establishment in the area is not likely due to epidemiological factors, such as early detection or being in unsuitable NWS habitat, resulting in negligible risk of larval development.

RESOURCES AND TOOLS

- [Establishing and Releasing NWS Zones and Areas](#)
- USDA entomologists and analysts will determine Fly Surveillance Area sizing based on fly ecology and habitat assessment

⁵ See [NWS Case Definition](#).

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
June 8, 2026**

- Identify NWS suspect cases not able to be sampled. This may include wildlife suspected to have NWS based on wildlife camera images or visual observations of wildlife with wounds, but the animals are not under human control to be sampled.
- For NWS isolated cases, conduct an epidemiological investigation and implement precautionary animal and fly surveillance through establishment of an Adjacent Surveillance Zone (ASZ) and Fly Surveillance Area (FSA), respectively, to demonstrate absence of [NWS establishment](#).
- Immediately establish an Infested Zone (IZ) anytime NWS establishment is determined.
 - NWS establishment is determined based on detection of an NWS wild fly or evidence of locally acquired infestation. For example, no evidence of animal movement from an established IZ.
- Coordinate with CDC and state public health partners on human NWS cases to determine if animal or fly surveillance should be implemented to demonstrate presence or absence of NWS establishment.

RESOURCES AND TOOLS

- [NWS Initial Epidemiological \(Epi\) Questionnaire](#)
- [USDA APHIS VS Center for Epidemiology and Animal Health](#)

2.2 Quickly implement area quarantines and movement requirements for domestic animals on premises located within Infested Zones (IZ), on premises with a Suspect Case, and premises with epidemiological links to Confirmed Cases (epi-linked prem) outside of the IZ

Key Points

- Quarantines are emergency regulatory interventions to manage domestic animal movements and/or actions; the following authority applies:
 - State/Territorial/Tribal Authority and/or
 - USDA Authority: existing USDA authorities or USDA Extraordinary Emergency Declaration.
- Quarantines have specific managed movement requirements and actions (e.g., traceability, surveillance/animal inspections; see also [Section 6](#)) depending upon the Premises Status or location within an IZ.
- Appropriate Infested Zone (or other zone) designations may be required for implementation of quarantine, movement requirements, animal inspections, and administration of NWS animal drugs and pesticide products.

RESOURCES AND TOOLS

- [NWS National Continuity of Business: Standardized Animal Movement Certificate Guidance](#)
- [NWS Case Definitions](#)

Key Activities

- Impose State area quarantines and/or hold orders on domestic animal premises located within IZs to implement and enforce movement requirements, reporting of suspect cases, and implementing response activities.
- Impose State premises-level quarantines and/or hold orders on premises with infested domestic animals, and on premises with suspect cases and premises with animals that are epidemiologic links to confirmed cases, to manage and eliminate NWS infestations (see [Section 3](#)).
- Once the IZ is established, implement area quarantine and movement requirements, including pre-movement animal inspection and administration of NWS animal drugs and pesticide products when appropriate, based on standardized continuity of business NWS animal movement certificate guidance (see [Section 6](#)).

2.3 Perform trace investigations for animal movement from premises with infested animals as quickly and completely as possible; prioritize tracing needs based on risk of NWS establishment in new areas

Key Activities

- Utilize the NWS epidemiology questionnaire to determine if tracing animals, carcasses, visitors, or potentially infested material (e.g., manure) on or off infested premises is needed.

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

- Conduct tracing of animals, or potentially infested materials that moved on and off an infested premises prioritizing recent animal and carcass movements (14-day window prior to infestation). Animals already in-transit when NWS is detected at their premises of origin can proceed to their first destination to be inspected and treated there as appropriate.
- Coordinate tracing of human movement with public health partners.
- Leverage animal movement data to perform tracing as quickly as possible.
- When there is a high volume of animals to trace or resources are limited, prioritize tracing based on risk of NWS establishment in new areas:
 - Prioritize tracing animal and carcass movements off an infested premises.
 - Prioritize tracing animals, carcasses, and potentially infested materials that moved outside an established Infested Zone.

Companion Animals
• Support state animal health and public health authorities and relevant federal partners with investigating NWS cases in companion animals. • Coordinate with state authorities to implement temporary movement restrictions or quarantines as needed. • Engage veterinarians, shelters, rescues, and boarding facilities to report suspected cases of NWS infestation. • Deploy targeted outreach to shelters, boarding facilities, rescue groups, and veterinary clinics to enhance early detection and reporting. • Identify and evaluate movements of companion animals with confirmed or suspected NWS infestation to determine if the case is isolated, identify exposure sites and other at-risk populations, and inform surveillance and other response activities. • Support the American Veterinary Medical Association (AVMA) and other partners in the creation of treatment/prevention protocols for companion animals. • Integrate companion animal data into mapping and modeling efforts to inform surveillance priorities.

2.4 Conduct epidemiological investigations and analyses to inform the response

Key Activities

- An epidemiologic investigation can identify cases, determine risk factors for infestation, determine the scale and scope of the outbreak, and support the development of mitigation strategies.
- Administer epidemiological questionnaires for all infested premises, including those with infested companion animals, and epi-linked premises (premises that are linked epidemiologically to infested premises).
 - Premises may have the questionnaire administered multiple times throughout the outbreak as the situation requires, such as if they are located within multiple zones, or if they become infested multiple times.
 - Complete summaries and analyses using the epidemiological data collected to support internal/external reporting and communication with stakeholders, trade partners, and the public.
 - Conduct an epidemiological investigation on premises adjacent to infested premises.
 - Collect epidemiological information for movements into and out of the Infested Premises to identify epi-linked trace premises.
 - Epi-linked trace premises may include the entire premises, or smaller epidemiological units when appropriate.
 - Prioritize investigations based on location (outside the Infested Zone (IZ) before premises within the IZ), risk, and other epidemiological factors.
 - Inspect animals on epi-linked premises to assure freedom from NWS, being especially thorough with animals originating from the infested premises.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
June 8, 2026**

Companion Animals

- Include companion animals in outbreak case investigations to identify potential pathways or areas of infestation.
- Collect detailed epidemiological data on companion animals associated with infestations.
- Analyze companion animal cases to assess their role in maintaining or spreading NWS.

2.5 Conduct domestic animal surveillance

Key Activities

Passive Surveillance in the Infested Zone and Adjacent Surveillance Zone

- Perform extensive outreach and training in the IZ and ASZ, targeting animal owners, livestock workers, veterinary practitioners, and animal related businesses to increase vigilance and promote frequent inspection of animals for wounds and infestation, implementation of animal husbandry and welfare best practices, and reporting of suspect cases.
- Track outreach and training activities in EMRS (see [Section 7](#)).
- Continue enhanced passive surveillance for domestic animals until zones are released and the affected state is declared free.

Active Surveillance in the Infested Zone

Active surveillance of domestic animals will be accomplished through animal inspections prior to moving out of an IZ.

- Perform pre-movement inspections on farm-raised animals and captured/captive wild or feral animals under temporary or permanent human control that are located within an NWS IZ.
 - Meet requirements and obtain an animal movement certificate prior to animal movement out of an IZ for animals subject to NWS movement requirements, assuring inspection and documenting pre-movement use of NWS animal drugs and pesticide products when administered (see [Section 6](#)).
 - If myiasis is found during pre-movement inspection, place animals and the premises under quarantine until a Foreign Animal Disease (FAD) investigation and initial epidemiologic investigation can be completed (see [Section 3](#)). All suspect cases must be reported to the appropriate animal health authority (USDA VS, SAHO).
- Perform additional active surveillance activities in or around the IZ and ASZ as determined by the SAHO and APHIS VS. These may include:
 - regulatory inspection visits of premises,
 - movement control checkpoints for inspection of livestock shipments or companion animal movements,
 - Regular monitoring and inspecting of other outdoor animals on a premises with farm-raised animals, such as protection/guardian dogs,
 - regulatory inspections at slaughter establishments, and
 - investigating and monitoring companion animal and human cases in coordination with CDC and state public health partners.

2.6 Quickly identify specimens and maintain timely and accurate animal surveillance

Key Activities

Coordinate NWS identification at NVSL and NAHLN, or other APHIS approved laboratories

- NWS identification of samples from animals will be performed at USDA APHIS approved NAHLN laboratories, by approved other laboratories/entomologists in a state, or at NVSL; all confirmatory identification/testing will be performed at NVSL.
- Coordinate with the USDA APHIS VS NAHLN Coordinator.
- Ensure NAHLN and NVSL testing requirements and sample submissions are coordinated and communicated between the IMT, NAHLN laboratories, NAHLN coordinator, and NVSL Director.
- Forward any presumptive NWS specimens, or specimens that resemble NWS to NVSL within 24 hours of laboratory receipt. Communicate with the APHIS VS/SAHO where the fly/larvae were collected; include assigned FAD investigation number in communication with NVSL, NAHLN and electronic results.
- Ensure electronic messaging of results following NWS specific guidelines; refer to the NAHLN Messaging Guidance.
- APHIS may approve other laboratories/entomologists outside of the NAHLN network to assist with identification. These laboratories outside of the NAHLN network will adhere to the same reporting requirements as outlined above for the NAHLN laboratories.
- Laboratory identification of samples from humans should be coordinated with state public health partners and CDC.

RESOURCES AND TOOLS

- USDA APHIS [NWS Strategy Plan: Laboratory Diagnosis](#)
- USDA APHIS [NVSL](#)
- [National Animal Health Laboratory Network](#)
- [NAHLN Information Technology System](#)

03 MANAGE INFESTED ANIMALS AND PREMISES

Follow USDA APHIS and State guidelines and requirements for managing NWS myiasis and any necessary euthanasia and/or disposal

Key Activities

- Depopulation of groups of animals will not be used for general control and eradication of NWS. However, depopulation of a group of animals may be considered in select situations.
- Individual animals may need to be humanely euthanized in cases with severe myiasis or when treatment is not possible.

Implement guidelines for managing infested animals and premises

- Producers must report suspect cases immediately to the veterinary authority (USDA Area Veterinarian in Charge [AVIC], or SAHO) or their veterinarian. Veterinarians must report all cases to the AVIC or SAHO.
- Premises containing animals suspected of NWS myiasis must be placed on a hold order or quarantine while the case is under investigation. Domestic animals will be restricted from moving off the premises until they can be examined by regulatory personnel or other personnel approved by the SAHO.

RESOURCES AND TOOLS

- USDA APHIS [Disease Response Strategy: NWS Myiasis](#)
- [AVMA Guidelines for the Euthanasia of Animals](#) (2026)
- [NWS Disposal and Disinfestation of Animals and Materials](#)

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
June 8, 2026**

- Perform physical inspection of domestic animals (including companion animals in a residential or urban setting) and use of NWS animal drugs and pesticide products following the [Best Practices for Evaluation of Animals for NWS](#) guidelines. Physical inspection and use of NWS animal drugs and pesticide products should be completed under the supervision of a regulatory official, licensed veterinarian, or other personnel approved by the SAHO.
- Authorized State or federal personnel will follow EMRS guidelines to track activities associated with the infested premises.
- Once examined and determined to be non-infested, animals may be moved off the premises if Infested Zone movement requirements are met.
- Conduct an epidemiologic survey and perform trace investigations outlined in [Section 2](#). When relevant, coordinate with public health partners to address tracing of humans including visitors to premises.
- See [Section 4](#) for managing wildlife on premises with infested animals.
- The quarantine may be released by the State once all wounds are healed and there is no evidence of reinfestation after 21 days, and owner has completed mitigation activities outlined in the Checklist for Management of Premises with Infested Animals. If the owner is unable to perform sufficient environmental mitigation activities, quarantine may be extended.
- After quarantine is released, all domestic animals on the premises will still be subject to movement requirements within the Infested Zone.

RESOURCES AND TOOLS

- [NWS Checklist for Management of Premises with Infested Animals](#)
- [Best Practices for Evaluation of Animals for NWS](#)
- [NWS Disposal and Disinfestation of Animals and Materials](#)

Implement guidelines for [temporary animal aggregation points](#) (such as markets and buying stations) with a detection of an infested animal

- If an infested animal is found at a temporary animal aggregation point, initiate an FAD Investigation. Follow documentation guidelines in EMRS NWS Tracking Toolkit.
- Any changes to the requirements listed in this section must be approved by APHIS and the SAHO.
- Dispose of carcasses and materials as outlined in the [Disposal and Disinfestation of Animals and Materials](#) guidance.
- If the aggregation point is within an established IZ:
 - Hold all animals in the same lot as the suspect animal.
 - Inspect all animals in the lot following the [Best Practices for Evaluation of Animals for NWS](#) guidelines.
 - Return infested animals to the premises of origin or hold and treat animals according to guidelines.
 - Additional pest mitigations may be required depending on where and how long the infested animals were housed on site prior to detection.
 - Conduct an epidemiologic survey and perform trace investigations outlined in [Section 2](#).
 - Changes to these requirements must be approved by APHIS and the SAHO.
- If the aggregation point is outside of an IZ:
 - Hold animals at the facility until all animals can be inspected.
 - Inspect all animals on the premises following the [Best Practices for Evaluation of Animals for NWS](#) guidelines.
 - Return infested animals to the premises of origin or hold and treat animals according to guidelines.
 - Additional pest mitigations may be required depending on where and how long the infested animals were housed on site prior to detection.
 - Conduct an epidemiologic survey and perform trace investigations outlined in [Section 2](#).

