Are Social Security services affected by Coronavirus (COVID-19)?

All local Social Security offices will be closed to the public for in-person service starting Tuesday, March 17, 2020. This decision protects the population we serve - older Americans and people with underlying medical conditions - and our employees during the Coronavirus (COVID-19) pandemic. However, we are still able to provide critical services. Please read our [Coronavirus \(COVID-19\)](#) information page to learn more, including how to get help from the Social Security Administration by phone and online. *
