## November 7, 2023 CA Election

### Partial Manual Count - Data Entry for COLORADO COUNTY

- The race and precincts you are required to report on are listed below.
- For the selected race, all optical/digital scan devices used by this county are listed.
- If the optical/digital scan device was used by a precinct/polling place for Election Day voting, please provide the results of the electronic and manual counts for the selected race.

**Electronic Count:** Report all election day and early voting (in-person and by mail) totals obtained using a precinct or central scanner. **DO NOT** include any ballots that were not run through a precinct or central scanning device in this total. Add the numbers to the appropriate column labeled Early Voting By Mail Electronic County or Election Day Electronic Count.

**Partial Manual Count:** Hand count all applicable electronically tabulated votes for the assigned precincts. You should be hand counting all ballots that were counted by a precinct or central scanner. Add the numbers to the column labeled Early Voting By Mail Hand County or Election Day Hand Count.

**For Counties using DRE voting Machines for either Early Voting in Person or Election Day:** Please place zeros in the columns (Early Voting or Election Day) in which you used DREs and you did not have paper ballots that were counted using a precinct or central scanner.

**For Counties using the Texas Specific Definition of a DRE Voting System:** If your county is part of the countywide polling place program, AND you are using a paper based system (EX: ExpressVote/DS200 or Verity Duo/Verity Scan combination) for your election, please list the name of your assigned polling place in the box labeled "Alternate Precinct."

**For Counties that opted to count all of their Early Voting by Mail Ballots as part of the partial manual count:** Please contact the SOS for reporting instructions.

Counts have already been confirmed.