RESOURCES AND TOOLS

- [Best Practices for Evaluation of Animals for NWS](#)
- [NWS Disposal and Disinfestation of Animals and Materials](#)

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

- Implement guidelines for a slaughter establishment with a detection of an infested animal
- NWS myiasis is not a food safety concern⁶, and animals should be processed in accordance with FSIS or State regulations (whichever is applicable).
 - Refer to [FSIS Directive 6000.1 Responsibilities Related to Foreign Animal Diseases \(FADs\) and Reportable Conditions](#), which directs FSIS to contact the AVIC or SAHO to investigate all FADs suspected at slaughter facilities.
 - Follow documentation guidelines in EMRS.
 - Additional pest mitigations may be required depending on where and how long the infested animals were located on site prior to detection.
 - Initiate a trace investigation to determine origin of an infested animal.

04 IMPLEMENT NWS SURVEILLANCE AND MANAGEMENT STRATEGIES IN WILDLIFE

4.1 Establish State, Federal, Territorial and Tribal authorities associated with wildlife

Key Points

- Wildlife in the United States are considered a public trust resource. As such, multiple government agencies may have authority over them, depending on the specific regulatory classification of the species.
- State, federal, territorial and tribal authorities each manage wildlife with distinct roles and responsibilities.
- States have the primary authority to manage wildlife, except for federal migratory bird species and federal threatened and endangered species within their respective borders, setting rules for hunting and other activities. This authority typically applies to non-federal lands, including state lands, other public lands and private lands.
- The federal government manages wildlife on some federal lands, such as national parks and wildlife refuges. However, the federal government frequently aligns its wildlife management with the state.
- The federal government has the primary authority for management of migratory bird species and federal threatened and endangered species.
- Tribal governments manage wildlife on their own tribal lands according to their tribal laws, goals and priorities.

RESOURCES AND TOOLS

- NWS sampling kits for wildlife professionals (*contact APHIS WS*)
- [Foreign Animal Disease Investigation Guide: NWS](#)

4.2 Conduct surveillance in wildlife to aid in determining presence of NWS

Key Points

- The primary objective of surveillance in wildlife for NWS is to aid in determining presence of NWS, especially in areas with low domestic animal densities, as well as supporting wildlife conservation, protection, and recovery of species at risk (including threatened and endangered species).
- Wildlife surveillance on the leading edge of the known Infested Zone (IZ) and throughout the Adjacent Surveillance Zone (ASZ) provides critical information for assessing the size of the zones.
- Surveillance will target captive, captured, and free-ranging wildlife.
- Combining active and passive surveillance strategies using State and Federal agencies, private organizations, and private citizens provides comprehensive surveillance of wildlife.
- Citizens and private organizations that regularly observe or interact with wildlife are important sources for passive surveillance.

⁶ See [FDA Drug Residues](#) Guidelines; [askFSIS Public Q&A on NWS](#).

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026**

- Surveillance within the IZ is important for releasing the zone and evaluating the success of eradication efforts, and post-eradication to ensure ongoing NWS myiasis is not present.
- Surveillance of wildlife within the Infested Zone can be used to identify sentinel species, support improvements in methodology, and evaluate optimal strategies to leverage for improved surveillance outside the IZ.

Key Activities

- Coordinate wildlife surveillance efforts with interagency partners (SLTT) and DOI to enhance detection, data sharing, and response readiness.
 - Work with SLTT partners and DOI field personnel to conduct coordinated wildlife surveillance, ensuring consistent sampling, timely reporting, and integration of findings into EMRS.
 - Leverage SLTT and DOI wildlife management activities (trapping, field investigations, population monitoring) to expand surveillance coverage and improve early detection of NWS.
- Start active wildlife surveillance after establishment of an Infested Zone (IZ) and Adjacent Surveillance Zone (ASZ).
 - Focus on high use areas (water, food, shelter and the travel corridors to each).
 - Include active surveillance streams such as hunter check stations, inspection of any wildlife being transported for any purpose, recently road killed animals, Agency (State or Federal) surveillance of wildlife contacted during routine activities (e.g. damage management, wildlife research, etc.), FAD investigations, camera traps placed by federal or state authorities, and targeted removal of individual wildlife exhibiting signs of NWS myiasis. See the wildlife surveillance guidance document for more details.
 - Consider expanding active surveillance in wildlife outside the ASZ as the outbreak expands, or risks change. Wildlife with large home ranges (e.g., mountain lions) with documented NWS myiasis, should warrant consideration of a larger surveillance area.
 - Consider focusing on specific species that have been identified as good sentinel species.
- Incorporate passive surveillance streams
 - Provide outreach and education to key groups in the IZ, ASZ and Fly Surveillance Area (FSA). Examples of key groups are private citizens and private organizations such as hunters, wildlife control specialists, wildlife rehabilitators, taxidermists, extension agents, researchers, and other private citizens and organizations that are routinely contacting or viewing wildlife.
 - Encourage these groups to report any sightings of potential NWS cases.
- Once an outbreak is resolved, surveillance in wildlife will remain ongoing to monitor cases of NWS and support releasing an IZ and demonstrating areas are NWS-free.

RESOURCES AND TOOLS

- [NWS Overview of Wildlife Surveillance](#)
- AI programs such as [CameraTrapDetector](#) or [SpeciesNet](#) to aid in identification of animal species.

4.3 Adhere to sampling guidance when conducting surveillance

Key Activities

- Follow collection guidelines when collecting larvae from wildlife with suspected myiasis.
- Coordinate sample collection from wildlife with SLTT and DOI to ensure alignment with ongoing management operations and necessary wildlife handling permits and access agreements.
- Coordinate sample submission with APHIS AVIC, IMT, or SAHOs to ensure timely and accurate reporting

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

4.4 Manage transport and shipment of wildlife

Key Activities

Captive Wildlife	Captured Wildlife	Wildlife Carcasses ⁷
• Shipment/transport of captive wildlife (i.e. zoo animals, farmed wildlife or other wildlife under human control) must adhere to regulations and policies pertaining to domestic animals outlined in Section 2.5.	• Consider discontinuing capture and transport of wildlife (e.g. feral swine, deer, etc.) by the public from the IZ and ASZ. • If public capture and transport of wildlife is allowed, animals should adhere to regulations and policies pertaining to domestic animals outlined in Section 2.5 and Section 6. Animals from wildlife rehabilitators or nuisance animal control companies in the IZ must be inspected and found free of NWS before movement. Consult State and federal wildlife officials on guidance or if animals should be administered NWS animal drugs or pesticide products should be utilized.	• All wildlife carcasses being transported out of the Infested Zone (IZ) or Adjacent Surveillance Zone (ASZ) should be inspected for NWS to prevent the unintentional spread of larvae. When feasible, establish hunter check stations within the zones for harvested wildlife during hunting seasons. • Consider prohibiting the transport of whole carcasses out of both the IZ and ASZ. • Deboned meat, processed meat, antlers with cleaned skull plates are considered low to negligible risk. • Infested or suspect wildlife carcasses completely enclosed in a sealed bag may be acceptable for movement when transport to an approved disposal facility is needed.

4.5 Manage infested wildlife

Key Points

- Wildlife reported as having myiasis are likely to have advanced infestations with the presence of third instars (mature larval stage of the screwworm fly) by the time the animal’s infestation is severe enough to be noticed and reported.
- Management of wildlife carcasses that may contain screwworm larvae is important. Second and third instar larvae can successfully pupate after leaving a carcass and can contribute to ongoing infestations. This was thought to contribute significantly to previous infestations involving wildlife as noted during the 2016 Florida NWS outbreak in key deer.
- Use of NWS animal drugs or pesticide products may be considered in wildlife under some circumstances and will vary depending on regulatory approvals, objectives and triggers for use, species affected and goals of administering these products. NWS animal drugs and pesticide products in wildlife should only be used following use directions and regulations, and after careful evaluation to ensure delivery methods are both effective and adequate to achieve population-level impact.
- Active reduction of free-ranging wildlife populations could be considered under very limited circumstances.
- Use and delivery of NWS animal drugs and pesticide products should receive special consideration for non-target species impact and unintended environmental consequence of use. Any use of products would need to comply with local and state regulations.
- Disposal of infested carcasses should comply with local and state regulations.

⁷ Refer to NWS [Disposal and Disinfestation of Animals and Materials](#).

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026**

Key Activities

Disposal

- When possible, carcasses infested with NWS should be left in place and risks mitigated on-site to avoid unintentionally moving larvae to a new premises/area.
- If movement of an infested carcass is required, it should be inspected and, if possible, treated and placed in a sealed bag before being transported to an approved disposal site. See disposal guidelines document for more details.
- Disposal should be conducted in accordance with local laws and regulations and as directed by the appropriate authority.

Treatment

Consider these three categories of wildlife when deciding on when to apply NWS animal drugs or pesticide products:

1. *Common, free ranging wildlife* (e.g. deer, wild pigs, peri-domestic species, etc.): The primary objective is to reduce myiasis in an already affected population until sterile fly releases are possible.
2. *Federal or state listed species of concern, threatened, or endangered wildlife*: Careful consideration of actions and management to treat and/or prevent myiasis in these species should be taken to reduce mortality of affected animals. Use of NWS animal drugs or pesticide products in these wildlife species should be done in consultation with U.S. Fish and Wildlife Service and wildlife agencies. Specific NWS animal drugs or pesticide products selected for use would depend on the environment, presence of non-target species, and the target species.
3. *Endangered wildlife*: NWS animal drugs or pesticide products may be considered for administration in endangered wildlife populations to prevent and/or treat myiasis. Use of NWS animal drugs or pesticide products in endangered wildlife should be done in consultation with U.S. Fish and Wildlife Service and the state wildlife agency. Specific NWS animal drugs or pesticide products selected for use would depend on the environment, presence of non-target species, and the target species.
4. *Captive wildlife* and wildlife under human care: Captive wildlife and wildlife under human care will be easier to treat since they are more likely to be physically handled. These might include animals in zoological or wildlife exhibits, wildlife at rehabilitators, wildlife captured for research purposes, or hunting preserves/facilities. Animals in these environments may be considered for administration of NWS animal drugs or pesticide products to prevent and/or treat animals affected by NWS. Specific NWS animal drugs and pesticide products as well as method of delivery will depend on the environment (e.g., open-air exhibit, presence of wetlands, etc.), presence of non-target species, and the target species. NWS animal drug or pesticide product use in captive wildlife and wildlife under human care should be done in consultation with USDA and appropriate wildlife agencies.

MINUTES OF THE COLORADO COUNTY

COMMISSIONER’S COURT REGULAR MEETING

June 8, 2026

· IMPLEMENT NWS FLY SURVEILLANCE AND MANAGEMENT STRATEGIES

Key Points

- APHIS will authorize, implement, and coordinate fly trapping and sterile fly release operations, including production, release (ground and aerial), and surveillance, in cooperation with federal and state authorities.
- Surveillance for NWS flies is used to determine the geographic spread of flies, document the absence of fertile NWS flies (through their absence in traps) in Infested Zones (IZ) and Adjacent and Fly surveillance zone/area (ASZ and FSA), and to provide evidence of freedom from NWS after sterile fly release is discontinued.
- When sterile insect release is used in coordination with State and Federal authorities by ground, vehicle, or aerial methods, trapping will be used within the response areas to evaluate the release, dispersal, and efficacy of sterile NWS flies.

5.1 Establish fly surveillance structure and activities in the Infested Zone and Fly Surveillance Area

Key Activities

- Set and monitor fly traps throughout the IZ and Fly Surveillance Area (FSA) (refer to [Section 2](#)) to determine the geographic range of flies, document the presence and absence of wild NWS flies, inform the release, dispersal, and efficacy of sterile NWS flies, and provide evidence of freedom from NWS.
- Establish a new IZ and ASZ for any detection of a wild fly in a fly trap in a new area outside of established zones.
- Results from these activities can be used to inform additional mitigation activities including enhanced on-farm surveillance, wildlife surveillance or the establishment of additional IZ and ASZ or the release of areas from IZ and ASZ.
- Follow standard handling and biosecurity protocols during trap collection and transport to maintain sample integrity and reduce risk of spread.
- Closure of zones and halting surveillance activities will be determined by incorporating fly, domestic animal, and wildlife surveillance information.
- Coordinate with SLTT and federal partners to align fly surveillance networks with existing vector control, land management, and jurisdictional authorities to maximize coverage and minimize duplication of effort.

RESOURCES AND TOOLS

- NWS Response: [Fly Surveillance & Site Selection Methods](#)

5.2 Coordinate and conduct fly surveillance in an affected area

Key Activities

- Integrate surveillance data from all activities for analysis, visualization, and timely communication to response agencies and stakeholders.
- Collect NWS flies using available methods include luring/baiting flies and catching them with nets or trapping with wind-oriented sticky traps with chemical attractants or other traps.
- Set up traps at varying distances from points of known infestation and account for typical flight distance of NWS flies, preferred habitats, host density/presence, and weather patterns.

RESOURCES AND TOOLS

- USDA APHIS [NWS Strategy Plan: NWS Eradication using the Sterile Insect Technique/Surveillance](#)
- NWS Response: [Fly Surveillance & Site Selection Methods](#)

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

- Conduct trapping and surveillance activities in favorable NWS habitats (e.g., edges of wooded areas), and in such a manner that the trapping/surveillance site is located up-wind, so the odor of the attractant carries into the favorable habitat.
- Sort trapped flies at pre-determined labs or designated submission areas.
- Conduct ongoing training for field personnel (strike teams) to integrate into IMT surveillance teams.
- Establish mobile field response trailers to support strike teams with resources for trap deployment and SIT and fly identification.
- Ship suspect and presumptive NWS life stages to NVSL for final confirmation.
- Correlate fly surveillance results with concurrent domestic animal and wildlife surveillance data to refine risk assessments and guide control measures.
- Ensure surveillance results and presumptive detections are reported through chains of command in real time.
- Work with SLTT and federal partners to prioritize high-risk locations, facilitate site access, and share real-time data to strengthen surveillance in affected areas.

Companion Animals
• Analyze epidemiological data for companion animal infestations to evaluate their potential role in maintaining or spreading NWS. • Coordinate fly surveillance around companion animal cases (as determined by epi evaluation) with SLTT partners.

5.3 Deploy Sterile Insect Technique (SIT) in Response to an Outbreak

Key Activities

- Mitigate and reduce spread of fertile flies using SIT.
- USDA will coordinate ground, air, and truck sterile fly release. Refer to SIT Factsheet for additional details for possible methods to release sterile NWS into the environment.
- USDA will consider deploying SIT in two situations:
 1. finding NWS larvae in an animal or person that did not travel outside of the United States in the previous 10 days; or
 2. finding NWS larvae in an animal or person that did travel outside of the United States in the previous 10 days, with evidence that larvae may have left the host in the United States (e.g., myiasis detected 5 or more days after United States arrival, or collection of NWS pupae) and could complete pupation (e.g., access to soil, favorable local temperatures, suitable seasonal climate).
- Collaborate with SLTT and federal partners to support SIT implementation through coordinated release sites, monitoring, and evaluation of effectiveness.

RESOURCES AND TOOLS

- [APHIS NWS SIT Factsheet](#)
- NWS Response: [Fly Surveillance & Surveillance Site Methods](#)

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

06 MAINTAIN CONTINUITY OF BUSINESS (COB)

Key Points

- NWS myiasis is not a food safety concern; there are no movement requirements for animal products.
- While NWS is a significant threat to all warm-blooded domestic animals, the risk is often greater for farm-raised and wild/feral animals due to outdoor exposure, production or management practices that increase susceptibility to infestation in open wounds, and potential for large-scale economic impact. As such, movement requirements to maintain COB apply to animals located within an NWS Infested Zone (IZ) that are farm-raised or are captured/captive wild or feral animals under permanent or temporary human control.
- Specific to wildlife, COB relating to hunting seasons and outdoor recreation is important.
- Protocols for pre-movement administration of animal drugs or pesticide products for NWS prevention or treatment of different species/animal production types or for different animal movement scenarios are in development to support their sustainable use for NWS and other parasites.
- Owners of animals located within an NWS IZ and not subject to the below movement requirements, such as companion animals, should contact the destination SAHO office for interstate animal movement requirements.

6.1 Implement COB plans to facilitate the managed movement of animals

Key Activities

- Domestic animals or captive/captured wild animals not located in an IZ and not identified as Epi-Linked or Suspect Premises, may move in normal channels of intra/interstate commerce, unless otherwise restricted due to a regional quarantine with associated movement requirements.
- There are no movement requirements for animal movements into an IZ.
- Domestic animals or captive/captured wild animals subject to movement requirements that are located in an IZ or are Epi-Linked or Suspect Premises require an NWS animal movement certificate for animal movement out of the zone: the NWS animal movement certificate is attached to an interstate Certificate of Veterinary Inspection (ICVI), or other form approved by the SAHOs, and submitted to the origin and destination SAHO for interstate movements; otherwise, the NWS animal movement certificate is submitted to the origin SAHO for intrastate movements.
- Implement the NWS National Continuity of Business: Standardized Animal Movement Guidance for inspecting animals and administering NWS animal drugs or pesticide products, when applicable, before moving them out of an IZ; contact the SAHO office where animals originate for process of submitting animal movement certificates for approval and for any additional requirements.
- Use SAHO state systems for obtaining animal movement certificates for interstate and intrastate movement of domestic and captive/captured wild animals out of an Infested Zone.

RESOURCES AND TOOLS

- [NWS National Continuity of Business: Standardized Animal Movement Guidance](#)

COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026**

07 ENSURE INFORMATION FLOW AND MANAGEMENT

7.1 Record and report NWS Fly Trapping and Sterile Fly Release Activities using USDA’s Emergency Management Response System (EMRS)

Key Activities

- Manage and track all fly surveillance activities utilizing EMRS, the system of record for all foreign animal disease investigations and incidents.
- Manage and track all Sterile Fly Release activities (aerial and ground release) in EMRS.
- Develop NWS map products with data pipelines from EMRS into geodatabases.
- Utilize map tools, such as operational dashboards, StoryMaps, or custom interactive maps for situational awareness or communication with stakeholders, and industry. Products will be based on needs identified by internal and external stakeholders.

RESOURCES AND TOOLS

- [USDA APHIS EMRS](#)
- USDA APHIS [NWS Fly Assessment](#) Form

7.2 Record and report domestic animal and wildlife field data using EMRS

Key Activities

- Authorized users will load and collect all domestic and wildlife data into EMRS. Utilize data for outbreak management and data visualization/analysis.
- Document and record any wildlife inspected for evidence of NWS in EMRS and the APHIS WS Operation and Reporting System (OARS). All suspect and confirmed animal cases will be tracked in EMRS.
- Develop NWS outbreak map products (including any products needed to support trade) utilizing data from EMRS. Products will be based on needs identified by internal and external stakeholders.

7.3 Utilize EMRS to manage and track active and passive animal and fly surveillance activities

Key Activities

- Track and manage passive surveillance activities in established zones using EMRS.
- Develop EMRS products and procedures as surveillance protocols and policies are established.
- Utilize EMRS as the APHIS VS primary system of record for outbreak management with potential supplementation via third party state or industry systems.

7.4 Utilize EMRS to manage the outbreak and meet national and international reporting requirements

Key Activities

- Develop internal and external situational reports using USDA APHIS and State/Territory/Tribal templates and data within EMRS; USDA APHIS will coordinate with affected State and Territory officials on public reporting of the outbreak situation.
- Use of EMRS will be critical for negotiating and reestablishing trade.

RESOURCES AND TOOLS

- [World Organisation for Animal Health Terrestrial Animal Health Code. New World Screwworm](#)
- USDA APHIS [NWS Strategy Plan: Information Management](#)

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

- APHIS will submit an immediate notification (IN) to the World Organisation for Animal Health (WOAH) following the first confirmation of NWS in the United States in an animal. Following the initial immediate notification to WOAH, APHIS will submit weekly follow-up reports to WOAH including all confirmed detections in domestic and wild species. Positive premises statuses and positive subject statuses as recorded in EMRS will be used to provide data for WOAH immediate notifications and follow-up reports. Detections in WOAH reports will be identified at the County level. *WOAH does not provide specific criteria for proof of freedom from NWS.*
- Develop NWS map products for national and international reporting needs (as needed and identified).

08 IDENTIFY AND MAINTAIN RESOURCE REQUIREMENTS

8.1 Continually assess equipment, supplies and personnel needs

Key Points

- All resource needs will be identified, evaluated and monitored by the AVIC/SAHO of the affected State or the IMT.
- Submit resource requests through EMRS.
- Discuss and identify locally available and necessary resources among various agency partners.
- Distribute traps and attractants in accordance with APHIS NWS SMEs risk-based approach for surveillance.
- Sterile insect procurement, quantities, release sites and method of dispersal will be determined by NWS SMEs and USDA leadership based on case location, risk of spread to new geographical areas.
- The National Veterinary Stockpile (NVS) augments SLTT response by providing resources, upon request, when local and state resources have been exhausted and in cases where only USDA is able to procure the equipment/supplies.

Primary Equipment / Supplies	Primary Personnel Needs	Resources / Tools
National Veterinary Stockpile (NVS) • NWS collection kit items • Fly trapping/surveillance equipment/supplies • Products to prevent and/or treat NWS infestation • Disposable supplies (including syringes, needles, etc.) • NWS response trailer supplies • Cold chain equipment/supplies to transport sterile flies for ground and/or air dispersal • Coordination of sterile insect release to the designated sites will be through the NVS and NWS SMEs with local response team	• NWS Strike Team Leader • NWS Strike Team Member • Sterile Insect Lab Technician • SIT Program Team member • Training Coordinator • NWS Case Manager • Contract Officer’s Representative • Interdiction Team Member • Law Enforcement Officer	• USDA APHIS EMRS • USDA APHIS National Veterinary Stockpile • NWS Checklist for Management of Premises with Infested Animals • FDA - Animal Drugs for NWS • Pesticides for Control of New World Screwworm • NWS Disposal and Disinfestation of Animals and Materials • FAD Investigation Guide for NWS • VS Guidance 12001.5 Ready Reference Guide
NVS Coordinated Supplies and Equipment • Fly trapping/surveillance equipment/supplies • Sterile fly release equipment/supplies • ¾ ton or larger truck for hauling (response trailers, refrigerated trailers, some animal handling equipment)		

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

Primary Equipment / Supplies	Primary Personnel Needs	Resources / Tools
Local Purchases / Contracts • Safety items such as bug spray and sunscreen • Fly trapping equipment/supplies • Equipment/supplies for building sterile fly ground release chamber Local IMT Logistics • Identify location where NWS attractants can be mixed safely	• Wildlife Biologists • Outreach Team member • IMT Positions • NWS SME • NWS Field Responder • NWS Surveillance Technician	

Criteria for Releasing an Infested Zone and Demonstrating the Area is Free from NWS⁸

Demonstrating an Infested Zone is free of NWS infestation will be based on surveillance that includes trapping of flies, assessment of sterile fly dispersal, and visual inspection of animals for myiasis. Depending on specific weather and seasonal conditions in the area(s) of infestation, surveillance should be carried out in an Infested Zone for 3-4 NWS life cycles past the last NWS detection before the zone is released. Suitable habitat and environmental and climatic factors impact the timeline of the NWS life cycle, and therefore, the timeline for releasing an Infested Zone. In temperate climates, it is generally at least 3 months (~24 days/life cycle) past the last NWS detection during an outbreak that an Infested Zone can be released; this timeline may be shorter or longer in different locations within the United States.

Additional surveillance for international and bilateral trading partners may be necessary both prior to and after the release of the Infested Zone. The extent, frequency, and type of additional surveillance required will depend on many factors, such as (but not limited to) the density of domestic animals and wildlife in the region, species, epidemiological information, environmental and climatic information, and commodity exported. The objective of this surveillance is to provide evidence of the absence of NWS to satisfy international and bilateral trading partners. Active and passive surveillance schemes may be used.

⁸ Refer to NWS [Overview of Zones and Areas](#).

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

Definitions

- Active surveillance:** any proactive surveillance, such as direct inspection of animals or NWS fly trapping, that is conducted to determine if an animal has any evidence of myiasis or evidence of the NWS sterile or wild fly.
- Adjacent Surveillance Zone (ASZ):** Zone that immediately surrounds an Infested Zone. The perimeter should be between 21 to 40 km (~13.1 to 24.9 miles) beyond the Infested Zone.
- Animal Health Authority/Authorities:** National, regional, state, or local government organizations with regulatory authority for safeguarding animal (including wildlife) health.
- Captive wildlife:** animals maintained in captivity for exhibition (including zoos), sale, personal use, education, propagation, preservation, protection or hunting purposes with no expectation of returning to, or allowing to move freely in, the wild.
- Captured wildlife:** free-ranging wildlife that are under temporary human control with the intent to be returned to and move freely in the wild.
- Domestic animals:** mammals and birds including:
- **Livestock, Production, and Farm-Raised Animals:** includes cattle, swine, sheep, goats, poultry, equids, farmed cervid breeding herds.
 - **Captured or captive wild and feral animals:** includes feral *Sus scrofa*, horses, burros, etc.
 - **Companion Animals:** includes animals considered as pets or for companionship, such as dogs, cats and rabbits, or feral companion animals held in captivity. All equids (e.g., horses) are considered farm-raised animals and subject to movement requirements.
- Epidemiologically-linked (epi-linked) premises:** premises that are linked epidemiologically to infested premises/infested animals through tracing movement of animals, carcasses and/or materials onto and off of the infested premises. Examples include premises that sent animals to the infested premises or that received animals from the infested premises prior to detection.
- Farm-Raised animals:** Animals raised or maintained in captivity for the production of meat, fiber, fur or other agricultural products, for sport, for exhibition breeding, hunting, or for recreation. This includes but is not limited to cattle, swine, sheep, goats, poultry, equine, and farmed cervids breeding herds.
- Feral animals:** animals of species originally domesticated by humans that have escaped, been released, or otherwise reverted to a self-sustaining existence in the wild. Examples include but are not limited to *Sus scrofa*, feral horses/burros, feral goats, etc.
- Fly Surveillance Area (FSA):** Area that is between 0 to 200 km (~124.3 miles) from the Infested Premises, location of infested wildlife, or NWS wild fly detections. The FSA overlaps the Infested and Adjacent Surveillance Zones. The actual size and border of the FSA will be based on an assessment of suitable habitat and the geographic range of flies for the area.
- Infested Premises (IP):** Premises where there is at least one presumptive positive case or NVSL confirmed positive case of an animal infested with the larvae of NWS.
- Infested Zone (IZ):** Zone that is at least 20 km (~12.4 miles) beyond the perimeter of an Infested Premises, location of infested wildlife, or location of NWS wild fly detections.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
June 8, 2026**

Invasive species: an alien species whose introduction does or is likely to cause economic or environmental harm or harm to human health. This also includes non-native species that, when introduced, can disrupt local ecosystems and pose risks to human health and the environment.

Movement requirements: refers to animal movement requirements based on criteria to support continuity of business during an NWS outbreak. For NWS, this is accomplished through issuance of animal movement certifications with inspection ± NWS animal drug and/or pesticide product use requirements before moving animals out of an NWS Infested Zone to mitigate the spread of NWS to new premises/new areas.

NWS infestation: detection of the NWS fly in an area/premises. NWS myiasis, the parasitic infestation of living flesh by these larvae (maggots), results from that infestation.

NWS myiasis: occurs when NWS female flies are attracted to warm-blooded animals and lay eggs at the edges of wounds or on mucous membranes like nostrils, ears, eye orbits, mouth, or genitalia. Within 10 to 12 hours, larvae (commonly known as maggots) emerge from the eggs and immediately begin to feed. As they feed on host fluids and underlying tissues, the damage caused by their hook-like mouthparts enlarges and deepens the wound. The odor, serum, and blood emitted by the infested wound can attract other female flies that also lay their eggs.

NWS certified inspector: veterinarian, veterinary technician, or other identified individuals authorized by the SAHO who have been trained on myiasis clinical identification and animal inspection through the NWS Certified Inspector Program.

NWS detection: see NWS Case Definition: www.aphis.usda.gov/sites/default/files/nws-ows-case-definition.pdf

NWS establishment: a self-sustaining and reproducing NWS population that is present and active in an area. Includes introduction of the pest into the United States that has progressed from an isolated, contained case to a reproducing NWS population as demonstrated through surveillance and/or epidemiological investigation. NWS establishment indicates an NWS outbreak. An NWS isolated case with no detection or indication of a self-sustaining, reproducing NWS wild fly population does not meet the definition of NWS establishment.

NWS isolated case: a domestic animal or wildlife case where the confirmed infestation is contained to the initial finding and does not indicate a wider, self-sustaining NWS pest population in the area. Key characteristics of an isolated case include travel-associated cases and early case detection and use of NWS animal drugs or pesticides to prevent larval development in the area as demonstrated through surveillance. The case must have a history of movement from an NWS Infested Zone or country recognized as affected with NWS to be designated as an NWS isolated case.

NWS outbreak: establishment of a self-sustaining, reproducing population of the NWS wild fly.

One Health: One Health is a collaborative, multisectoral, and transdisciplinary approach — working at the local, regional, national, and global levels — with the goal of achieving optimal health outcomes recognizing the interconnection between people, animals, plants, and their shared environment. (U.S. Government Definition, established 2017)

Passive surveillance: includes any monitoring or reporting, typically by the public, of animals suspected of having myiasis.

Premises Identification Number (PIN, Prem ID): a nationally unique number assigned by a State, Territory, Tribal, and/or Federal animal health authority to a premises that is a geographically distinct location from other premises. The PIN may be used in conjunction with a producer's own livestock production numbering system to provide a nationally unique and herd-unique identification number for an animal. It may be used as a component of a group/lot identification number (9 CFR: Chapter 1, Subchapter C, Part 86).

Quarantine: refers to imposing requirements, such as movement requirements, on animals on a premises or in an area or region where NWS exists or is suspected.

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

State animal health official (SAHO; usaha.org/saho): The lead animal health official for a state. The key point of contact and primary USDA APHIS partner on all animal disease-related matters within the state.

Sentinel species: a free-living wild animal species that serves as an early warning indicator of the presence of NWS.

Sterile Insect Technique (SIT): a mitigation activity to reduce the number of fertile flies within and around an NWS Infested Zone and contain spread if it is determined that a population of NWS is present, or may be in the process of developing, within the United States. SIT is considered an environmentally friendly pest control method because it is species-specific and leaves no chemical residues.

Suspect Premises (SP): A premises with animals suspected, but not confirmed to be infested with NWS, or a premises with an epidemiological link (e.g. animal movement) to an Infested Premises. This is intended to be a short-term premises designation in EMRS.

Temporary animal aggregation point: premises or locations where animals are temporarily brought together for a short period of time for a specific purpose, such as for sale, transport, or health inspection. Examples include livestock markets, saleyards, auctions, buying stations, exhibitions, fairs, and competition events.

Warm-blooded animals (Endotherms): All mammals, including humans, and birds are warm-blooded. All warm-blooded animals can become infested with NWS.

Wildlife: Any free-ranging animal living in a natural environment whose management is under the jurisdiction of state, territorial or tribal wildlife agencies or federal agencies.

Wildlife Agency: refers to federal, state, territorial, or tribal wildlife agencies legally responsible for the management of free-ranging wildlife, and in some cases captive wildlife.

Wildlife health point of contact: The wildlife health point of contact for a wildlife agency. The key point of contact and partner to USDA APHIS and other federal agencies on wildlife disease-related matters within the federal, state, territorial, and tribal boundaries.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

**COLUMBUS GARDEN CLUB
NATIONAL GARDEN WEEK
PROCLAMATION**

WHEREAS, Gardeners have a passion for nurturing the beauty and resources for the earth through the planting of seeds, the care of all plants and the riches of their efforts; and

WHEREAS, Gardeners work to preserve our country's traditional spirit of independence and initiative through innovation and hard work, and gardeners seek to add beauty, fragrance and nutrition to our lives through the growing of herbs, vegetables, foliage and flowers; and

WHEREAS, Gardening furnishes a challenging and productive activity for many citizens, for those just learning as well as those having years of experience, and gardening promotes a healthy lifestyle, reduces stress, and teaches that rewards can come from diligent efforts; and

WHEREAS, Gardening enables members of Columbus Garden Club as well as garden clubs across the nation and the world to serve others in the communities where they reside and work; and

WHEREAS, Columbus Garden Club, affiliated member of National Garden Clubs and Texas Garden Clubs, has worked to beautify the community of Columbus since 1936 with projects that have included the planting and maintenance of pocket gardens and planters; the annual Columbus Trash Off Day; recognition of Yard of the Month; and encouragement of conservation and recycling;

NOW, THEREFORE, Be It Resolved that in an effort to acknowledge the importance of Gardening and the numerous contributions of Gardeners of Columbus, County Judge Ty Prause designates the week of June 7 – 13, 2026 as National Garden Week.

Dated this 8th day of June 2026.

Darrell Gertson, County Judge Pro Tem
County of Colorado, the State of Texas

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

Resolution

A resolution of the County Commissioner's of the County of Colorado, Texas, Authorizing the County Sheriff to enter into a multiple-use agreement with the Texas Department of Transportation allowing the installation and operation of automated license plate recognition cameras in Texas Department of Transportation right-of-way; and providing an effective date.

Whereas, The County Commissioners of Colorado County has determined that the addition of automatic license plate recognition (ALPR) cameras will increase public safety and aid the Sheriff's Office in its crime prevention efforts and strategies; and

Whereas, The County Commissioners desire to engage with the Texas Department of Transportation (TXDOT) and ask that Flock Safety be allowed to place ALPR Cameras in the TXDOT right-of-way on behalf of Colorado County; and

Whereas, The County Commissioners finds it to be in the public interest to authorize the County Sheriff to sign a multiple-use agreement with TXDOT.

Now, Therefore, be it resolved the County Commissioners of Colorado County, Texas. That:

Section 1. The County hereby authorizes the County Sheriff to enter into a multiple-use agreement with TXDOT for the installation and operation of ALPR cameras in the TXDOT right-of-way.

Section 2. This resolution shall take effect immediately upon adoption.

Passed, approved and adopted by the County Commissioners of Colorado County, Texas this 8th day of June 2026.

Colorado County, Texas

Darrell Gertson

County Judge Pro Tem

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING
June 8, 2026**

STATE OF TEXAS §
COUNTY OF TRAVIS §

THIS AGREEMENT made by the State of Texas by and between the Texas Department of Transportation, hereinafter referred to as "State", party of the first part, and Colorado County Sheriff's Office _____, hereinafter called CCSO _____, party of the second part, is to become effective when fully executed by both parties.

WITNESSETH:

WHEREAS, on the _____ day of _____, 20 26, the governing body for the CCSO _____, entered into Resolution/Ordinance No. _____ hereinafter identified by reference, authorizing the CCSO _____'s participation in this agreement with the State; and

WHEREAS, the CCSO _____ has requested the State to permit the construction, maintenance and operation of a public _____ ALPR Installation on the highway right of way, (ROADWAY _____ Multiple _____ CONTROL SECTION NO. _____). (General description of area including either the control number or GPS coordinates.)

shown graphically by the preliminary conceptual site plan in Exhibit "A" and being more specifically described by metes and bounds of Exhibit "B", which are attached and made a part hereof; and

WHEREAS, the State has indicated its willingness to approve the establishment of such facilities and other uses conditioned that the CCSO _____ will enter into agreements with the State for the purpose of determining the respective responsibilities of the CCSO _____ and the State with reference thereto, and conditioned that such uses are in the public interest and will not damage the highway facilities, impair safety, impede maintenance or in any way restrict the operation of the highway facility, all as determined from engineering and traffic investigations conducted by the State.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

AGREEMENT

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto to be by them respectively kept and performed as hereinafter set forth, it is agreed as follows:

1. DESIGN AND CONSTRUCTION

CCSO will prepare or provide for the construction plans for the facility, and will provide for the construction work as required by said plans at no cost to the State. Said plans shall include the design of the access control, necessary horizontal and vertical clearances for highway structures, adequate landscape treatment, adequate detail to ensure compliance with applicable structural design standards, sufficient traffic control provisions, and general layout. They shall also delineate and define the construction responsibilities of both parties hereto. Completed plans will be submitted to State for review and approval and when approved shall be attached to the agreement and made a part thereof in all respects. Construction shall not commence until plans have been approved by the State. Any future revisions or additions shall be made after prior written approval of the State. Any sidewalks, curb ramps and other pedestrian elements to be constructed, either on site or off site, by the CCSO shall be in accordance with the requirements of Title II of the Americans With Disabilities Act (ADA) and with the Texas Accessibility Standards (TAS). Elements constructed by the CCSO and found not to comply with ADA or TAS shall be corrected at the entire expense of the CCSO.

The Flock Safety shall notify the State at least 48 hours in advance of construction so the State can inspect the installation. The point of contact for each party is

COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

Form 2044 (Rev. 12/25)
Page 3 of 15

2. INSPECTION

Ingress and egress shall be allowed at all times to such facility for Federal Highway Administration personnel and State Forces and equipment when highway maintenance operations are necessary, and for inspection purposes; and upon request, all parking or other activities for periods required for such operations will be prohibited.

3. PARKING REGULATIONS

Parking regulations shall be established limiting parking to single unit motor vehicles of size and capacity no greater than prescribed for 11½ ton trucks, such vehicles to conform in size and use to governing laws. Parking shall be permitted only in marked spaces.

Parking shall be prohibited when a security threat, as determined by TxDOT, exists.

4. PROHIBITION/SIGNS

Regulations shall be established prohibiting the parking of vehicles transporting flammable or explosive loads and prohibiting use of the area in any manner for peddling, advertising or other purposes not in keeping with the objective of a public facility. The erection of signs other than those required for proper use of the area will be prohibited. All signs shall be approved by the State prior to the actual erection.

5. RESPONSIBILITIES

Timely maintenance, repair and operation of the facility shall be entirely the responsibility of the CCSO. Such responsibility shall not be transferred, assigned or conveyed to a third party without the advanced written approval of the State. These responsibilities expressly include the timely maintenance and repair of any portion of the facility necessary to comply with the Americans with Disabilities Act. Further, such responsibility shall include picking up trash, mowing and otherwise keeping the facility in a clean and sanitary condition, and surveillance by police patrol to eliminate the possible creation of a nuisance or hazard to the public. Hazardous or unreasonably objectionable smoke, fumes, vapor or odors shall not be permitted to rise above the grade line of the highway, nor shall the facility subject the highway to hazardous or unreasonably objectionable dripping, droppings or discharge of any kind, including rain or snow.

If the State determines that CCSO has failed to comply with these responsibilities, it will perform the necessary work and charge CCSO the actual cost of the work.

6. FEES

Any fees levied for use of the facilities in the area shall be nominal and no more than are sufficient to defray the cost of construction, maintenance and operations thereof, and shall be subject to State approval.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

Form 2044 (Rev. 12/25)
Page 4 of 15

A. Retention Period. The _____ CCSO shall maintain all books, documents, papers, accounting records and other evidence pertaining to fees collected and costs (hereinafter called the Records). The _____ CCSO shall make the records available during the term of the Agreement and for four years from the date the Agreement is terminated, until completion of all audits, or until pending litigation has been completely and fully resolved, whichever occurs last.

B. Audit Report. If fees are collected by the _____ CCSO for the use of the facility under this agreement, the _____ CCSO will provide the State an annual audit report detailing the fees collected for the use of the facility and the costs associated with constructing, maintaining, and operating the facility within the same period. If the report shows more fees collected than expenses for the construction, operation, or maintenance of the facility the _____ CCSO must provide a multiple year plan detailing how the additional revenue will be used for construction, operation, or maintenance of the facility.

C. Availability. The State or any of its duly authorized representatives, the Federal Highway Administration, the United States Department of Transportation, Office of Inspector General, and the Comptroller General shall have access to the _____ CCSO's records that are directly pertinent to this Agreement for the purpose of making audits and examinations.

7. TERMINATION UPON NOTICE

This provision is expressly made subject to the rights herein granted to both parties to terminate this agreement upon notice, and upon the exercise of any such right by either party, all obligations herein to make improvements to said facility shall immediately cease and terminate and _____ CCSO shall be responsible for the facility's timely removal at no cost to the State. If the State determines that _____ CCSO has failed to timely remove the facility, it will perform the necessary work and charge _____ CCSO the actual cost of the work.

8. MODIFICATION/TERMINATION OF AGREEMENT

If in the sole judgment of the State it is found at any future time that traffic conditions have so changed that the existence or use of the facility is impeding maintenance, damaging the highway facility, impairing safety or that the facility is not being properly operated, that it constitutes a nuisance, is abandoned, or if for any other reason it is the State's judgment that such facility is not in the public interest, this agreement under which the facility was constructed may be: (1) modified if corrective measures acceptable to both parties can be applied to eliminate the objectionable features of the facility; or (2) terminated and the use of the area as proposed herein discontinued.

9. PROHIBITION OF STORAGE OF FLAMMABLE MATERIALS

All structures located or constructed within the area covered by the agreement shall be fire resistant. The storage of flammable, explosive or hazardous materials is prohibited. Operations deemed to be a potential fire hazard shall be subject to regulation by the State.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

Form 2044 (Rev. 12/25)
Page 5 of 15

10. RESTORATION OF AREA

The _____ CCSO shall provide written notification to the State that such facility will be discontinued for the purpose defined herein. The _____ CCSO shall, within thirty (30) days from the date of said notification, clear the area of all facilities that were its construction responsibility under this agreement and restore the area to a condition satisfactory to the State.

11. PREVIOUS AGREEMENTS

It is understood that this agreement in no way modifies or supersedes the terms and provisions of any existing agreements between the parties hereto.

12. INDEMNIFICATION

THE _____ CCSO WILL INDEMNIFY THE STATE AGAINST ANY AND ALL DAMAGES AND CLAIMS FOR DAMAGES, INCLUDING THOSE RESULTING FROM INJURY OR DEATH OF PERSONS OR FOR LOSS OF OR DAMAGE TO PROPERTY, ARISING OUT OF, INCIDENT TO OR IN ANY MANNER CONNECTED WITH THE CONSTRUCTION, OPERATION OR MAINTENANCE OF THE FACILITY, WHICH INDEMNIFICATION SHALL EXTEND TO AND INCLUDE ANY AND ALL COURT COSTS, ATTORNEY'S FEES AND EXPENSES RELATED TO OR CONNECTED WITH ANY CLAIMS OR SUITS FOR DAMAGES AND SHALL, IF REQUESTED IN WRITING BY THE STATE TO DO SO, ASSIST THE STATE OR RELIEVE THE STATE FROM DEFENDING ANY SUCH SUITS BROUGHT AGAINST IT. THE INDEMNIFICATION OF THE STATE SHALL EXTEND FOR A PERIOD OF TWO (2) YEARS BEYOND THE DATE OF TERMINATION OF THIS AGREEMENT.

DURING EACH YEAR WHILE THERE IS ANY LIABILITY BY REASON OF THE AGREEMENT CONTAINED IN THIS SUBSECTION OF THIS RESOLUTION, INCLUDING THE CALENDAR YEAR _____, THE _____ (CITY) SHALL COMPUTE AND ASCERTAIN THE RATE AND AMOUNT OF AD VALOREM TAX, BASED ON THE LATEST APPROVED TAX ROLLS OF SAID ENTITY, WITH FULL ALLOWANCES BEING MADE FOR TAX DELINQUENCIES AND COSTS OF TAX COLLECTION, WHICH WILL BE SUFFICIENT TO RAISE AND PRODUCE THE MONEY REQUIRED TO PAY ANY SUMS WHICH MAY BE OR BECOME DUE DURING ANY SUCH YEAR, IN NO INSTANCE TO BE LESS THAN TWO (2%) PER CENT OF SUCH OBLIGATION, TOGETHER WITH INTEREST THEREON, BECAUSE OF THE OBLIGATION HEREIN ASSUMED.

MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING

June 8, 2026

Form 2044 (Rev. 12/25)
Page 6 of 15

SAID RATE AND AMOUNT OF AD VALOREM TAX IS HEREBY ORDERED TO BE LEVIED AND IS HEREBY LEVIED AGAINST ALL TAXABLE PROPERTY IN SAID ENTITY FOR EACH YEAR WHILE ANY LIABILITY EXISTS BY REASON OF THE OBLIGATION UNDERTAKEN BY THIS SUBSECTION OF THIS RESOLUTION, AND SAID AD VALOREM TAX SHALL BE ASSESSED AND COLLECTED EACH SUCH YEAR UNTIL ALL OF THE OBLIGATIONS HEREIN INCURRED SHALL HAVE BEEN DISCHARGED AND ALL LIABILITY HEREUNDER DISCHARGED.

No party to this agreement intends to waive, relinquish, limit, or condition its general governmental immunity from liability in any way.

Each party agrees and acknowledges that it is not an agent, servant, or employee of the other party and that under this provision each party is responsible only for its own acts and for those of its agents, servants, independent contractors, or employees. Such responsibility includes, but is not limited to any claims or amounts arising or recovered under the "Workers Compensation Law," the Texas Tort Claims Act, Chapter 101, Texas Civil Practice and Remedies Code; or any other applicable laws or regulations, all as time to time may be amended.

Nothing in this agreement shall be construed as creating any liability in favor of any third party against the State and the CCSO. Additionally, this agreement shall not ever be construed as relieving any third party from any liability against the State. Furthermore, the CCSO shall become fully subrogated to the State's rights of recovery and shall be entitled to maintain any action over and against any third party who may be liable for damages. The State agrees to execute and deliver instruments and papers and to otherwise do that which is necessary to secure such rights.

13. INSURANCE

The CCSO, shall provide necessary safeguards to protect the public on State maintained highways including adequate insurance for payment of any damages which might result during the construction, maintenance, repair and operation of the facility. CCSO shall include TxDOT as an additional insured by endorsement in CCSO's commercial general liability insurance policy. Prior to beginning work on the State's right of way, the CCSO's construction contractor shall submit to the State a completed insurance form (TxDOT Form No. 1560) or appropriate certificate of self-insurance and shall maintain the required coverage during the construction of the facility.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

Form 2044 (Rev. 12/25)
Page 7 of 15

14. USE OF RIGHT OF WAY

It is understood that the State by execution of this agreement does not impair or relinquish the State's right to use such land for highway purposes when it is required for the construction or re-construction of the traffic facility for which it was acquired, nor shall use of the land under such agreement ever be construed as abandonment by the State of such land acquired for highway purposes, and the State does not purport to grant any interest in the land described herein but merely consents to such use to the extent its authority and title permits.

15. ADDITIONAL CONSENT REQUIRED

The State asserts only that it has sufficient title for highway purposes. The CCSO shall be responsible for obtaining such additional consent, permits or agreement as may be necessary due to this agreement. This includes, but is not limited to, appropriate permits and clearances for environmental, ADA and public utilities.

16. FHWA ADDITIONAL REQUIREMENTS

If the Facility is located on the Federal-Aid Highway System, "ATTACHMENT A", which states additional requirements as set forth in the Federal Highway Administration's Title 23, Code of Federal Regulations, § 710, shall be attached to and become a part of this agreement.

17. CIVIL RIGHTS ASSURANCES

The CCSO, for itself, its personal representatives, successors and interests and assigns, as part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that: (1) no persons, on the grounds of race, color, sex, age, national origin, religion or disabling condition, shall be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the use of said facility; (2) that in the construction of any improvements on, over or under such land and the furnishing of services thereon, no person on the ground of race, color, sex, age, national origin, religion or disabling condition, shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination; (3) that the CCSO shall use the premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-Assisted programs of the Department of Transportation - Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended.

That if in the event of any breach of the above non-discrimination covenants, the State shall have the right to terminate the agreement and reenter and repossess said land and the facilities thereon, and hold the same as if said agreement had never been made or issued.

18. AMENDMENTS

Any changes in the time frame, character or responsibilities of the parties hereto shall be enacted by a written amendment executed by both parties hereto.

19. LEGAL CONSTRUCTION

In case one or more of the provisions contained in this agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any provision hereof and this agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in this agreement.

20. AUDIT

The State may conduct an audit or investigation of any aspect of this agreement. The _____ CCSO must provide the State with access to any information the State considers relevant to the investigation or audit. The audit can include, but is not limited to, any contract for construction or maintenance of any facility or structure authorized by this agreement or any contract to provide a service to the _____ CCSO if that service is authorized by this agreement.

21. AUTHORITY OF STATE AUDITOR

The state auditor may conduct an audit or investigation of any entity receiving funds from the state directly under the contract or indirectly through a subcontract under the contract. Acceptance of funds directly under the contract or indirectly through a subcontract under this contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.

22. NOTICES

All notices required under this agreement shall be mailed or hand delivered to the following respective addresses:

STATE (Mailing Address)	(Name of other party) (Mailing Address)
Texas Department of Transportation	Colorado County Sheriff's Office
Maintenance Division	2215 Walnut St.
125 East 11th Street	Columbus, Texas 78934

Inasmuch as this project is on the Federal-Aid highway system, the following additional requirements as applicable with the Federal Highway Administration's Title 23, Code of Federal Regulations, § 710.105.

1. Any significant revision in the design or construction of the facility shall receive prior approval by the Texas Department of Transportation subject to concurrency by the FHWA.
2. Any change in the authorized use of real property interest shall receive prior approval by the Texas Department of Transportation subject to concurrence by the FHWA.
3. Real property interest shall not be transferred, assigned or conveyed to another party without prior Texas Department of Transportation approval subject to concurrence by the FHWA.
4. This agreement will be revocable in the event that the real property interest facility ceases to be used or is abandoned.

Resolution: The Rural Texas Strong Program – Initiative 4: The Next Generation of the Small Town Doctor and Team RFA No. HHS0017212

WHEREAS, the Colorado County Commissioners Court finds it in the best interest of the citizens of Colorado County, that the *Colorado County EMS Rural Texas Strong – Initiative 4 Project* be operated for the Fiscal Years 2026-2031; and

WHEREAS, the Colorado County Commissioners Court agrees that in the event of loss or misuse of the Texas Health and Human Services funds, the Colorado County Commissioners Court assures that the funds will be returned to the Texas Health and Human Services in full; and

WHEREAS, the Colorado County Commissioners Court designates the County Judge as the grantee's authorized official. The authorized official is given the power to apply for, accept, reject, alter or terminate the grant on behalf of the applicant agency.

WHEREAS, the Colorado County Commissioners Court designates the County Auditor as the grantee's financial officer. The financial officer is given the power to submit financial and/or programmatic reports or alter a grant on behalf of the applicant agency.

NOW THEREFORE, BE IT RESOLVED that the Colorado County Commissioners Court approves submission of the grant application for the *Colorado County EMS Rural Texas Strong – Initiative 4 Project* to the Texas Health and Human Services.

**APPLICATION FOR LIMITED LAND DIVISION
IN COLORADO COUNTY, TEXAS**

FILED FOR RECORD
COLORADO COUNTY, TX

2026 JUN -5 AM 10: 09

KIMBERLY MENKE
COUNTY CLERK

Name of person(s) dividing property: BARNEY VAN HUSS
Address: 15530 STONERIDGE PARK LANE, CYPRESS, TX 77439
Work phone: 281-772-4663 Home phone: N/A
Precinct where property located: 3 Pct. Commissioner: KEITH NEUDORFF
Size of Original Tract before division: 13.351 acres
Size of Remainder Tract after division: 6.6086 acres
Size of each new lot: 1. 2.2927 acres 2. 2.2873 acres
3. 2.2624 acres 4. N/A acres
Surveyor's Name: KM SURVEYING, LLC - KEVIN MCRAE
Surveyor's Address: 3902 C REESE ROAD - SUITE 100, ROSENBERG, TX 77471
Surveyor's work phone: 713-234-6627
Has there been a prior Limited Land Division of the Original Tract? ND
If so, state the number of tracts and date divided: N/A

I am the owner of 13.351 acres of land (size of original tract) out of the
JACOB LYNCH Survey,
Abstract # 391, Colorado County, Texas, which was conveyed to
me by deed, dated MARCH 5, 2026, and recorded in Volume
1118, Page 757, Colorado County Deed/Official Records.

I seek approval to subdivide 6.8424 acres of land (total size of all new lots) out of the
Original Survey, in accordance with the attached plat, subject to any and all easements
or restrictions heretofore granted, and do hereby dedicate to the buyers or recipients
of the property shown herein, the use of the streets and/or easements shown.

I understand that construction or other development within this Limited Land Division
may not begin until all Colorado County development requirements have been met.

I understand that no structure in this Limited Land Division shall be occupied
until:

1. it is connected to a public sewer system or to an on-site wastewater
system, which has been approved and permitted by Colorado County;
and
2. it is connected to an individual water supply, state-approved community

MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING

water system, or engineered rainwater collection system.

I understand that all drainage easements shall be kept clear of fences, buildings, plantings, and other obstructions to the operation and maintenance of the drainage facilities.

I further understand that this exemption from Colorado County Road Standards for this property division is based on the presumption of four (4) new lots or fewer. Any re-division that results in a greater number of lots may trigger a requirement that the road(s) be built according to the Colorado County Road and Drainage Standards and Specifications. I realize that Colorado County is under no obligation to pave the unpaved roads in the subdivision.

I represent that the new lots that are created by this Limited Land Division are not within the boundaries of any municipality's city limits or area of extra-territorial jurisdiction. (The extra-territorial jurisdiction is within ½ mile of a city of less than 5,000 people and within one mile of a city with a population between 5,000 and 24,999.)

This property has not been divided as a Limited Land Division in the last five years, and I further understand that I cannot further divide the above remainder tract as a Limited Land Division for five (5) more years from the date this plat is recorded.

Attached to this application are one (1) original plat on twenty-pound bond paper for recording and two (2) copies on standard bond paper.

CERTIFICATION BY SURVEYOR

I have provided one (1) original plat on twenty-pound bond paper for recording and two (2) copies on standard bond paper.

I hereby certify by the checkmark or "x" next to each item below that the plat that I have prepared includes the following:

- ☒ A title of "Limited Land Division"
- ☒ North arrow and date
- ☒ At least two corners of the remainder tract
- ☒ Location of new lots in relation to original survey
- ☒ Acreage and dimensions of all new lots
- ☒ Bearings & dimensions of lot boundaries
- ☒ Location and description of all easements
- ☒ Buildings and ponds (approximate location)
- ☒ Name and address of owner
- ☒ Name and address of surveyor/engineer
- ☒ Floodplain area and boundary
- ☒ Scale as appropriate, but not greater than 1 inch = 400 feet
- ☒ Plat size: 8 ½ x 14 with ½ inch margin at the top and ¼ inch margin on sides
- ☒ Certification by surveyor: "I, _____, a Texas Registered Professional Land Surveyor, certify that this plat has been prepared in accordance with the Subdivision Rules of Colorado County. All existing pipeline easements within the limits of the subdivision have been shown."
- ☒ FEMA Flood Plain Note: (one or the other)
 - "A portion of this land division lies within the boundaries of the 100 year flood plain as delineated on the FEMA Flood Insurance Rate Map of Colorado County, Community Panel # _____, dated _____." OR
 - "No portion of this land division lies within the boundaries of the 100 year flood plain as delineated on the FEMA Flood Insurance Rate Map of Colorado County, Community Panel # _____, dated _____."

4. Award Bid for Jail Interior Painting Project

No Action on this Agenda Item

5. Authorize public notice and set a public hearing to consider an application from Firefly Fields Energy Center, LLC to designate certain property located in the O Byars survey, abstract 179, in Colorado County as a reinvestment zone eligible for a property tax abatement as provided by Texas Tax Code §312.401

Motion by Judge Pro Tem Gertson to authorize public notice and set a public hearing on July 13 at 9:00 A.M. in the County Courtroom to consider an application from Firefly Fields Energy Center, LLC to designate certain property located in the O Byars survey, abstract 179, in Colorado County as a reinvestment zone eligible for a property tax abatement as provided by Texas Tax Code §312.401; seconded by Commissioner Brandt; 4 ayes 0 nays; motion carried; it was so ordered.

(See Attachment)

MINUTES OF THE COLORADO COUNTY
COMMISSIONER’S COURT REGULAR MEETING
June 8, 2026

Notice of Public Hearing
Colorado County, Texas

The Colorado County Commissioners Court will hold a public hearing at its regular meeting on **July 13, 2026 at 9:00 a.m.** in the Commissioners Courtroom, Colorado County Courthouse, 400 Spring Street, Columbus, Texas 78934, to consider the application from Firefly Fields Energy Center, LLC for the designation of certain property in unincorporated Colorado County as a reinvestment zone under Subchapter C, Chapter 312 of the Texas Tax Code. The designation would allow for tax abatement agreements or other incentive agreements to be entered into by the County with owners of property within the reinvestment zone.

The property to be considered for reinvestment zone designation is generally described as the following parcel of land:

Property Description	Colorado County Appraisal District Property ID
924.920 acres, O. Byars Survey A-645; Waco Mfg. Co. Survey A-615; J. Dalrymple Survey A-179	47153

A map of the zone is available on the county’s website <https://www.co.colorado.tx.us/>.

At the public hearing, interested persons are invited to speak and present evidence for or against the designation. Upon the close of the public hearing, Commissioners Court may take action on whether or not to designate the reinvestment zone.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

6. Authorize public notice and set a public hearing to consider an application from Paloma Energy Center, LLC to designate certain property located in the E Hester survey, abstract 740, in Colorado County as a reinvestment zone eligible for a property tax abatement as provided by Texas Tax Code §312.401

Motion by Judge Pro Tem Gertson to authorize public notice and set a public hearing on July 13 at 9:00 A.M. in the County Courtroom to consider an application from Paloma Energy Center, LLC to designate certain property located in the E Hester survey, abstract 740, in Colorado County as a reinvestment zone eligible for a property tax abatement as provided by Texas Tax Code §312.401; seconded by Commissioner Owers; 4 ayes 0 nays; motion carried; it was so ordered.

Kimberly Menke, Colorado County Clerk

Texas

Western Surety Company

OFFICIAL BOND AND OATH

THE STATE OF TEXAS
County of Colorado } ss

KNOW ALL PERSONS BY THESE PRESENTS:

BOND No. 67815736

That we, Erica Perales, as Principal, and
WESTERN SURETY COMPANY, a corporation duly licensed to do business in the State of Texas, as Surety, are held
and bound unto County of Colorado, his successors in office,
in the sum of Five Thousand and 00/100 DOLLARS (\$5,000.00),
for the payment of which we hereby bind ourselves and our heirs, executors and administrators, jointly and severally, by
these presents.

Dated this 18th day of May, 2026.

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, That whereas, the above bounden Principal was on
the _____ day of _____, _____, duly elected or appointed
to the office of Assistant Auditor in and for Colorado County, State of Texas, for
a term of One year commencing on the 18th day of May, 2026.

NOW THEREFORE, if the said Principal shall well and faithfully perform and discharge all the duties required of
him by law as the aforesaid officer, and shall ⁴

then this obligation to be void, otherwise to remain in full force and effect.

PROVIDED, HOWEVER, that regardless of the number of years this bond may remain in force and the number of
claims which may be made against this bond, the liability of the Surety shall not be cumulative and the aggregate
liability of the Surety for any and all claims, suits, or actions under this bond shall not exceed the amount stated above.
Any revision of the bond amount shall not be cumulative.

PROVIDED, FURTHER, that this bond may be cancelled by the Surety by sending written notice to the party to
whom this bond is payable stating that, not less than thirty (30) days thereafter, the Surety's liability hereunder shall
terminate as to subsequent acts of the Principal.

MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING

June 8, 2026

Western Surety Company

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS:

That WESTERN SURETY COMPANY, a corporation organized and existing under the laws of the State of South Dakota, and authorized and licensed to do business in the States of Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, and the United States of America, does hereby make, constitute and appoint

Larry Kasten of Sioux Falls,
State of South Dakota, its regularly elected Vice President,
as Attorney-in-Fact, with full power and authority hereby conferred upon him to sign, execute, acknowledge and deliver for and on its behalf as Surety and as its act and deed, the following bond:

One Assistant Auditor County of Colorado

bond with bond number 67815736

for Erica Perales

as Principal in the penalty amount not to exceed: \$ 5,000.00

Western Surety Company further certifies that the following is a true and exact copy of Section 7 of the by-laws of Western Surety Company duly adopted and now in force, to-wit:

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, any Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys-in-Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

This Power of Attorney may be signed by digital signature and sealed by a digital or otherwise electronic-formatted corporate seal under and by the authority of the following Resolution adopted by the Board of Directors of the Company by unanimous written consent dated the 27th day of April, 2022:

"RESOLVED: That it is in the best interest of the Company to periodically ratify and confirm any corporate documents signed by digital signatures and to ratify and confirm the use of a digital or otherwise electronic-formatted corporate seal, each to be considered the act and deed of the Company."

In Witness Whereof, the said WESTERN SURETY COMPANY has caused these presents to be executed by its
Vice President with the corporate seal affixed this 18th day of May,
2026.

PLEASE RETURN

Mr. Logan Meitzen
705 Partridge Lane
Eagle Lake, Texas 77434

Dear Mr. Meitzen:

The law requires that the Commissioners Court officially organize a Salary Grievance Committee, whose job is to consider a grievance of a county elected official with respect to the salary set for that official by the Commissioners Court. The Salary Grievance Committee is composed of the six county-wide elected officials and three public members drawn from the list of Grand Jurors that served in the county during the preceding calendar year. **Public members must be residents of the county.** Your name was drawn from that list of Grand Jurors at the Commissioners Court meeting on January 12, 2026.

The only time this committee would be called upon to serve would be before the adoption of the County budget, which will occur in September. However, I do not expect an elected official to ask for the committee to meet.

Please initial at the bottom of this letter whether you agree to serve or decline to serve, and return this letter in the enclosed envelope.

Very truly yours,

A handwritten signature in black ink, appearing to be "Ty Prause", written over a horizontal line.

COMMON POLICY CONDITIONS

All Coverage Parts included in this policy are subject to the following conditions.

A. Cancellation

1. The first Named Insured shown in the Declarations may cancel this policy by mailing or delivering to us advance written notice of cancellation.
2. We may cancel this policy by mailing or delivering to the first Named Insured written notice of cancellation at least:
 - a. 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
 - b. 30 days before the effective date of cancellation if we cancel for any other reason.
3. We will mail or deliver our notice to the first Named Insured's last mailing address known to us.
4. Notice of cancellation will state the effective date of cancellation. The policy period will end on that date.
5. If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. The cancellation will be effective even if we have not made or offered a refund.
6. If notice is mailed, proof of mailing will be sufficient proof of notice.

B. Changes

This policy contains all the agreements between you and us concerning the insurance afforded. The first Named Insured shown in the Declarations is authorized to make changes in the terms of this policy with our consent. This policy's terms can be amended or waived only by endorsement issued by us and made a part of this policy.

C. Examination of Your Books and Records

We may examine and audit your books and records as they relate to this policy at any time during the policy period and up to three years afterward.

D. Inspections and Surveys

1. We have the right to:
 - a. Make inspections and surveys at any time;

- b. Give you reports on the conditions we find; and

- c. Recommend changes.

2. We are not obligated to make any inspections, surveys, reports or recommendations and any such actions we do undertake relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:

- a. Are safe or healthful; or

- b. Comply with laws, regulations, codes or standards.

3. Paragraphs 1. and 2. of this condition apply not only to us, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys, reports or recommendations.

4. Paragraph 2. of this condition does not apply to any inspections, surveys, reports or recommendations we may make relative to certification, under state or municipal statutes, ordinances or regulations, of boilers, pressure vessels or elevators.

E. Premiums

The first Named Insured shown in the Declarations:

1. Is responsible for the payment of all premiums; and
2. Will be the payee for any return premiums we pay.

F. Transfer of Your Rights and Duties Under this Policy

Your rights and duties under this policy may not be transferred without our written consent except in the case of death of an individual named insured.

If you die, your rights and duties will be transferred to your legal representative but only while acting within the scope of duties as your legal representative. Until your legal representative is appointed, anyone having proper temporary custody of your property will have your rights and duties but only with respect to that property.

- A.** Paragraph 2. of the **CANCELLATION** contained in **IL 00 17 Common Policy Conditions** is replaced by the following:

2. We may cancel this policy:

- a.** By mailing or delivering to the first Named Insured written notice of cancellation, stating the reason for cancellation, at least 10 days before the effective date of cancellation.

However, if this policy covers a condominium association, and the condominium property contains at least one residence or the condominium declarations conform with the Texas Uniform Condominium Act, then the notice of cancellation, as described above, will be provided to the First Named Insured 30 days before the effective date of cancellation. We will also provide 30 days' written notice to each unit-owner to whom we issued a certificate or memorandum of insurance, by mailing or delivering the notice to each last mailing address known to us.

- b.** For the following reasons, if this policy does not provide coverage to a governmental unit as defined under 28 TEX. ADMIN. CODE. Section 5.7001 or on one-and two-family dwellings.

The permissible reasons for cancellation are as follows:

- (1) If this policy has been in effect for 60 days or less, we may cancel for any reason except, that under the provisions of the Texas Insurance Code, we may not cancel this policy solely because the policyholder is an elected official.
- (2) If this policy has been in effect for more than 60 days, or if it is a renewal, we may cancel only for one or more of the following reasons:
- (a) Fraud in obtaining coverage;
- (b) Failure to pay premiums when due;
- (c) An increase in hazard within the control of the insured

which would produce an increase in rate;

- (d) Loss of our reinsurance covering all or part of the risk covered by the policy; or
- (e) If we have been placed in supervision, conservatorship or receivership and the cancellation is approved or directed by the supervisor, conservator or receiver.

- c.** For the following reason, if this policy provides coverage to a governmental unit as defined under 28 TEX. ADMIN. CODE Section 5.7001 or on one- and two-family dwellings:

- (1) If this policy has been in effect for less than 90 days, we may cancel coverage for any reason.

- (2) If this policy has been in effect for 90 days or more, or if it is a renewal, we may cancel coverage only for the following reasons:

- (a) If the first named insured does not pay the premium or any portion of the premium when due;
- (b) If the Texas Department of Insurance determines that continuation of this policy would result in violation of the Texas Insurance Code or any other law governing the business of insurance in Texas;
- (c) If the Named Insured submits a fraudulent claim; or
- (d) If there is an increase in the hazard within the control of the named insured which would produce an increase in rate.

- B.** The following condition is added and supersedes any provision to the contrary:

NONRENEWAL

1. We may elect not to renew this policy except, that under the provisions of the Texas Insurance Code, we may not refuse to

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

renew this policy solely because the policyholder is an elected official.

2. This Paragraph, 2., applies unless the policy qualifies under Paragraph 3. below.

If we elect not to renew this policy, we may do so by mailing or delivering to the first Named Insured, at the last mailing address known to us, written notice of nonrenewal, stating the reason for nonrenewal, at least 60 days before the expiration date. If notice is mailed or delivered less than 60 days before:

- a. The expiration date of this policy; or
- b. The anniversary date of this policy, if the policy is written for a term of more than one year.

If notice is mailed or delivered less than 60 days before the expiration or anniversary date, this policy will remain in effect until the 61st day after the date on which the notice is mailed or delivered. Earned premium for any period of coverage that extends beyond the expiration or anniversary

date will be computed pro rata based on the previous year's premium.

3. If this policy covers a condominium association, and the condominium property contains at least one residence or the condominium declarations conform with the Texas Uniform Condominium Act, then we will mail or deliver written notice of nonrenewal, at least 30 days before the expiration or anniversary date of the policy, to:

- a. The first Named Insured; and
- b. Each unit-owner to whom we issued a certificate or memorandum of insurance.

We will mail or deliver such notice to each last mailing address known to us.

- 4. If notice is mailed, proof of mailing will be sufficient proof of notice.
- 5. The transfer of a policyholder between admitted companies within the same insurance group is not considered a refusal to renew.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

- a. Paragraph 1.b. is replaced by the following:

Up to the limit shown in Section B. Limits Of Insurance, 4.a. Bail Bonds of this endorsement for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

- b. Paragraph 1.d. is replaced by the following:

All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to the limit shown in Section B. Limits Of Insurance, 4.b. Loss Of Earnings of this endorsement per day because of time off from work.

5. Medical Payments

The Medical Expense Limit of Any One Person as shown in the Declarations is amended to the limit shown in Section B. Limits Of Insurance, 5. Medical Payments of this endorsement.

6. 180 Day Coverage For Newly Formed Or Acquired Organizations

Section II - Who Is An Insured is amended as follows:

Subparagraph a. of Paragraph 3. is replaced by the following:

- a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier;

7. Waiver Of Subrogation

Section IV - Commercial General Liability Conditions, 8. Transfer Of Rights Of Recovery Against Others To Us is amended by the addition of the following:

We waive any right of recovery against any additional insured under this endorsement, because of any payment we make under this endorsement, to whom the insured has waived its right of recovery in a written contract, written agreement, written permit or written authorization. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such additional insured prior to loss.

8. Automatic Additional Insured - Specified Relationships

- a. The following is added to **Section II - Who Is An Insured**.

(1) Any person(s) or organization(s) described in Paragraph 8.a.(2) of this endorsement (hereinafter referred to as additional insured) whom you are required to add as an additional insured under this Coverage Part by reason of a written contract, written agreement, written permit or written authorization.

(2) Only the following persons or organizations are additional insureds under this endorsement, and insurance coverage provided to such additional insureds is limited as provided herein:

(a) Managers Or Lessors Of Premises

The manager or lessor of a premises leased to you you are required per Paragraph 8.a.(1) of this endorsement to provide insurance, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by you or those acting on your behalf in connection with the ownership, maintenance or use of that part of the premises leased to you, subject to the following additional exclusions:

This insurance does not apply to:

- (i) Any "occurrence" which takes place after you cease to be a tenant in that premises;
- (ii) Structural alterations, new construction or demolition operations performed by or on behalf of such additional insured.

(b) Lessor Of Leased Equipment

Any person(s) or organization(s) from whom you lease equipment you are required

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

per Paragraph 8.a.(1) of this endorsement to provide insurance. Such person(s) or organization(s) are insureds only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your maintenance, operation or use of equipment leased to you by such person(s) or organization(s). A person's or organization's status as an additional insured under this endorsement ends when their contract or agreement with you for such leased equipment ends. However, this insurance does not apply to any "occurrence" which takes place after the equipment lease expires.

(c) Vendors

Any person or organization (referred to below as vendor) you are required per Paragraph 8.a.(1) of this endorsement to provide insurance, but only with respect to liability for "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business, subject to the following additional exclusions:

(i) The insurance afforded the vendor does not apply to:

- 1) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;
- 2) Any express warranty unauthorized by you;

- 3) Any physical or chemical change in the product made intentionally by the vendor;
- 4) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;
- 5) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;
- 6) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;
- 7) Products which, after distribution or sale by you, have been labeled or re-labeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or
- 8) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. How-

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

ever, this exclusion does not apply to:

- a) The exceptions contained in Paragraphs (c)(i)4 or 6 of this endorsement; or
- b) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

(ii) This insurance does not apply to any insured person or organization:

- 1) From whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products; or
- 2) When liability included within the "products-completed operations hazard" has been excluded under this Coverage Part with respect to such products.

(d) State Or Governmental Agency Or Subdivision Or Political Subdivision - Permits Or Authorizations Relating To Premises

Any state or governmental agency or subdivision or political subdivision you are required per Paragraph 8.a.(1) of this endorsement to provide insurance, subject to the following additional provision:

This insurance applies only with respect to the following hazards for which the state or governmental agency or subdivision or political subdivision has issued a permit or authorization in connection with premises you own, rent or control and to which this insurance applies:

- (i) The existence, maintenance, repair, construction, erection or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoist away openings, sidewalk vaults, street banners or decorations and similar exposures;
- (ii) The construction, erection or removal of elevators; or
- (iii) The ownership, maintenance or use of any elevators covered by this insurance.

(e) Mortgagee, Assignee Or Receiver

Any person or organization you are required per Paragraph 8.a.(1) of this endorsement to provide insurance, but only with respect to their liability as mortgagee, assignee or receiver and arising out of the ownership, maintenance or use of the premises by you. However, this insurance does not apply to structural alterations, new construction and demolition operations performed by or for that person or organization.

(3) The insurance afforded to additional insureds described in Paragraph 8.a.(1) of this endorsement:

- (a) Only applies to the extent permitted by law;
- (b) Will not be broader than that which you are required by the written contract, written agreement, written permit or written authorization to pro-

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

vide for such additional insured; and

- (c) Does not apply to any person, organization, vendor, state, governmental agency or subdivision or political subdivision, specifically named as an additional insured under any other provision of, or endorsement added to, this Coverage Part, provided such other provision or endorsement covers the injury or damage for which this insurance applies.

- b. With respect to the insurance afforded to the additional insureds described in Paragraph 8.a.(1) of this endorsement, the following is added to **Section III - Limits Of Insurance**:

The most we will pay on behalf of the additional insured is the amount of insurance:

- (1) Required by the written contract, written agreement, written permit or written authorization described in Paragraph 8.a.(1) of this endorsement. For the purpose of determining the required amount of insurance only, we will include the minimum amount of any Umbrella liability or Excess Liability coverage required for that additional insured in that written contract, written agreement, written permit or written authorization; or

- (2) Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

- c. **Section IV - Commercial General Liability Conditions** is amended to include the following:

Automatic Additional Insured Provision

This insurance applies only if the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" offense is committed:

- (1) During the policy period; and
(2) Subsequent to your execution of the written contract or written agreement, or the issuance of a

written permit or written authorization, described in Paragraph 8.a.(1).

- d. **Section IV - Commercial General Liability Conditions** is amended as follows:

Condition 4. Other Insurance is amended to include:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured per Paragraph 8.a.(1) of this endorsement provided that:

- (1) The additional insured is a Named Insured under such other insurance; and
(2) You have agreed in writing in a contract, agreement, permit or authorization described in 8.a.(2) of this endorsement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

9. **Property Damage To Borrowed Equipment**

- a. The following is added to Exclusion 2.j. Damage To Property under Section I - Coverage A - Bodily Injury And Property Damage Liability:

Paragraphs (3) and (4) of this exclusion do not apply to tools or equipment loaned to you, provided they are not being used to perform operations at the time of loss.

- b. With respect to the insurance provided by this section of the endorsement, the following additional provisions apply:

- (1) The Limits of Insurance shown in the Declarations are replaced by the limits shown in Section B. Limits Of Insurance, 9. Property Damage To Borrowed Equipment of this endorsement with respect to coverage provided by this endorsement. These limits are inclusive of and not in addition to the limits being replaced. The Limits of Insurance shown in Section B. Limits Of Insurance, 9. Property Damage To Borrowed Equipment of this endorsement fix the most we will

ENDORSEMENT**

This endorsement modifies insurance provided by the following:

BUSINESS AUTO COVERAGE FORM

With respect to the coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

A. Blanket Waiver of Subrogation

SECTION IV - BUSINESS AUTO CONDITIONS, A. Loss Conditions, 5. Transfer of Rights of Recovery Against Others to Us is amended by the addition of the following:

We waive any right of recovery we may have against any person or organization because of payments we make for "bodily injury" or "property damage" arising out of the operation of a covered "auto" when you have assumed liability for such "bodily injury" or "property damage" under an "insured contract", provided the "bodily injury" or "property damage" occurs subsequent to the execution of the "insured contract".

B. Noncontributory Insurance

SECTION IV - BUSINESS AUTO CONDITIONS, B. General Conditions, 5. Other Insurance c. is deleted in its entirety and replaced by the following:

- c. Regardless of the provisions of Paragraph a. above, this Coverage Form's Liability Coverage is primary and we will not seek contribution from any other insurance for any liability assumed under an "insured contract" that requires liability to be assumed on a primary noncontributory basis.

C. Additional Insured by Contract

SECTION II - COVERED AUTOS LIABILITY COVERAGE, A. Coverage, 1. Who is an Insured is amended to include as an insured any person or organization for whom you have agreed in a valid written contract to provide insurance as afforded by this policy.

This provision is limited to the scope of the valid written contract.

This provision does not apply unless the valid written contract has been:

1. Executed prior to the accident causing "bodily injury" or "property damage"; and
2. Is still in force at the time of the "accident" causing "bodily injury" or "property damage".

D. Employee Hired Auto

1. Changes in Liability Coverage

The following is added to the **SECTION II - COVERED AUTOS LIABILITY COVERAGE, A. Coverage, 1. Who is an Insured**:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in that "employee's" name, with your permission, while performing duties related to the conduct of your business.

2. Changes in General Conditions

SECTION IV - BUSINESS AUTO CONDITIONS, B. General Conditions, 5. Other Insurance is deleted in its entirety and replaced by the following:

- b. For Hired Auto Physical Damage Coverage the following are deemed to be covered "autos" you own:

- (1) Any covered "auto" you lease, hire, rent or borrow; and
- (2) Any covered "auto" hired or rented by your "employee" under a contract in that individual "employee's" name, with your permission, while performing duties related to the conduct of your business.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

E. Audio, Visual and Data Electronic Equipment

SECTION III - PHYSICAL DAMAGE COVERAGE, C. Limits of Insurance, 1.b. is deleted in its entirety and replaced by the following:

- b. The most we will pay for all "loss" to audio, visual or data electronic equipment and any accessories used with this equipment as a result of any one "accident" is the lesser of:

- (1) The actual cash value of the damaged or stolen property as of the time of the "accident";
- (2) The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality; or
- (3) \$2,500.

Provided the equipment, at the time of the "loss" is:

- (1) Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment;
- (2) Removable from a permanently installed housing unit as described in Paragraph (1) above; or
- (3) An integral part of such equipment.

F. Who is an Insured - Amended

SECTION II - COVERED AUTOS LIABILITY COVERAGE, A. Coverage, 1. Who is an Insured is amended by adding the following:

The following are "insureds":

1. Any subsidiary which is a legally incorporated entity of which you own a financial interest of more than 50% of the voting stock on the effective date of this coverage form.

However, the insurance afforded by this provision does not apply to any subsidiary that is an "insured" under any other automobile liability policy or would be an "insured" under such policy but for termination of such policy or the exhaustion of such policy's limits of insurance.

2. Any organization that is newly acquired or formed by you and over which you maintain majority ownership. The insurance provided by this provision:

- a. Is effective on the date of acquisition or formation, and is afforded for 180 days after such date;
 - b. Does not apply to "bodily injury" or "property damage" resulting from an "accident" that occurred before you acquired or formed the organization;
 - c. Does not apply to any newly acquired or formed organization that is a joint venture or partnership; and
 - d. Does not apply to an insured under any other automobile liability policy or would be an insured under such a policy but for the termination of such policy or the exhaustion of such policy's limits of insurance.
3. Any of your "employees" while using a covered "auto" in your business or your personal affairs, provided you do not own, hire or borrow that "auto".

G. Liability Coverage Extensions - Supplementary Payments - Higher Limits

SECTION II - COVERED AUTOS LIABILITY COVERAGE, A. Coverage, 2. Coverage Extensions, a. Supplementary Payments is amended by:

1. Replacing the \$2,000 Limit of Insurance for bail bonds with \$4,000 in (2); and
2. Replacing the \$250 Limit of Insurance for reasonable expenses with \$500 in (4).

H. Amended Fellow Employee Exclusion

SECTION II - COVERED AUTOS LIABILITY COVERAGE, B. Exclusions, 5. Fellow Employee is modified as follows:

Exclusion 5. **Fellow Employee** is deleted.

I. Hired Auto - Physical Damage

If hired "autos" are covered "autos" for Liability Coverage, then Comprehensive and Collision Physical Damage Coverages as provided under **SECTION III - PHYSICAL DAMAGE COVERAGE** of this Coverage Part are extended to "autos" you hire, subject to the following:

1. The most we will pay for "loss" to any hired "auto" is \$50,000 or the actual cash value or cost to repair or replace, whichever is the least, minus a deductible.
2. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage, or \$1,000, whichever is less.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

3. Hired Auto - Physical Damage coverage is excess over any other collectible insurance.
4. Subject to the above limit, deductible, and excess provisions we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own insured under this policy.

Coverage includes loss of use of that hired auto, provided it results from an "accident" for which you are legally liable and as a result of which a monetary loss is sustained by the leasing or rental concern. The most we will pay for any one "accident" is \$3,000.

If a limit for Hired Auto - Physical Damage is shown in the Schedule, then that limit replaces, and is not added to, the \$50,000 limit indicated above and the deductibles shown in the Schedule are applicable.

J. Rental Reimbursement

SECTION III - PHYSICAL DAMAGE COVERAGE is amended by adding the following:

1. We will pay for rental reimbursement expenses incurred by you for the rental of an "auto" because of a "loss" to a covered "auto". Payment applies in addition to the otherwise applicable amount of each coverage you have on a covered "auto". No deductible applies to this coverage.
2. We will pay only for those expenses incurred during the policy period beginning 24 hours after the "loss" and ending, regardless of the policy's expiration, with the lesser of the following number of days:
 - a. The number of days reasonably required to repair the covered "auto". If "loss" is caused by theft, this number of days is added to the number of days it takes to locate the covered "auto" and return it to you; or
 - b. 30 days.
3. Our payment is limited to the lesser of the following amounts:
 - a. Necessary and actual expenses incurred; or
 - b. \$50 per day.
4. This coverage does not apply while there are spare or reserve "autos" available to you for your operations.

5. We will pay under this coverage only that amount of your rental reimbursement expenses which is not already provided for under **SECTION III - PHYSICAL DAMAGE COVERAGE, A. Coverage, 4. Coverage Extensions**.

K. Transportation Expense - Higher Limits

SECTION III - PHYSICAL DAMAGE COVERAGE, A. Coverage, 4. Coverage Extensions is amended by replacing \$30 per day with \$50 per day, and \$900 maximum with \$1,500 maximum in **Extension a. Transportation Expenses**.

L. Airbag Coverage

SECTION III - PHYSICAL DAMAGE COVERAGE, B. Exclusions, 3.a. is amended by adding the following:

However, the mechanical and electrical breakdown portion of this exclusion does not apply to the accidental discharge of an airbag. This coverage for airbags is excess over any other collectible insurance or warranty.

M. Loan or Lease Gap Coverage

1. **SECTION III - PHYSICAL DAMAGE COVERAGE, C. Limits of Insurance** is deleted in its entirety and replaced by the following, but only for private passenger type "autos" with an original loan or lease, and only in the event of a "total loss" to such a private passenger type "auto":
 - a. The most we will pay for "loss" in any one "accident" is the greater of:
 - (1) The amount due under the terms of the lease or loan to which your covered private passenger type "auto" is subject, but will not include:
 - (a) Overdue lease or loan payments;
 - (b) Financial penalties imposed under the lease due to high mileage, excessive use or abnormal wear and tear;
 - (c) Security deposits not refunded by the lessor;
 - (d) Costs for extended warranties, Credit Life Insurance, Health, Accident or Disability Insurance purchased with the loan or lease; and
 - (e) Carry-over balances from previous loans or leases, or

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

- (2) Actual cash value of the stolen or damaged property.
- b. An adjustment for depreciation and physical condition will be made in determining actual cash value at the time of "loss".
2. **SECTION V - DEFINITIONS** is amended by adding the following, but only for the purposes of this **Loan or Lease Gap Coverage**:
- "Total loss" means a "loss" in which the cost of repairs plus the salvage value exceeds the actual cash value.
- N. Glass Repair - Waiver of Deductible**
- SECTION III - PHYSICAL DAMAGE COVERAGE, D. Deductible** is amended by adding the following:
- No deductible applies to glass damage if the glass is repaired in a manner acceptable to us rather than replaced.
- O. Duties in the Event of an Accident, Claim, Suit or Loss - Amended**
- SECTION IV - BUSINESS AUTO CONDITIONS, A. Loss Conditions, 2. Duties in the Event of Accident, Claim, Suit or Loss, a.** is amended by adding the following:
- This condition applies only when the "accident" or "loss" is known to:
1. You, if you are an individual;
 2. A partner, if you are a partnership;
 3. An executive officer or insurance manager, if you are a corporation; or
 4. A member or manager, if you are a limited liability company.
- P. Unintentional Failure to Disclose Hazards**
- SECTION IV - BUSINESS AUTO CONDITIONS, B. General Conditions, 2. Concealment, Misrepresentation or Fraud** is amended by adding the following:
- However, if you unintentionally fail to disclose any hazards existing on the effective date of this Coverage Form, we will not deny coverage under this Coverage Form because of such failure.
- Q. Mental Anguish Resulting from Bodily Injury**
- SECTION V - DEFINITIONS, C. "Bodily injury"** is deleted in its entirety and replaced by the following:
- "Bodily injury" means bodily injury, sickness or disease sustained by a person, including mental anguish and death sustained by the same person that results from such bodily injury, sickness or disease. "Bodily injury" does not include mental anguish or death that does not result from bodily injury, sickness or disease.
- R. Coverage for Certain Operations in Connection with Railroads**
- With respect to the use of a covered "auto" in operations for or affecting a railroad:
1. **SECTION V - DEFINITIONS, H. "Insured contract", 3.** is deleted in its entirety and replaced by the following:
 3. An easement or license agreement;
 2. **SECTION V - DEFINITIONS, H. "Insured contract", 6.a.** is deleted.

WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

**WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS
ENDORSEMENT**

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule.

This agreement shall not operate directly or indirectly to benefit anyone not named in the Schedule.

Schedule

Blanket Waiver of Subrogation

If you are required by a written contract or agreement, which is executed before a loss, to waive your rights of recovery from others, we agree to waive our rights of recovery.

This waiver of rights applies to any person or organization for whom the Named Insured has agreed by written contract to furnish this waiver, but shall not be construed to be a waiver with respect to any other operations in which the Insured has no contractual interest.

Any person or organization for which the employer has agreed by written contract, executed prior to loss, may execute a waiver of subrogation. However, for purposes of work performed by the employer in Missouri, this waiver of subrogation does not apply to any construction group of classifications as designated by the waiver of right to recover from others (subrogation) rule in our manual.

Does not apply to work performed in the following state(s):
CA, NJ, TX

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

(The information below is required only when this endorsement is issued subsequent to preparation of the policy.)

Endorsement Effective 05-22-2026 Policy No. EWC 071 64 60-02 Endorsement No.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

- _10. Announcements (without discussion and no action) by elected officials/department heads. (Types of Announcements: Events, Road Conditions, Weather Occurrences, Important Dates, Vacancies in Offices or Positions, Accomplishments of Individuals, and Notices)

Chuck Rogers announced we are in hurricane season and he asked everyone to check their insurance plans. FEMA is being reorganized and if you have a claim they may only pay up to 15% of the local appraised value of your building. Please take this seriously and make any changes you might need to protect your homes and/or businesses.

Commissioner Owers announced the bridge closure on FM 806 at Rattler Creek has been pushed back to next Monday.

Commissioner Brandt announced the paved portion of CR 215 South, one of the main access roads to Oakridge Ranch, has been closed since last Wednesday. The bridge construction at the low water crossing is set to take approximately ten weeks. He also said CR 222 is under construction and will be set to topcoat within the next two weeks. They are also mowing and spraying Johnson grass.

Commissioner Neuendorff announced that Reichardt Road bridge is almost finished and should be opening soon.

Commissioner Gertson announced his precinct is mowing and smoothing roads.

- _11. Commissioners Court Members sign all documents and papers acted upon or approved.

Judge Pro Tem Gertson announced it is now time to sign all documents and papers.

- _12. Adjourn.

Motion by Judge Pro Tem Gertson to adjourn to 9:45 A.M.; seconded by Commissioner Neuendorff; 4 ayes 0 nays; motion carried; it was so ordered.

An audio recording of this meeting of June 8, 2026 is available in the County Clerk's Office.

**MINUTES OF THE COLORADO COUNTY
COMMISSIONER'S COURT REGULAR MEETING**

June 8, 2026

**Minutes were taken and prepared by Kimberly Menke, County Clerk on the
8th day of June 2026 with Judge Ty Prause presiding.**

**I, KIMBERLY MENKE, COUNTY CLERK AND EX-OFFICIO OF THE
COMMISSIONERS COURT IN AND FOR COLORADO COUNTY, TEXAS do hereby
certify that the foregoing is a true and correct copy of the minutes of the
Commissioner Court in session on the 8th day of June 2026.**

Given under my hand and official seal of office this date June 8, 2026.
